

and analysis on the prevalence of COVID-19 misinformation on individual platforms including exactly how many users saw or may have been exposed to instances of COVID-19 misinformation.

b. Any aggregate data and analysis on how many users were exposed, were potentially exposed, or otherwise engaged with COVID-19 misinformation.

i. Exposure is defined as seeing content in newsfeeds, in search results, or algorithmically nominated content.

ii. Potential exposure is the exposure users would have had if they could see all the content that is eligible to appear within their newsfeeds.

iii. Engagement includes the clicking or viewing of content, as well as reacting. Sharing is the act of sharing a piece of pre-existing content within social media.

c. Any aggregate data broken down by demographics on groups or populations who may have been differentially exposed to or impacted by COVID-19 misinformation.

4. Information about COVID-19 misinformation policies on individual technology platforms.

a. Any aggregate data and analysis of technology platform COVID-19 misinformation policies including implementation of those policies and evaluations of their effectiveness.

5. Information about sources of COVID-19 misinformation.

a. Information about the major sources of COVID-19 misinformation associated with exposure.

i. By source we mean both specific, public actors that are providing misinformation, as well as components of specific platforms that are driving exposure to information.

6. Information about COVID-19 misinformation from sources engaged in the sale of unproven COVID-19 products or services (e.g., prescriptions for unapproved or unauthorized drugs, sales of alternative cures, or sales of other unapproved or unauthorized COVID-19 medical products), or other money-making models.

Information About Impacted Communities

7. Information about how COVID-19 misinformation has impacted individuals and communities.

a. Information about how COVID-19 misinformation has impacted organizations that serve communities directly through service (e.g., libraries and food banks), and community-based organizations that are faith-based or provide affinity to communities (e.g., clubs and sororities or fraternities).

b. Information about how COVID-19 misinformation has impacted community members: Individuals and families.

IV. How To Submit Your Response

To facilitate review of your responses, please reference the subject of the RFI in your response. You may respond to some or all of the topic areas covered in the RFI, and you can suggest other factors or relevant questions. You may also include links to online material or interactive presentations. If including data sets, please make the data available in a downloadable, machine-readable format with accompanying metadata.

Please note that this is a request for information (RFI) only. In accordance with the implementing regulations of the Paperwork Reduction Act of 1995 (PRA), specifically 5 CFR 1320.3(h)(4), this general solicitation is exempt from the PRA. Facts or opinions submitted in response to general solicitations of comments from the public, published in the **Federal Register** or other publications, regardless of the form or format thereof, provided that no person is required to supply specific information pertaining to the commenter, other than that necessary for self-identification, as a condition of the agency's full consideration, are not generally considered information collections and therefore not subject to the PRA.

This RFI is issued solely for information and planning purposes; it does not constitute a Request for Proposal (RFP), applications, proposal abstracts, or quotations. This RFI does not commit the U.S. Government to contract for any supplies or services or make a grant award. Further, we are not seeking proposals through this RFI and will not accept unsolicited proposals. We note that not responding to this RFI does not preclude participation in any future procurement, if conducted. It is the responsibility of the potential responders to monitor this RFI announcement for additional information pertaining to this request.

HHS may or may not choose to contact individual responders. Such communications would be for the sole purpose of clarifying statements in written responses. Contractor support personnel may be used to review responses to this RFI. Responses to this notice are not offers and cannot be accepted by the Government to form a binding contract or issue a grant. Information obtained as a result of this RFI may be used by the Government for program planning on a non-attribution basis. This RFI should not be construed as a commitment or authorization to

incur cost for which reimbursement would be required or sought. All submissions become U.S. Government property; they will not be returned, and we may publish some of their content.

Dated: March 2, 2022.

Max Lesko,

Chief of Staff, Office of the Surgeon General.
