Extension:

Rule 15c3-4

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 15c3-4 (17 CFR. 240.15c3-4) (the "Rule") under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 15c3-4 requires certain broker-dealers that are registered with the Commission as OTC derivatives dealers, or who compute their net capital charges under Appendix E to Rule 15c3-1 (17 CFR 240.15c3-1) ("ANC firms"), to establish, document, and maintain a system of internal risk

management controls. In addition, security-based swap dealers ("SBSDs") that are subject to Rule 18a-1 (17 CFR 240.18a-1) must comply with Rule 15c3-4 as if they were OTC derivatives dealers. The Rule sets forth the basic elements for an OTC derivatives dealer, an ANC firm, or an SBSD to consider and include when establishing, documenting, and reviewing its internal risk management control system, which is designed to, among other things, ensure the integrity of an OTC derivatives dealer's, an ANC firm's or an SBSD's risk measurement, monitoring, and management process, to clarify accountability at the appropriate organizational level, and to define the permitted scope of the firm's activities and level of risk. The Rule also requires that management of an OTC derivatives dealer, an ANC firm, or an SBSD must periodically review, in accordance with written procedures, the firm's business activities for consistency with its risk management guidelines.

The staff estimates that the average amount of time a new firm subject to Rule 15c3-4 will spend establishing and documenting its risk management control system is approximately 2,000 hours (666.666667 hours per year when annualized over three years) and that, on average, an existing firm subject to Rule 15c3-4 will spend approximately 200 hours each year to maintain (*e.g.*, reviewing and updating) its risk management control system. Currently, five firms are registered with the Commission as OTC derivatives dealers, five as ANC firms, and one as an SBSD. The staff estimates that approximately two new additional entities may register as OTC derivatives dealers, one new entity may register as an ANC firm, and two new entities may register as SBSDs subject to the requirements of Rule 15c3-4 within the next three years. Thus, the estimated annual burden would be 2,200 hours for the eleven existing firms (five OTC derivatives dealers, five ANC firms, and one SBSD) currently required to comply with Rule 15c3-4 to maintain their risk management control systems,¹ 3,333 hours for the five new firms (two new OTC derivatives dealers, one new ANC firm, and two new SBSDs) to establish and document their risk management control systems,² and 1,000 hours for the five new firms (two new OTC derivatives dealers, one new ANC firm, and two new SBSDs) to maintain their risk management control systems.³ Accordingly, the staff estimates the total

¹ (200 hours × 11 firms) = 2200.

² ((2,000 hours/3 years) × 5 firms) = 3,333.

³ (200 hours × 5 firms) = 1000.

³⁰ 17 CFR 200.30-3(a)(12).

annual burden associated with Rule 15c3-4 for the 16 respondents (nine OTC derivatives dealers, six ANC firms, and five SBSDs) will be approximately 6,533 hours per year.

The records required to be made pursuant to the Rule and the results of the periodic reviews conducted under paragraph (d) of Rule 15c3-4 must be preserved under Rule 17a-4 of the Exchange Act (17 CFR 240.17a-4) for a period of not less than three years, the first two years in an easily accessible place. The Commission will not generally publish or make available to any person notices or reports received pursuant to the Rule. The statutory basis for the Commission's refusal to disclose such information to the public is the exemption contained in section (b)(4) of the Freedom of Information Act (5 U.S.C. 552), which essentially provides that the requirement of public dissemination does not apply to commercial or financial information which is privileged or confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following website: www.reginfo.gov. Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Designation of a Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Amend Rules 7.31, 7.35, 7.35B, 7.35C, 98, and 104 Relating to the Closing Auction

March 17, 2022.

On September 3, 2021, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Rules 7.31 (Orders and Modifiers), 7.35 (General), 7.35B (DMM-Facilitated Closing Auctions), 7.35C (Exchange-Facilitated Auctions), 98 (Operation of a DMM Unit), and 104 (Dealings and Responsibilities of DMMs) relating to the Closing Auction. The proposed rule change was published for comment in the **Federal Register** on September 22, 2021.³ On November 1, 2021, pursuant to Section 19(b)(2) of the Act,⁴ the Commission extended the time period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change to December 21, 2021.⁵ The Commission has received two comment letters on the proposal.⁶ On December 17, 2021, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act⁷ to determine whether to approve or disapprove the proposed rule change.⁸

Section 19(b)(2) of the Act⁹ provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after

the date of publication of notice of filing of the proposed rule change. The Commission may, however, extend the period for issuing an order approving or disapproving the proposed rule change by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for comment in the **Federal Register** on September 22, 2021.¹⁰ The 180th day after publication of the proposed rule change is March 21, 2022.

The Commission finds that it is appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change. The Commission is extending the time period for approving or disapproving the proposed rule change for an additional 60 days.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,¹¹ designates May 20, 2022, as the date by which the Commission shall either approve or disapprove the proposed rule change (File Number SR-NYSE-2021-44).
