

the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for comment in the **Federal Register** on September 9, 2021.⁹ The 180th day after publication of the proposed rule change is March 8, 2022. The Commission is extending the time period for approving or disapproving the proposed rule change for an additional 60 days.

The Commission finds that it is appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change and the issues raised in any comments submitted in connection therewith. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,¹⁰ designates May 7, 2022, as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR-NASDAQ-2021-066), as modified by Amendment No. 1.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Dated: February 25, 2022.

Jill M. Peterson,
Assistant Secretary.

Federal Aviation Administration

[Docket No. FAA-2021-0984]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Application for Pilot School Certification

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of

information was published on October 26, 2021. The collection involves filling out the Application for a Pilot School Certification form and submitting this form to the Federal Aviation Administration (FAA). The information to be collected is necessary because Title 14 Code of the Federal Regulations (CFR), part 141, requires an applicant for a pilot school to receive the FAA Administrator's approval for the issuance of a pilot school certificate. We have revised the name of this information collection for consistency with FAA form 8420-8, Application for Pilot School Certification. We have also updated the number of pilot schools.

DATES: Written comments should be submitted by April 4, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Jean Hardy by email at: jean.hardy@faa.gov; phone: (207) 298-7287.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120-0009.

Title: Application for Pilot School Certification.

Form Numbers: 8420-8.

Type of Review: This is a renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on October 26, 2021 (86 FR 59265). The information on FAA Form 8420-8, Application for Pilot School Certification, is required from applicants who wish certification as a pilot school with the associated ratings, or who wish to renew their pilot school certification. On previous renewals, the title of this information collection and notice was "Pilot Schools—FAR 141". We have revised the name of this information collection as the term "FAR" is no longer used to reference

aviation regulations. Because of this change, and to add clarity, we are using the name of the FAA form 8420–8, Application for Pilot School Certification. Pilot schools are mandated to report information to the FAA and to keep specific records. Pilot schools train private, commercial, flight instructor, and airline transport pilots, along with training for associated ratings in various types of aircraft. The FAA form 8420–8 is necessary to assure continuing compliance with part 141, renewal of pilot school certificates every 24 months, and for any amendments to pilot school certificates.

The FAA is also making a burden adjustment to the number of pilot schools. Currently, this number is 527. We estimate 31 new applications for an original certification annually from applicants for a pilot school certificate. We estimate 263 applications for renewal annually. This figure represents approximately half of the current 527 certificated pilot schools.

Respondents: Respondents include new applications, renewals of the pilot school certification, and amendments to an existing pilot school.

Frequency: Every 24 months certificated pilot schools must renew their pilot school certification.

Estimated Average Burden per Response: We anticipate 31 new applications at a rate of 0.5 hours for a total of 15.5 hours. We also anticipate 263 applications for renewals at a rate of 0.5 hours for a total of 131.5 hours. Additionally, we estimate 20 applications for an amendment to their pilot school certificate at a rate of 0.5 hours for a total burden of 10.0 hours.

Estimated Total Annual Burden: We anticipate a total annual burden of 27,740 hours.

Issued in Washington, DC, on February 28, 2022.

Dwayne C. Morris,

Project Manager, Flight Standards Service, General Aviation and Commercial Division.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2021–0096]

Agency Information Collection Activities; Renewal of an Approved Information Collection: Electronic Logging Device (ELD) Vendor Registration

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Federal Motor Carrier Safety Administration (FMCSA) announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval and invites public comment. FMCSA requests approval to renew an ICR titled, “Electronic Logging Device (ELD) Vendor Registration.” This ICR is necessary for ELD vendors to register their ELDs with the Agency.

DATES: Comments on this notice must be received on or before April 4, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Jose R. Cestero, Vehicle and Roadside Operations Division, Department of Transportation, Federal Motor Carrier Safety Administration, 6th Floor, West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001. Telephone: 202–366–5541; Email Address: jose.cestero@dot.gov. Office hours are from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

SUPPLEMENTARY INFORMATION: *Title:* Electronic Logging Device (ELD) Vendor Registration.

OMB Control Number: 2126–0062.

Type of Request: Renewal of a currently approved information collection.

Respondents: ELD vendors.

Estimated Number of Respondents: 75.

Estimated Time per Response: 15 minutes.

Expiration Date: March 31, 2022.

Frequency of Response: On occasion.

Estimated Total Annual Burden: 150 hours [75 respondents × 2 devices per respondent × 4 updates per device × 15 minutes per response].

Background

49 CFR part 395, subpart B establishes minimum performance and design standards for hours-of-service (HOS) ELDs; requirements for the mandatory use of these devices by drivers currently required to prepare HOS records of duty status (RODS); requirements concerning

HOS supporting documents; and measures to address concerns about harassment resulting from the mandatory use of ELDs.

To ensure consistency among ELD vendors and devices, detailed functional specifications were published as part of the December 2015 final rule (Dec. 16, 2015, 80 FR 78292). Each ELD vendor developing an ELD technology must register online at a secure FMCSA website where the ELD provider can securely certify that its ELD is compliant with the functional specifications. Each ELD vendor must certify that each ELD model and version has been sufficiently tested to meet the functional requirements in the rule under the conditions in which the ELD would be used.

ELD vendors must self-certify and register their devices with FMCSA online via Form MCSA–5893, “Electronic Logging Device (ELD) Vendor Registration and Certification.” FMCSA expects 100% of respondents to submit their information electronically. Once completed, FMCSA issues a unique identification number that the ELD vendor will embed in their device(s). FMCSA maintains a list on its website of the current ELD vendors and devices that have been certified (by the vendors) to meet the functional specifications. The information is necessary for fleets and drivers to easily find a compliant ELD for their use in complying with the FMCSA regulation requiring the use of ELDs.

On October 14, 2021, FMCSA published a notice in the **Federal Register** with a 60-day public comment period to announce this request to renew the information collection (86 FR 57249). The Agency received no comments in response to the notice.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for FMCSA to perform its functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.

Issued under the authority delegated in 49 CFR 1.87.

Thomas P. Keane,

Associate Administrator for Research, Technology and Registration.
