Notification to Interested Parties

This list of scope ruling applications is not an identification of scope inquiries that have been initiated. In accordance with 19 CFR 351.225(d)(1), if Commerce has not rejected a scope ruling application nor initiated the scope inquiry within 30 days after the filing of the application, the application will be deemed accepted and a scope inquiry will be deemed initiated the following day—day 31.⁴ Commerce’s practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.⁵ Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next

³ Texas Tire’s wheel caps are country of origin China as they are wholly produced in China. They are then exported from China directly to the United States. At entry, the wheel caps are classified under the HTSUS subheading 8716.90.5060.

Subsequent to their importation, they will be installed onto wheels for use on marine trailers, utility trailers, and recreational vehicles. The wheel caps themselves are stainless steel decorative discs that cover the central portion of the wheel. They may keep dirt away from the spindle nut and wheel bearings or to hide the lug nuts, and/or the bearing. They are not a functional part of a vehicle chassis. There are two varieties of substantially similar wheel cap at issue. The first is a single piece cap composed of stainless steel. The second is a two-piece cap which includes the stainless-steel main cap component and a small plastic cap that clips onto the front end of the steel cap. The plastic cap can be removed so that a technician may better access and lubricate the axle. Both varieties are utilized only for marine trailers, utility trailers, and recreational vehicles.

⁴ In accordance with 19 CFR 351.225(d)(2), within 30 days after the filing of a scope ruling application, if Commerce determines that it intends to address the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

⁵ See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

business day which follows the “updated” 30th day.⁶

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at https://access.trade.gov/help/Scope_Ruling_Guidance.pdf. Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce’s procedures.⁷

⁶ This structure maintains the intent of the applicable regulation, 19 CFR 351.225(d)(1), to allow day 30 and day 31 to be separate business days.

International Trade Administration

Announcement of Approved International Trade Administration Trade Missions

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The United States Department of Commerce, International Trade Administration (ITA), is announcing two upcoming trade missions that will be recruited, organized, and implemented by ITA. These missions are:

- U.S. ICT and Energy Efficiency Trade Mission to the Western Balkans—October 23–28, 2022
- Healthcare Sector Business Development Mission to Thailand, Vietnam, and Malaysia—September 19–24, 2022

A summary of each mission is found below. Application information and more detailed mission information, including the commercial setting and sector information, can be found at the trade mission website: <https://www.trade.gov/trade-missions>.

For each mission, recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<https://www.trade.gov/trade-missions-schedule>) and other internet websites, press releases to general and trade media, direct mail, broadcast fax, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows.

FOR FURTHER INFORMATION CONTACT:

Jeffrey Odum, Events Management Task Force, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-6397 or email Jeffrey.Odum@trade.gov.

The Following Conditions for Participation Will Be Used for Each Mission

Applicants must submit a completed and signed mission application and supplemental application materials, including adequate information on their products and/or services, primary market objectives, and goals for participation to allow the Department of Commerce to evaluate their application. If the Department of Commerce receives an incomplete application, the Department may either: Reject the application, request additional information/clarification, or take the lack of information into account when evaluating the application. If the requisite minimum number of participants is not selected for the mission by the recruitment deadline, the mission may be cancelled.

Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the United States, or, if not, are marketed under the name of a U.S. firm and have at least 51% U.S. content by value. In the case of an organization, the applicant must certify that, for each entity to be represented by the organization, the products and/or services the represented firm or service provider seeks to export are either produced in the United States or, if not, marketed under the name of a U.S. firm and have at least 51% U.S. content.

An organization applicant must certify to the above for all of the companies it seeks to represent on the mission.

In addition, each applicant must:

- Certify that the export of products and services that it wishes to market through the mission is in compliance with U.S. export controls and regulations;
- Certify that it has identified any matter pending before any bureau or office in the Department of Commerce;
- Certify that it has identified any pending litigation (including any administrative proceedings) to which it is a party that involves the Department of Commerce; and
- Sign and submit an agreement that it and its affiliates (1) have not and will not engage in the bribery of foreign officials in connection with a company's/participant's involvement in

this mission, and (2) maintain and enforce a policy that prohibits the bribery of foreign officials.

In the case of a trade association/organization, the applicant must certify that each firm or service provider to be represented by the association/organization can make the above certifications.

The Following Selection Criteria Will Be Used for Each Mission

Targeted mission participants are U.S. firms, services providers and organizations (universities, research institutions, or financial services trade associations) providing or promoting U.S. products and services that have an interest in entering or expanding their business in the mission's destination country. The following criteria will be evaluated in selecting participants:

- Suitability of the applicant's (or in the case of an organization, represented firm's or service provider's) products or services to these markets;
- The applicant's (or in the case of an organization, represented firm's or service provider's) potential for business in the markets, including likelihood of exports resulting from the mission; and
- Consistency of the applicant's (or in the case of an organization, represented firm's or service provider's) goals and objectives with the stated scope of the mission.

Balance of applicant's size and location may also be considered during the review process.

