SUPPLEMENTARY INFORMATION:**Background**

On February 10, 2000, Commerce published in the **Federal Register** an antidumping duty order on certain cut-to-length carbon-quality steel plate products (CTL plate) from the Republic of Korea (Korea).¹ On February 2, 2021, we published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On April 1, 2021, based on timely requests for an administrative review Commerce initiated the administrative review of four companies.³

events between the initiation of this review and these preliminary results, see the Preliminary Decision Memorandum.⁵

Scope of the Order

The products covered by this *Order* are certain CTL plate from Korea. A full description of the scope of the order is contained in the Preliminary Decision Memorandum.⁶

Methodology

Commerce is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Rates for Respondents Not Selected for Individual Examination

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section

Preliminary Results of the Antidumping Duty Administrative Review; 2020–2021,” dated October 14, 2021.

⁵ See Memorandum, “Certain Cut-to-Length Carbon-Quality Steel Plate Products from the Republic of Korea: Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review; 2020–2021,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁶ See Preliminary Decision Memorandum at “Scope of the *Order*.”

735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

In this review, we have preliminarily calculated a weighted-average dumping margin for the mandatory respondent, Hyundai Steel Company (Hyundai Steel) that is not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, Commerce preliminarily has assigned to the companies not individually examined, listed in the chart below, a margin of 6.09 percent based on Hyundai Steel’s calculated weighted-average dumping margin.

Preliminary Results of the Administrative Review

We preliminarily determine that the following weighted-average dumping margins exist for the respondents for the period February 1, 2020, through January 31, 2021:

Producer/exporter	Weighted-average dumping margin (percent)
Hyundai Steel Company	6.09

REVIEW-SPECIFIC AVERAGE RATE APPLICABLE TO THE FOLLOWING COMPANIES

Exporter/producer	Weighted-average dumping margin (percent)
BDP International	6.09
Dongkuk Steel Mill Co., Ltd	6.09
Sung Jin Steel Co., Ltd	6.09

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹² If a respondent’s weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer’s examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹³ If the respondent’s

weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*.¹⁴ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁵

For entries of subject merchandise during the POR produced by Hyundai Steel for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁶

For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries at the rates at the rates established after the completion of the final results of review.

We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication in the **Federal Register** of the notice of final results of this review for all shipments of CTL plate from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for companies subject to this review will be equal to the weighted-average dumping margins established in the final results of the review; (2) for merchandise exported by companies not

covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 0.98 percent,¹⁷ the all-others rate established in the LTFV investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanctions.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(4).

Dated: February 22, 2022.

Lisa W. Wang,
Assistant Secretary for Enforcement and Compliance.
