BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2022-0105]

Cooperative Research and Development Agreement—Evaluation of Teledyne FLIR SF280HDEP

AGENCY: Coast Guard, DHS.

ACTION: Notice of intent; request for comments.

SUMMARY: The Coast Guard announces its intent to enter into a cooperative research and development agreement (CRADA) to evaluate and potentially modify target classification technology used in conjunction with electro-optical/infra-red (E.O./IR) systems. The Coast Guard is currently considering partnering with Teledyne FLIR, Inc. and solicits public comment on the possible participation of other parties in the proposed CRADA, and the nature of that

participation. The Coast Guard also invites other potential non-Federal participants, who have the interest and capability to bring similar contributions to this type of research, to consider submitting proposals for consideration in similar CRADAs.

DATES: Comments must reach the Coast Guard on or before March 24, 2022.

Synopses of proposals regarding future CRADAs must also reach the Coast Guard on or before March 24, 2022

ADDRESSES: Submit comments online at <http://www.regulations.gov> following website instructions. Submit synopses of proposals regarding future CRADAs to Mr. Jay Carey at his address listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice or wish to submit proposals for future CRADAs, contact Mr. Jay Carey, Project Official, Aviation Branch, U.S. Coast Guard Research and Development Center, 1 Chelsea Street, New London, CT 06320, telephone 860-271-2600, email RDC-info@uscg.mil.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We request public comments on this notice. Although we do not plan to publish responses to comments in the **Federal Register**, we will respond directly to commenters and may modify our proposal in light of comments.

Comments should be marked with docket number USCG-2022-0105 and should provide a reason for each suggestion or recommendation. You should provide personal contact information so that we can contact you if we have questions regarding your comments; but please note that all comments will be posted to the online docket without change and that any personal information you include can be searchable online. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>. We do accept anonymous comments.

We encourage you to submit comments through the Federal Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the Coast Guard (see **FOR FURTHER INFORMATION CONTACT**). Documents mentioned in this notice and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

Do not submit detailed proposals for future CRADAs to <http://www.regulations.gov>. Instead, submit them directly to the Coast Guard (see **FOR FURTHER INFORMATION CONTACT**).

Discussion

CRADAs are authorized under 15 U.S.C. 3710(a).¹ A CRADA promotes the transfer of technology to the private sector for commercial use, as well as specified research or development efforts that are consistent with the mission of the Federal parties to the CRADA. The Federal party or parties agree with one or more non-Federal parties to share research resources, but the Federal party does not contribute funding.

CRADAs are not procurement contracts. Care is taken to ensure that CRADAs are not used to circumvent the contracting process. CRADAs have a specific purpose and should not be confused with procurement contracts, grants, and other type of agreements.

Under the proposed CRADA, the Coast Guard's Research and Development Center (R&DC) will collaborate with one or more non-Federal participants. Together, the R&DC and the non-Federal participants will identify the capabilities, benefits, risks, and technical limitations of enhancing the SF280HD-EP to operate in support of USCG missions.

We anticipate that the Coast Guard's contributions under the proposed CRADA will include the following:

(1) In conjunction with the non-Federal participant(s), assist in developing the evaluation test plan to be executed under the CRADA;

(2) Provide the small unmanned aircraft system (SUAS) test range, test range support, facilities, and all approvals required for SUAS operation under the CRADA;

(3) Provide airborne targets, operators, and associated equipment necessary to conduct the evaluation test plan;

(4) Coordinate and receive any Unmanned Flight Clearance (UFC) for the evaluations to be executed under this CRADA, as required, to include: Privacy Threshold Analysis, Privacy Impact Assessment, Spectrum Approval with the Office of Information Assurance and Spectrum Policy (CG-65), the Federal Communications Commission (FCC), the National Telecommunications and Information Administration (NTIA) Local Range

¹ The statute confers this authority on the head of each Federal agency. The Secretary of DHS's authority is delegated to the Coast Guard and other DHS organizational elements by DHS Delegation No. 0160.1, para. II.B.34.

spectrum de-conflict/authorization entities

(5) Collaboratively collect and analyze evaluation test plan data; and

(6) Collaboratively develop a final report documenting the methodologies, findings, conclusions, and recommendations of this CRADA work.

