

622–1978 or PRA@treasury.gov, U.S. Department of the Treasury, 1500 Pennsylvania Avenue NW, Washington, DC 20220.

SUPPLEMENTARY INFORMATION:

Request for Comment on Information Collection Proposal

Treasury invites public comment on the following:

a. Whether the proposed collection of information is necessary for the proper performance of the Federal Reserve's functions; including whether the information has practical utility;

b. The accuracy of the Federal Reserve's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this notice will be shared between the Agencies. All comments received, including attachments and other supporting materials, are part of the public record and will be included in the submission to the Office of Management and Budget (OMB).

Title: Prohibition on Funding of Unlawful Internet Gambling.

OMB Control Number: 1505–0204.

Type of Review: Extension of a currently approved collection.

General Description of Report: The Unlawful internet Gambling Enforcement Act requires the Treasury and the Federal Reserve Board (the "Agencies") to prescribe regulations requiring designated payment systems and all participants to identify and block unlawful internet gambling transactions through the establishment of reasonably designated policies and procedures. The Agencies have published a regulation that requires designated payment systems and all participants to establish and implement written policies and procedures. The share of the burden attributable the Treasury is listed below, while the share attributable to the Federal Reserve Board is accounted for under OMB Control No. 7100–0317.

Form Number: None.

Affected Public: Businesses or other for-profit and not-for-profit organizations.

Estimated Number of Respondents: 6,038.

Frequency of Response: Annually.
Estimated Total Number of Annual Responses: 6,038.

Estimated Time per Response: 8.05 hours.

Estimated Total Annual Burden Hours: 48,604.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: February 17, 2022.

Spencer W. Clark,

Treasury PRA Clearance Officer.

BILLING CODE 4810-AK-P

DEPARTMENT OF VETERANS AFFAIRS

Notice of Request for Information Regarding Veterans Outdoor Recreation

AGENCY: Department of Veterans Affairs.

ACTION: Request for information.

SUMMARY: The Department of Veterans Affairs (VA) is requesting information to assist in implementing the statutory requirements of the Veterans Comprehensive Prevention, Access to Care, and Treatment (COMPACT) Act of 2020. The COMPACT Act mandates VA to establish an interagency task force to be known as the Task Force on Outdoor Recreation for Veterans (Task Force). The Task Force will carry out its duties in consultation with appropriate veterans outdoor recreation groups, and through this request for information, VA seeks comments on various topics from these groups to help inform the work and ultimately the recommendations of the Task Force. This effort aligns with the Administration's America the Beautiful initiative, which seeks to improve opportunities for outdoor recreation and address inequitable access to nature and its benefits. Feedback from the public will also help inform the work ahead.

DATES: Comments must be received on or before March 25, 2022.

ADDRESSES: Comments may be submitted through www.regulations.gov. Comments should indicate that they are submitted in response to "Notice of Request for Information Regarding Veterans Outdoor Recreation." Comments received will be available at www.regulations.gov for public viewing, inspection or copies.

FOR FURTHER INFORMATION CONTACT: Maria D. Llorente, M.D., Deputy to the Assistant Under Secretary for Health, Patient Care Services, 12PCS, Veterans Health Administration, 810 Vermont

Avenue NW, Washington, DC 20420; 202–461–7800. This is not a toll-free telephone number.

SUPPLEMENTARY INFORMATION: Section 203 of the COMPACT Act, requires VA to establish the Task Force not later than 18 months after the date on which the national emergency declared by the President, pursuant to the National Emergencies Act (50 U.S.C. 1601 *et seq.*) with respect to the Coronavirus Disease 2019 (COVID–19), expires. The Task Force is responsible for identifying opportunities to formalize coordination between VA, public land agencies and partner organizations regarding the use of public lands and other outdoor spaces for facilitating health and wellness for veterans and their caregivers; it is also charged with identifying barriers that exist to providing veterans with opportunities to augment the delivery of services for health and wellness through the use of outdoor recreation on public lands and other outdoor spaces and developing recommendations to better facilitate the use of public lands and other outdoor spaces for promoting wellness and facilitating the delivery of health care and therapeutic interventions for veterans. The Task Force will be composed of representatives from VA; the Departments of Interior, Health and Human Services, Agriculture, Defense and Homeland Security; the Army Corps of Engineers; at least two representatives from veterans service organizations; as well as others determined appropriate by VA. The Task Force is required to carry out its duties in consultation with appropriate veterans outdoor recreation groups. These would include organizations that provide adaptive sports opportunities; those that support veterans and their families and caregivers through outdoor recreational activities; those that offer outdoor recreation and nature experiences for overall health and well-being; and those that utilize outdoor recreation as an additional strategy to cope with posttraumatic stress disorder and other psychological sequelae of military service. Section 203 defines public lands to mean any recreational lands under the jurisdiction of the Federal Government or a State or local government.