Referrals from a political party or partisan political group or any information, including on the application, containing references to political contributions or other partisan political activities will be excluded from the application and will not be considered during the selection process. The sender will be notified of these exclusions.

Trade Mission Participation Fees

If and when an applicant is selected to participate on a particular mission, a payment to the Department of Commerce in the amount of the designated participation fee below is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

Participants selected for a trade mission will be expected to pay for the cost of personal expenses, including, but not limited to, international travel, lodging, meals, transportation, communication, and incidentals, unless otherwise noted. Participants will, however, be able to take advantage of U.S. Government rates for hotel rooms.

In the event that a mission is cancelled, no personal expenses paid in anticipation of a mission will be reimbursed. However, participation fees for a cancelled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain business visas.

Trade Mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice.

Definition of Small- and Medium-Sized Enterprise

For purposes of assessing participation fees, an applicant is a small or medium-sized enterprise (SME) if it qualifies under the Small Business Administration's (SBA) size standards (<https://www.sba.gov/document/support-table-size-standards>), which vary by North American Industry Classification System (NAICS) Code. The SBA Size Standards Tool [<https://www.sba.gov/size-standards/>] can help you determine the qualifications that apply to your company.

Important Note About the Covid-19 Pandemic

Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public and applicants previously selected to

participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to organize a virtual program, the Department will adjust fees, accordingly, prepare an agenda for virtual activities, and notify the previous selected applicants with the option to opt-in to the new virtual program.

U.S ICT and Energy Efficiency Trade Mission to the Western Balkans

Dates: October 23–28, 2022

Summary

The United States Department of Commerce, International Trade Administration (ITA), is organizing a U.S. ICT and Energy Efficiency Trade Mission to the Western Balkans, with specific stops in Serbia and Montenegro on October 23–28, 2022.

The ICT and Energy Efficiency Trade Mission to the Western Balkans is intended to include representatives from a variety of U.S. ICT, energy efficiency, and renewable energy technology manufactures, service providers, associations, and trade organizations. The mission will introduce the participants to foreign government experts and decision makers, service providers, end-users, and prospective partners whose needs and capabilities are best suited to each U.S. participant’s strengths. Participating in an official U.S. trade delegation, rather than traveling to Serbia and Montenegro individually will not only help enhance the participants’ ability to secure key business and government meetings in the Western Balkans, but also more effectively promote U.S. goods and services to a wider targeted audience. Mission participants will learn about regional priorities, policy and regulatory

changes, and projects throughout the region. The purpose of the mission is to leverage the regional political and economic climate to help U.S. companies enter the markets or further expand their market share.

The meetings will match the participants with potential business partners, distributors, and importers in in the two markets and wider region. Moreover, key local industry leaders will brief mission participants on local market conditions, needs and opportunities in the various regions, and domestic regulatory and policy issues that impact the two sectors.

Proposed Timetable

**Note:* The final schedule and potential site visits will depend on the availability of host government and business officials, specific goals of mission participants, and ground transportation.

Participation Requirements

All parties interested in participating in the trade mission must complete and submit an application package for consideration by the DOC. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. A minimum of 20 and maximum of 30 firms and/or trade associations will be selected to participate in the mission from the applicant pool.

Fees and Expenses

After a firm or trade association has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The participation fee for the Trade Mission will be \$1800 for small or medium-sized enterprises (SME) ¹; and \$3750 for large firms or trade associations. The fee for each additional firm representative (large firm or SME/trade organization) is \$250. Expenses for travel, lodging, meals, and incidentals will be the responsibility of

each mission participant. Interpreter and driver services can be arranged for additional cost. Delegation members will be able to take advantage of U.S. Embassy rates for hotel rooms.

Timeframe for Recruitment and Application

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar

(<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than August 19th, 2022. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a rolling basis. Applications received after August 19th, 2022 will be considered only if space and scheduling constraints permit.

Healthcare Sector Business Development Mission to Thailand, Vietnam, and Malaysia

Dates: September 19-24, 2022

Summary

The United States Department of Commerce, International Trade Administration (ITA), is organizing an

executive-led healthcare sector business development mission to the Southeast Asian countries of Thailand, Vietnam, and Malaysia from September 19 to 24, 2022.

The Healthcare Sector Business Development Mission will assist U.S. health sector exporters and ITA strategic partners in exploring market opportunities into Southeast Asia, building on the Virtual Medical Technology Trade Forum to Vietnam, Malaysia, and Thailand on May 24-27, 2021. The new Mission will include matchmaking appointments, market briefings, policy-focused roundtables, and site visits to increase U.S. industry competitiveness and build relationships. Mission participants will gain firsthand knowledge of the selected Southeast Asian markets through business overviews and introductions to hospitals and clinical laboratories, government healthcare agencies, distributors, and others who could benefit from U.S. products and services.

The Trade Mission to Southeast Asia will seek to include U.S. medical products in high potential areas, such as technologies and equipment for treating non-communicable diseases.

Proposed Timetable