We anticipate that the non-Federal participants' contributions under the proposed CRADA will include the following:

(1) Provide SF280HDEP system and all other equipment to conduct the evaluation described in test plan;

(2) Provide all required operators and technicians to conduct the evaluation;

(3) Provide shipment and delivery of all equipment required for the evaluation; and

(4) Provide own travel, personnel, and other expenses as required.

(5) Collaboratively collect and analyze evaluation test plan data; and

(6) Collaboratively develop a final report documenting the methodologies, findings, conclusions, and recommendations of this CRADA work.

The Coast Guard reserves the right to select for CRADA participants all, some, or no proposals submitted for this CRADA. The Coast Guard will provide no funding for reimbursement of proposal development costs. Proposals and any other material submitted in response to this notice will not be returned. Proposals submitted are expected to be unclassified and have no more than five single-sided pages (excluding cover page, DD 1494, JF-12, etc.). The Coast Guard will select proposals at its sole discretion on the basis of:

(1) How well they communicate an understanding of, and ability to meet, the proposed CRADA's goal; and

(2) How well they address the following criteria:

(a) Technical capability to support the non-Federal party contributions described; and

(b) Resources available for supporting the non-Federal party contributions described.

Currently, the Coast Guard is considering Teledyne FLIR, Inc. for participation in this CRADA, because they have a solution in place for providing E.O./IR target auto classification. However, we do not wish to exclude other viable participants from this or future similar CRADAs.

The goal of this CRADA is to evaluate the potential of modifying E.O./IR target auto classification technology. Special consideration will be given to small business firms/consortia, and preference will be given to business units located in the U.S.

This notice is issued under the authority of 5 U.S.C. 552(a) and 15 U.S.C. 3710(a).

Dated: February 16, 2022.

Daniel P. Keane,

Captain, USCG, Commanding Officer, U.S. Coast Guard Research and Development Center.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection [1651-0015]

Application for Extension of Bond for Temporary Importation (Form 3173)

AGENCY: U.S. Customs and Border Protection (CBP), Department of Homeland Security.

ACTION: 60-Day notice and request for comments; revision of an existing collection of information.

SUMMARY: The Department of Homeland Security, U.S. Customs and Border Protection will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). The information collection is published in the **Federal Register** to obtain comments from the public and affected agencies.

DATES: Comments are encouraged and must be submitted (no later than April 25, 2022) to be assured of consideration.

ADDRESSES: Written comments and/or suggestions regarding the item(s) contained in this notice must include the OMB Control Number 1651-0015 in the subject line and the agency name. Please use the following method to submit comments:

Email. Submit comments to: CBP_PRA@cbp.dhs.gov.

Due to COVID-19-related restrictions, CBP has temporarily suspended its ability to receive public comments by mail.

FOR FURTHER INFORMATION CONTACT:

Requests for additional PRA information should be directed to Seth Renkema, Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection, Office of Trade, Regulations and Rulings, 90 K Street NE, 10th Floor, Washington, DC 20229-1177, Telephone number 202-325-0056 or via email CBP_PRA@cbp.dhs.gov. Please note that the contact information provided here is solely for questions regarding this notice. Individuals

seeking information about other CBP programs should contact the CBP National Customer Service Center at 877-227-5511, (TTY) 1-800-877-8339, or CBP website at <https://www.cbp.gov/>.

SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Application for Extension of Bond for Temporary Importation.

OMB Number: 1651-0015.

Form Number: CBP Form 3173.

Current Actions: CBP proposes to extend the expiration date of this information collection and to revise this information collection to allow electronic submission via the Document Image System (DIS). There is no change to the information collected and no change to CBP Form 3173.

Type of Review: Revision.

Affected Public: Businesses.

Abstract: Imported merchandise which is to remain in the customs territory for a period of one year or less without the payment of duties with the intent to destroy or export is entered as a temporary importation of goods under bond (TIB), as authorized under the Harmonized Tariff Schedule of the United States (HTSUS) (19 U.S.C. 1202).