Consultation With Interested Parties

The COMPACT Act requires VA to consult with appropriate veterans outdoor recreation groups to help inform the duties of the Task Force. This request for information will facilitate the consultation required by the COMPACT Act. Responses to this

request for information will be used to inform the work of the Task Force. VA invites individuals, groups and entities to reply to the questions presented below. Commenters are encouraged to provide complete but concise responses to the questions outlined below. Please note that VA will not respond to comments or other questions regarding policies, plans, decisions or issues regarding this notice; however, VA reserves the right to choose to contact individual commenters, and such communication would serve to further clarify their written comments. Comments received in response to this notice will be evaluated and, as appropriate, incorporated into the consultation provided to the Task Force for its duties under this law.

Request for Information

To accomplish the duties of the Task Force, consistent with and pursuant to section 203 of the COMPACT Act, the Secretary seeks information on the topics and issues listed below. Each responding group is requested to submit only one response. Please provide the name of your group or organization and contact information. Commenters do not need to address every question and should focus on those that relate to their expertise or perspectives. To the extent possible, please clearly indicate which topics and issues you address in your response.

A. Identify opportunities to formalize coordination between VA, public land agencies and partner organizations regarding the use of public lands and other outdoor spaces for facilitating health and wellness for veterans (section 203(d)(1)(A)).

1. Does your group offer veterans outdoor recreational activities locally, State-wide, regionally (e.g., Southwestern United States) or nationally?

2. What types of outdoor recreational activities or experiences do you provide (e.g., hiking, fly-fishing, sailing, hunting, skiing, rafting, rock climbing, etc.)? Does your organization provide adaptive sports and recreation for veterans with disabilities? Does your organization primarily serve a local town, city or comparable unit; State, region or the entire country?

3. Do you currently conduct programs on public lands such as national forests, national parks, national wildlife refuges, national recreation areas, other Federal or State lands or public parks? What is the form of your relationship with public land managers (e.g., memorandum of understanding or agreement; permit; contract or other agreement; or something informal)?

4. Does your organization offer outdoor recreation with a focus on specific populations of veterans (e.g., women, racial/ethnic minority, LGBTQ+ (lesbian, gay, bisexual, transgender, queer, plus), seniors, disabled, etc.)?

5. Does your organization offer outdoor recreation with a focus on veterans with specific health conditions (e.g., paralyzed, spinal cord injured or other disability; visual impairments; mental illness; substance use disorders; chronic pain; etc.)? How are your staff members trained to address the needs of the veterans?

6. How many individual veterans are served by your group annually?

7. What types of outdoor recreation opportunities in public lands, specifically designed to enhance the overall health and wellness of veterans, would you like to see (provide a short description in 2–3 sentences)?

8. Does your group charge veterans fees to participate? Is your group registered in the System for Award Management (www.sam.gov)?

9. Does your group employ veterans to work with other veterans in these outdoor recreation activities?

10. Does your group include the families or caregivers of veterans in the recreational activities?

11. Does your group incorporate spiritual care as a component of the outdoor recreation experience?

12. Does your group utilize or include animals in outdoor activities (e.g., equine therapy, service animals, etc.)? If so, please describe (provide a short description in 2–3 sentences).

13. How does your group communicate and execute outreach to veterans and/or their families and caregivers about your outdoor recreation activities?

14. Are you currently coordinating your outdoor recreation activities with a local VA medical facility or a local adaptive sports program that receives funding through VA's Grants for Adaptive Sports Programs for Disabled Veterans and Disabled Members of the Armed Forces Program? If not, have you tried to do so? If so, how were you able to do so (for example, a memorandum of understanding, grant, through volunteer services, etc.)?

15. How do you manage physical and emotional risks of veteran participants during program activities? How do you ensure safety? Is there any type of technical assistance or training that Federal agencies could offer to support your mission?

16. What tools do you use to evaluate the effectiveness of your program and veteran experiences with your program?

17. What outcomes has your program accomplished? Please describe.

18. How can coordination between VA and public land agencies or managers be strengthened? Are there examples that could be used as a model?

19. Does your organization have corporate sponsorships or partner with the sports or recreation industry? If so, how did you develop those relationships?

B. Identify barriers that exist to providing veterans with opportunities to augment the delivery of services for health and wellness through the use of outdoor recreation on public lands and other outdoor spaces (section 203(d)(1)(B)).

1. What barriers have you experienced that make it challenging to provide veterans with outdoor recreation opportunities to augment their health and wellness with respect to public lands managed by the Federal Government? What specific measures would address these barriers and make nature-based or outdoor recreation programs more available on Federal public lands?

2. What barriers have you experienced that make it challenging to provide veterans with outdoor recreation opportunities to augment their health and wellness with respect to public lands managed by State governments? What specific measures would make nature-based or outdoor recreation programs more available on State public lands?

3. What barriers have you experienced that make it challenging to provide veterans with outdoor recreation opportunities to augment their health and wellness with respect to public lands managed by local governments? What specific measures would make nature-based or outdoor recreation programs more available on local public lands?

4. Are there other barriers that you or the veterans you serve have encountered that interfere with veterans' access to public lands?

