Department of the Air Force

[Docket ID: USAF–2022–HQ–0004]

Submission for OMB Review; Comment Request

AGENCY: Department of the Air Force, Department of Defense (DoD).

ACTION: Emergency 10-day information collection notice.

SUMMARY: Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice that DoD is submitting an Information Collection Request to the Office of Management and Budget (OMB) to understand the senior level perspectives as it relates to direct or indirect barriers women face in advancing to executive leadership. DoD requests emergency processing and OMB authorization to collect the information after publication of this notice for a period of six months.

DATES: Comments must be received by March 28, 2022.

SUPPLEMENTARY INFORMATION: The survey is based on initial research conducted by Ms. Wanda Jones-Heath that highlighted women may experience challenges or obstacles associated with gender gap, placement in non-leadership roles, gender bias,

stereotyping, and skills being underrated during their journey to executive leader opportunities. The 2020 Department of the Air Force (DAF) Racial Disparity Review highlighted the fact that the DAF has not maintained a diverse senior civilian workforce (GS13–SES level) and women are significantly underrepresented at the senior level. The 2021 DAF Disparity Review specifically calls out gender as a significant challenge at the senior level. In addition, the civilian career progression line of effort under the barrier analysis working group is providing barrier and challenge information from the lower level viewpoint. If the survey is not conducted, then the research project will not include both views which will be vital to helping the DAF understand the barriers and determine specific actions (policy, programs, etc.) needed to provide more opportunities to women. The survey is a list of 13 questions using the Likert Scale that asks participants to provide their opinion on the barriers that limit opportunities for women to gain senior leadership positions. The participation is voluntary and the responses are completely anonymous. The responses will provide perspectives that would otherwise not be available through literature review.

ACTION: Emergency 15-day information collection notice.

SUMMARY: Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice that DoD is submitting an Information Collection Request to the Office of Management and Budget (OMB) to develop a leadership curriculum that will help the U.S. Air Force (USAF) Academy produce leaders of character who will contribute to a culture of civility as they become officers in the USAF. SUPPLEMENTARY INFORMATION: This study supports the Sexual Assault Prevention and Response Office's (SAPRO) mission (and that of the larger USAF) to work toward an Air Force culture that is free of sexual violence. This effort will also support completion of USAF Academy SAPRO's DoD Junior Leader Working Group's plan of action and milestones. Ultimately, the implementation of the adapted curriculum may result in a reduced number of sexual assaults and enhanced psychological health and well-being among Airmen, enabling them to remain fit for duty.

This study will collect formative research data through focus groups and interviews to inform recommendations to enhance the current USAF Academy sexual assault leadership training curriculum. Research partners at the University of Florida and RTI International will collect feedback from trainees in Squadron Officer School at Maxwell Air Force Base concerning perceived readiness for duty, perceptions of the leadership training received at USAF Academy, and opportunities for enhancement across the four-year USAF Academy curriculum.
