

received through the website will waive any CBI claims for the information submitted. For information on submitting CBI, see the Confidential Business Information section.

DOE processes submissions made through [www.regulations.gov](http://www.regulations.gov) before posting. Normally, comments will be posted within a few days of being submitted. However, if large volumes of comments are being processed simultaneously, your comment may not be viewable for up to several weeks. Please keep the comment tracking number that [www.regulations.gov](http://www.regulations.gov) provides after you have successfully uploaded your comment.

**Submitting comments via email.** Comments and documents submitted via email also will be posted to [www.regulations.gov](http://www.regulations.gov). If you do not want your personal contact information to be publicly viewable, do not include it in your comment or any accompanying documents. Instead, provide your contact information in a cover letter. Include your first and last names, email address, telephone number, and optional mailing address. The cover letter will not be publicly viewable as long as it does not include any comments.

Include contact information each time you submit comments, data, documents, and other information to DOE. No faxes will be accepted.

Comments, data, and other information submitted to DOE electronically should be provided in PDF (preferred), Microsoft Word or Excel, WordPerfect, or text (ASCII) file format. Provide documents that are not secured, that are written in English, and that are free of any defects or viruses. Documents should not contain special characters or any form of encryption and, if possible, they should carry the electronic signature of the author.

**Campaign form letters.** Please submit campaign form letters by the originating organization in batches of between 50 to 500 form letters per PDF or as one form letter with a list of supporters' names compiled into one or more PDFs. This reduces comment processing and posting time.

**Confidential Business Information.** Pursuant to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email two well-marked copies: one copy of the document marked "confidential" including all the information believed to be confidential, and one copy of the document marked "non-confidential" with the information believed to be confidential deleted. DOE will make its own determination about

the confidential status of the information and treat it according to its determination.

It is DOE's policy that all comments may be included in the public docket, without change and as received, including any personal information provided in the comments (except information deemed to be exempt from public disclosure).

#### SUPPLEMENTARY INFORMATION:

##### Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System (NAS).

### Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2022-0110; Airspace Docket No. 22-AAL-7) and be submitted in triplicate to the Docket Management Facility (see **ADDRESSES** section for address and phone number). You may also submit comments through the internet at <https://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2022-0110; Airspace Docket

No. 22-AAL-7." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified comment closing date will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

### Availability of NPRM

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at [https://www.faa.gov/air\\_traffic/publications/airspace\\_amendments/](https://www.faa.gov/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of

the Operations Support Group, Western Service Center, Federal Aviation Administration, 2200 South 216th St., Des Moines, WA 98198.

### Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### Background

The FAA provided notice to the public that the FAA would be conducting an aeronautical study of the proposal to decommission the Yukon River, AK, (FTO) NDB in Fort Yukon, AK in July 2021. The high cost to operate and maintain FTO were the main factors behind this consideration to decommission the NDB. The FAA conducted a non-rulemaking study in accordance with FAA Order JO 7400.2, Procedures for Handling Airspace Matters. As a result of the study, the FAA did not receive any objections to the removal of the NDB along with the supported airway.

Colored Federal airway Blue 26 (B-26) is dependent upon FTO and navigates between the Fort Yukon Airport (FYU), Alaska and the Ladd Army Airfield Airport (FBK), Alaska. The decommissioning of FTO would result in B-26 being unusable. The current mitigation to the proposed revocation of B-26 is to utilize VHF Omnidirectional Radar (VOR) Federal airway V-301 and Colored Federal airway Amber 17 (A-17). Future mitigation is also in the plans to provide a United States Area Navigation route as an additional option.

### The Proposal

The FAA is proposing an amendment to 14 CFR part 71 to revoke Colored Federal airway B-26 due to the decommissioning of FTO. B-26 currently navigates between the Chena, AK, (CUN) NDB and FTO. The FAA proposes to revoke Colored Federal airway B-26 in its entirety.