5. Do you offer adaptive equipment for disabled veterans (e.g., recumbent bicycles, hand cycles, sit-skis, etc.)? If yes, what type?

6. Are veterans required to sign liability waivers to participate in your activities?

7. Are there recreation activities/experiences your organization would like to offer but is currently unable to do so? If so, what are these activities, and what prevents you from being able to offer them?

C. Develop recommendations to better facilitate the use of public lands and other outdoor spaces for promoting

wellness and facilitating the delivery of health care and therapeutic interventions for veterans (section 203(d)(1)(C)).

1. What specific actions could the Task Force consider to better facilitate the use of public lands for promoting wellness to veterans?

2. Which health and therapeutic interventions for veterans should be prioritized and why?

3. How can VA and other Federal agencies better communicate the various types of programs that exist to support and facilitate veteran participation in wellness activities using public lands?

4. What type of research should VA and other Federal agencies carry out to address gaps in the evidence base on health outcomes related to outdoor recreation activities for veterans?

5. Is there any type of training or technical assistance that Federal agencies could provide to your organization to enhance or facilitate your group's ability to offer outdoor recreational activities and experiences to veterans and their families and caregivers?

6. Do you have any other suggestions or comments to facilitate the use of public lands by veterans and their families and caregivers? If so, please share them.

Signing Authority: Denis McDonough, Secretary of Veterans Affairs, approved this document on January 27, 2022 and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs.

Luvenia Potts,

Regulation Development Coordinator, Office of Regulation Policy & Management, Office of General Counsel, Department of Veterans Affairs.

BILLING CODE 8320-01-P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA), National Cemetery Administration (NCA).

ACTION: Notice of a modified system of records.

SUMMARY: Pursuant to the Privacy Act of 1974, notice is hereby given that the Department of Veterans Affairs (VA) is updating the system of records in its inventory entitled, "Veterans and Dependents National Cemetery

Gravesite Reservation Records" VA (41VA41). This system contains information related to Veterans and their dependents who have made gravesite reservations with the National Cemetery Administration (NCA). VA is amending the system of records by revising the Purpose, Routine Uses of Records Maintained in the System, Safeguards, and Notification Procedure. VA is republishing the system notice in its entirety.

DATES: Comments on this modified system of records must be received no later than 30 days after date of publication in the **Federal Register**. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by VA, the modified system of records will become effective a minimum of 30 days after date of publication in the **Federal Register**. If VA receives public comments, VA shall review the comments to determine whether any changes to the notice are necessary.

ADDRESSES: Comments may be submitted through www.Regulations.gov or mailed to VA Privacy Service, 810 Vermont Avenue NW, (005R1A), Washington, DC 20420. Comments should indicate that they are submitted in response to "Veterans and Dependents National Cemetery Gravesite Reservation Records VA", (41VA41). Comments received will be available at regulations.gov for public viewing, inspection or copies.

FOR FURTHER INFORMATION CONTACT: Lakisha Wright, National Cemetery Administration (NCA) Privacy Officer (43E), Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, telephone (202) 632-7216 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The system of records is in accordance with the Privacy Act requirement that agencies publish their amended system of records in the **Federal Register** when there is revision, change, or addition. VA's Office of National Cemetery Administration (NCA) has reviewed its systems of records notices and has determined its record system, "Veterans and Dependents National Cemetery Interment Records VA" (41VA41), should be amended to reflect evolving technology and procedures and to conform to current practice. The system of records is adding a Purpose Section. The Purpose Section more fully explains the mission of the National Cemetery Administration. The Safeguard section is being amended to list specific standards that will be applied to protect sensitive personal

information. The Notification Procedures in the System is amended to reflect any individual who wishes to access information within system may submit a written request to the Privacy Officer. The purpose of the system of records includes but is not limited to providing a repository for military, personal, and administrative information that is collected, retrieved, and disclosed to authorized individuals related to pre-need eligibility determinations for burial in a VA national cemetery. Information contained in this system of records may also be used as an aggregate, non-personally identifiable set to track, evaluate, and report on local and national benefits initiatives, such as cemetery development and emerging burial needs. Information in this proposed system of records will be protected from unauthorized access through administrative, physical, and technical safeguards. Access to the hard copy and computerized information will be restricted to VA employees and VA contractors by means of PIV card and PIN, and/or passwords. Hard copy records will be maintained in offices that are restricted by cypher locks during work hours and locked after duty hours with security camera surveillance of the office area and facility. The VA facility is located in GSA-leased office space and is under the protection of the Department of Homeland Security.

VA is proposing the following routine use disclosures of information to be maintained in the system:

Congress: To a Member of Congress or staff acting upon the Member's behalf when the Member or staff requests the information on behalf of, and at the request of, the individual who is the subject of the record.

Data breach response and remediation, for VA: To appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that there has been a breach of the system of records, (2) VA has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, VA (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with VA's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

Data breach response and remediation, for Another Federal agency: To another Federal agency or Federal entity, when VA determines that the information from this system of
