

(B) Clearing Agency's Statement on Burden on Competition

OCC does not believe that the proposed rule change would have any impact or impose any burden on competition.⁶⁴ The proposed modifications to OCC's governance arrangements would not unfairly inhibit access to OCC's services or disadvantage or favor any particular user in relationship to another user because they relate to the governance structure of OCC, which affects all users, and do not relate directly to any particular service or particular use of OCC's facilities. Accordingly, OCC does not believe that these proposed changes would have any impact between or among clearing agencies, Clearing Members, or other market participants.

For the foregoing reasons, OCC believes that the proposed rule change is in the public interest, would be consistent with the requirements of the Exchange Act applicable to clearing agencies, and would not have any impact or impose a burden on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were not and are not intended to be solicited with respect to the proposed rule change and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

OCC shall post notice on its website of proposed changes that are implemented. The proposal shall not take effect until all regulatory actions required with respect to the proposal are completed.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing,

including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-OCC-2022-002 on the subject line.

Paper Comments

- Send paper comments in triplicate to Vanessa Countryman, Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-OCC-2022-002. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of OCC and on OCC's website at <https://www.theocc.com/Company-Information/Documents-and-Archives/By-Laws-and-Rules>.

All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-OCC-2022-002 and should be submitted on or before March 18, 2022.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶⁵

J. Matthew DeLesDernier,

Assistant Secretary.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket #FAA-2022-0204]

Notice of Funding Opportunity

AGENCY: Federal Aviation Administration (FAA).

ACTION: Notice of funding opportunity.

SUMMARY: The Department of Transportation (DOT), Federal Aviation Administration (FAA) announces the opportunity to apply for approximately \$1 billion in FY 2022 discretionary funds for the newly established Airport Terminal Program (ATP), made available under the Infrastructure Investment and Jobs Act of 2021 (IIJA), Public Law 117-58, herein referred to as the Bipartisan Infrastructure Law (BIL). The purpose of the ATP is to make annual grants available to eligible airports for airport terminal development projects that address the aging infrastructure of the nation’s airports. In addition, ATP grants will align with DOT’s Strategic Framework FY2022-2026 at www.transportation.gov/administrations/office-policy/fy2022-2026-strategic-framework. The FY 2022 ATP will be implemented, as appropriate and consistent with law, in alignment with the priorities in Executive Order 14052, Implementation of the Infrastructure Investments and Jobs Act (86 FR 64355), which are to

invest efficiently and equitably, promote the competitiveness of the U.S. economy, improve job opportunities by focusing on high labor standards, strengthen infrastructure resilience to all hazards including climate change, and to effectively coordinate with State, local, Tribal, and territorial government partners.

DATES: Airport sponsors that wish to be considered for FY 2022 ATP discretionary funding should submit an application that meets the requirements of this NOFO as soon as possible, but no later than 5:00 p.m. Eastern time, March 28, 2022. Submit applications electronically at www.faa.gov/bil/airport-terminals per instructions in this NOFO.

FOR FURTHER INFORMATION CONTACT: BIL Implementation Team, FAA Office of Airports, at our FAA BIL email address: 9-ARPA-BILAirports@faa.gov or Robin K. Hunt at 202-267-3263.

A. Program Description

BIL established the ATP, a competitive discretionary grant program, which provides approximately \$1 billion in grant funding annually for five years (Fiscal Years 2022-2026) to upgrade, modernize, and rebuild our nation’s airport terminals and sponsor-owned Airport Traffic Control Towers (ATCTs). This includes bringing airport facilities into conformity with current standards; constructing, modifying, or expanding facilities as necessary to meet demonstrated aeronautical demand; enhancing environmental sustainability; encouraging actual and potential competition; and providing a balanced system of airports to meet the roles and functions necessary to support civil aeronautical demand. This program also supports the President’s goals to mobilize American ingenuity to build modern infrastructure and an equitable, clean energy future. In support of Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government* (86 FR 7009), the FAA encourages applicants to consider how the project will address the challenges faced by individuals in underserved communities and rural areas.

The ATP falls under the project grant authority for the Airport Improvement Program (AIP) in 49 United States Code (U.S.C.) § 47104. Per 2 Code of Federal Regulations (CFR) Part 200—*Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* the AIP Federal Assistance Listings Number is 20.106, with the objective to assist eligible

airports in the development and improvement of a nationwide system that adequately meets the needs of civil aeronautics. The FY 2022 ATP will be implemented, as appropriate and consistent with BIL, in alignment with the priorities in Executive Order 14052, *Implementation of the Infrastructure Investments and Jobs Act* (86 FR 64355), which are to invest efficiently and equitably, promote the competitiveness of the U.S. economy, improve opportunities for good-paying jobs with the free and fair choice to join a union by focusing on high labor standards, strengthen infrastructure resilience to all hazards including climate change, and to effectively coordinate with State, local, Tribal, and territorial government partners.

Consistent with statutory criteria and Executive Order 14008, *Tackling the Climate Crisis at Home and Abroad* (86 FR 7619), the FAA also seeks to fund projects under the ATP that reduce greenhouse gas emissions and are designed with specific elements to address climate change impacts. Specifically, the FAA is looking to award projects that align with the President’s greenhouse gas reduction goals, promote energy efficiency, support fiscally responsible land use and transportation efficient design, support terminal development compatible with the use of sustainable aviation fuels and technologies, increase climate resilience, incorporate sustainable pavement and construction materials as allowable, and reduce pollution.

B. Federal Award Information

The ATP is a \$5 billion grant program, distributed as approximately \$1 billion annually for five years (Fiscal Years 2022, 2023, 2024, 2025, and 2026), subject to annual allocations limitations based on airport roles found in the published National Plan of Integrated Airport Systems (NPIAS), as updated with current year data. In general, the \$5 billion in ATP grant funding is subject to the following annual award allocation limitations: Not more than 55% shall be for large hub airports, not more than 15% shall be for medium hub airports, not more than 20% shall be for small hub airports, and not less than 10% shall be for nonhub and nonprimary airports.

The FAA will consider projects that increase capacity and passenger access; projects that replace aging infrastructure; projects that achieve compliance with the Americans with Disabilities Act (42 U.S.C. 12101, *et seq.*) and expand accessibility for persons with disabilities; projects that
