Interior.

ACTION: Notice of receipt of permit

endangered species unless a Federal
permit allows such activity. The ESA
also requires that we invite public
comment before issuing these permits.

submit your written comments by April
18, 2022.

SUPPLEMENTARY INFORMATION:**Background**

With some exceptions, the
Endangered Species Act (ESA; 16 U.S.C.
1531 *et seq.*) prohibits activities that
constitute take of listed species unless a
Federal permit is issued that allows
such activity. The ESA's definition of
"take" includes hunting, shooting,
harming, wounding, or killing but also
such activities as pursuing, harassing,
trapping, capturing, or collecting.

The ESA and our implementing
regulations in the Code of Federal
Regulations (CFR) at title 50, part 17,
provide for issuing such permits and
require that we invite public comment
before issuing permits for activities
involving listed species.

A recovery permit we issue under the
ESA, section 10(a)(1)(A), authorizes the
permittee to conduct activities with

endangered or threatened species for
scientific purposes that promote
recovery or enhance the species'
propagation or survival. These activities
often include such prohibited actions as
capture and collection. Our regulations
implementing section 10(a)(1)(A) for
these permits are found at 50 CFR 17.22
for endangered wildlife species, 50 CFR
17.32 for threatened wildlife species, 50
CFR 17.62 for endangered plant species,
and 50 CFR 17.72 for threatened plant
species.

**Permit Applications Available for
Review and Comment**

U.S.C. 552) requirements.

Proposed activities in the following
permit requests are for the recovery and
enhancement of propagation or survival
of the species in the wild. We invite
local, State, Tribal, and Federal agencies
and the public to submit written data,
views, or arguments with respect to
these applications. The comments and
recommendations that will be most
useful and likely to influence agency
decisions are those supported by
quantitative information or studies.
Please refer to the permit record number
when submitting comments.
