## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket Number USTR-2022-0002]

### Request for Comments on the Proposed Fair and Resilient Trade Pillar of an Indo-Pacific Economic Framework

**AGENCY:** Office of the United States  
Trade Representative.

**ACTION:** Notice.

**SUMMARY:** On October 27, 2021, President Biden announced that the United States would explore the development of an Indo-Pacific Economic Framework (IPEF) to deepen economic relations in the Indo-Pacific region and coordinate approaches to addressing global economic challenges. The Secretary of Commerce and the U.S. Trade Representative will co-chair the U.S. team leading the IPEF negotiations. The Office of the United States Trade Representative (USTR) will lead the IPEF's pillar on Fair and Resilient Trade, and the Department of Commerce will lead the IPEF's pillars on: (1) Supply Chain Resiliency; (2) Clean Energy, Decarbonization, and Infrastructure; and (3) Taxation and Anti-Corruption. Accordingly, USTR is seeking public comments on matters relevant to the Fair and Resilient Trade pillar, including U.S. interests and priorities, in order to develop U.S. negotiating objectives and positions and identify potential partners.

**DATES:** The deadline for the submission of written comments is April 11, 2022.

**ADDRESSES:** You should submit written comment through the Federal eRulemaking Portal: <https://www.regulations.gov> (*Regulations.gov*). Follow the instructions for submissions in parts II and III below. For procedural questions concerning written comments, please contact Spencer Smith at [Spencer.L.Smith2@ustr.eop.gov](mailto:Spencer.L.Smith2@ustr.eop.gov) or (202) 395-2974 in advance of the deadline and before transmitting a comment.

**FOR FURTHER INFORMATION CONTACT:** Direct all other questions to Colette Morgan, Director for Southeast Asia and the Pacific, at [Colette.M.Morgan@ustr.eop.gov](mailto:Colette.M.Morgan@ustr.eop.gov) or (202) 395-9535.

**SUPPLEMENTARY INFORMATION:**

### I. Background

On October 27, 2021, President Biden announced that the United States would explore the development of an IPEF that will contain multiple pillars covering key areas of interest, including fair and resilient trade. Negotiating an agreement under the Fair and Resilient Trade pillar is an important step towards strengthening U.S. economic engagement in the Indo-Pacific region and promoting durable, broad-based economic growth. Under the Fair and Resilient Trade pillar, the Administration aims to develop high-standard, worker-centered commitments in the following areas:

- Labor
- Environment and climate
- Digital economy
- Agriculture
- Transparency and good regulatory practices
- Competition policy
- Trade facilitation

The United States will build upon high-standard trade commitments and develop new approaches in trade policy to advance a broad set of worker-centered priorities, and promote durable, broad-based economic growth. At this time, the Administration is not seeking to address tariff barriers.

### II. Public Comment

The Trade Policy Staff Committee (TPSC) invites interested parties to submit comments to assist USTR as it develops negotiating objectives and positions for the IPEF trade pillar. In particular, the TPSC invites interested parties to comment on issues that USTR should address in the negotiations, including the following:

1. General negotiating objectives for the proposed agreement.
2. Labor-related matters.
3. Environment and climate-related matters.
4. Digital economy-related matters.
5. Agriculture-related matters.
6. Transparency and good regulatory practice issues.
7. Competition-related matters.
8. Customs and trade facilitation issues.
9. Issues of particular relevance to small and medium-sized businesses that should be addressed in the negotiations.
10. Other measures or practices, including those of third-country entities, which undermine fair market opportunities for U.S. workers, farmers, ranchers, and businesses.

USTR requests small businesses (generally defined by the Small Business Administration as firms with fewer than 500 employees) or

organizations representing small business members that submit comments to self-identify as such, so that USTR is aware of issues of particular interest to small businesses.

### III. Requirements for Submissions

Persons submitting written comments must do so in English and must identify on the first page of the submission 'Comments Regarding Fair and Resilient Trade Pillar'. The submission deadline is April 11, 2022.

USTR strongly encourages commenters to make online submissions, using *Regulations.gov*. **DEPARTMENT OF TRANSPORTATION**

**Federal Railroad Administration**

[Docket Number FRA-2019-0003]

**Petition for Extension of Waiver of Compliance**

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on January 12, 2022, Canadian National Railway Company (CN) petitioned the Federal Railroad Administration (FRA) for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 232.305, *Single car air brake tests*. The relevant FRA Docket Number is FRA-2019-0003.

Specifically, CN requests to extend relief from § 232.305(b)(2), regarding the requirement to conduct a single car air brake test (SCT) on a car when it is placed on a repair track for any reason, and the car has not had a SCT in the previous 12 months. CN explains that it seeks to continue using this relief for the in-train wheelset replacement program in Fulton, KY, a purpose-built facility that utilizes a drop table to safely and efficiently replace defective wheelsets while keeping the train intact. The program identifies and replaces wheelsets with minor defects falling between Association of American

Railroads standards and FRA requirements, which assists in reducing the number of wheel, bearing, impact, and broken rail-caused derailments, as well as associated injuries.

CN states that it has complied with the requirements of FRA's approval letter, dated June 14, 2019, and successfully changed out 4,454 wheels from the date of approval until December 23, 2021. CN reports no injuries or accidents due to the operation of the facility.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov).

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted at <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Communications received by April 25, 2022 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), the U.S. Department of Transportation (DOT) solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>.