Colored Federal airways are published in paragraph 6009(d) of FAA Order JO 7400.11F dated August 10, 2021 and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Colored Federal airway listed in this document would be

published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

### Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

#### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

### Reopening of Comment Period for Reporting of Securities Loans

**AGENCY:** Securities and Exchange Commission.

**ACTION:** Proposed rule; reopening of comment period.

**SUMMARY:** On November 18, 2021, the Securities and Exchange Commission issued for comment a proposed rule under the Securities Exchange Act of 1934 (“Exchange Act”) in Release No. 34-93613 (Nov. 18, 2021), 86 FR 69802 (Dec. 8, 2021) regarding the reporting of securities loans. The Commission is reopening the comment period for the proposed rule in light of the proposed Exchange Act rule regarding short sale disclosure. In particular, the Commission is soliciting comment on any potential effects of the proposed Exchange Act rule regarding short sale disclosure that the Commission should consider in determining whether to adopt the proposed Exchange Act rule regarding the reporting of securities loans.

**DATES:** The comment period for the proposed rule published in the **Federal Register** on December 8, 2021, at 86 FR 69802, is reopened. Comments should be received on or before April 1, 2022.

**ADDRESSES:** Comments may be submitted by any of the following methods:

#### Electronic Comments

- Use the Commission’s internet comment form (<http://www.sec.gov/rules/submitcomments.htm>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number S7-18-21 on the subject line.

#### Paper Comments

- Send paper comments to Vanessa A. Countryman, Secretary, Securities

and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number S7-18-21. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method of submission. The Commission will post all comments on the Commission’s website (<http://www.sec.gov/rules/proposed.shtml>). Comments are also available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10 a.m. and 3 p.m. Operating conditions may limit access to the Commission’s Public Reference Room. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly.

Studies, memoranda, or other substantive items may be added by the Commission or staff to the comment file during this rulemaking. A notification of the inclusion in the comment file of any such materials will be made available on our website. To ensure direct electronic receipt of such notifications, sign up through the “Stay Connected” option at [www.sec.gov](http://www.sec.gov) to receive notifications by email.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

In November 2021, the Commission issued for comment proposed 17 CFR 240.10c-1 (“Rule 10c-1”), Reporting of Securities Loans, under the Exchange Act.<sup>1</sup> The proposed rule is designed to increase the transparency and efficiency of the securities lending market by requiring any person that loans a security on behalf of itself or another person to report the material terms of those securities lending transactions and related information regarding the securities the person has on loan and

available to loan to a registered national securities association (“RNSA”).<sup>2</sup> The comment period for proposed Rule 10c-1 ended on January 7, 2022.

## II. Reopening of Comment Period

On February 25, 2022, the Commission proposed 17 CFR 240.13f-2 (“Rule 13f-2”)<sup>3</sup> which is designed to provide greater transparency through the publication of short sale related data to investors and other market participants. Proposed Rule 13f-2 and related Proposed Form SHO would require that institutional money managers<sup>4</sup> file via the Commission’s Electronic Data Gathering, Analysis, and Retrieval System (EDGAR), on a monthly basis, certain short sale related data, some of which would be aggregated and made public.<sup>5</sup>

The Commission is reopening the comment period for proposed Rule 10c-1 so that commenters may consider whether there would be any effects of proposed Rule 13f-2 that the Commission should consider in connection with proposed Rule 10c-1.

The Commission is reopening the comment period for proposed Rule 10c-1 Reporting of Securities Loans<sup>6</sup> until April 1, 2022.

By the Commission.

Dated: February 25, 2022.

**Eduardo A. Aleman,**

Deputy Secretary.

[FR Doc. 2022-04384 Filed 3-1-22; 8:45 am]

BILLING CODE 8011-01-P

<sup>2</sup> Proposed Rule 10c-1 would also require the RNSA to publicly disseminate certain information.

<sup>3</sup> Short Position and Short Activity Reporting by Institutional Investment Managers, Exchange Act Release 94313, Feb. 25, 2022.

<sup>4</sup> As defined in Section 13(f)(6)(A) of the Exchange Act and for purposes of proposed Rule 13f-2, “institutional investment manager” includes any person, other than a natural person, investing in or buying and selling securities for its own account, and any person exercising investment discretion with respect to the account of another person. 15 U.S.C. 78m(f)(6)(A).

<sup>5</sup> In addition to proposed Rule 13f-2 and proposed Form SHO, the Commission proposed: (i) Rule 205, which would establish a new “buy to cover” order marking requirement for certain purchase orders; and (ii) proposed amendments to the national market system plan governing the Consolidated Audit Trail (“CAT”), which would require CAT reporting firms to report “buy to cover” order marking information and reliance on the bona fide market making exception in the Commission’s short sale rules.
