Title of Collection: Public Service Loan Forgiveness Reconsideration Request.

OMB Control Number: 1845–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 36,000.

Total Estimated Number of Annual Burden Hours: 9,000.

Abstract: The Department of Education (Department) is requesting an emergency clearance for a new information collection at the same time requesting a 60-day public comment period. This collection will be used to obtain information from federal student loan borrowers to determine eligibility for reconsideration of their Public Service Loan Forgiveness (PSLF) or Temporary Expanded Public Service Loan Forgiveness (TEPSLF) denial notification on the basis of payment counts or employer eligibility determinations pursuant to a settlement agreement between the Department and the American Federation of Teachers (ATF) which was signed on October 12, 2021. The settlement between the Department and the AFT requires that “as soon as practicable but no later than April 30, 2022, the Department will establish an interim reconsideration process that will be available to any borrower whose application for PSLF or TEPSLF has been or is denied”. In order to meet the requirements of this settlement, the Department must gather the information needed from the borrowers to reconsider their denial. This collection will allow for the collection and review of such reconsideration requests.

Additional Information: Due to the limited time from the approval of the agreement and to be able to meet the court-ordered timeline, we request that OMB allow the Department to clear the collection associated with the implementation of the reconsideration process using the emergency clearance procedures of the Paperwork Reduction Act of 1995, outlined in 42 U.S.C. 3507(j) as soon as possible.

Dated: March 15, 2022.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
