SUPPLEMENTARY INFORMATION: Copies of the agency form are available here. Paper copies are available from the Office of Arbitration Services by emailing Arthur Pearlstein at the email address above. Please ask for the Arbitrator's Report and Fee Statement (Agency Form R-19).

I. Information Collection Request

Agency: Federal Mediation and Conciliation Service.

Form Number: OMB No. 3076-0003.

Type of Request: Reinstatement without change of a previously approved collection.

Affected Entities: Individual arbitrators who render decisions under FMCS Arbitration policies and procedures.

Frequency: This form is completed each time an Arbitrator hears an arbitration case and issues a decision.

Abstract: Pursuant to 29 U.S.C. 171(b) and 29 CFR part 1404, FMCS assumes responsibility to monitor the work of the arbitrators who serve on its Roster. This is satisfied by requiring the completion and submission of a Report and Fee Statement, which indicates when the arbitration award was rendered, the file number, the company and union, the issues, whether briefs were filed and transcripts taken, if there were any waivers by parties on the date the award was due, and the fees and days for services of the arbitrator. FMCS publishes this information in the agency's annual report, to inform the public about the arbitration services program and certain national trends in arbitration.

Burden: FMCS receives approximately 2,000 responses per year. The form is filled out each time an arbitrator hears a case and the time required is approximately ten minutes. FMCS uses this form to review arbitrator conformance with its fee and expense reporting requirements.

II. Request for Comments

FMCS solicits comments to:

- Evaluate whether the proposed collections of information are necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility.

- Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.

- Enhance the quality, utility, and clarity of the information to be collected.
