As part of the *Rate-of-Return Reform Order*, the Commission adopted a voluntary path for rate-of-return carriers to receive model-based support in exchange for making a commitment to deploy broadband-capable networks meeting certain service obligations to a pre-determined number of eligible locations in a state. By creating a voluntary pathway to model-based support, the Commission will spur new broadband deployment in rural areas. In several subsequent orders and public notices, the Commission has further refined this voluntary pathway, and in the *December 2018 Rate-of-Return Reform Order*, the Commission adopted a second pathway for carriers that did not elect the first pathway. *Connect America Fund; ETC Annual Reports and Certifications; Establishing Just and Reasonable Rates for Local Exchange Carriers; Developing a Unified Inter-carrier Compensation Regime*, WC Docket Nos. 10–90, 14–58, 07–135, 05–337, 03–109; CC Docket Nos. 01–92, Report and Order, Further Notice of Proposed Rulemaking, and Order on Reconsideration, FCC 18–176 (*December 2018 Rate-of-Return Reform Order*).

This information collection addresses the requirement that carriers electing model-based support must notify the Commission of that election and their commitment to satisfy the specific service obligations associated with the amount of model support.

In the 2016 *Rate-of-Return Reform Order*, the Commission also adopted reforms to the universal service mechanisms used to determine support for rate-of-return carriers not electing model-based support. Among other such reforms, the Commission adopted an operating expense limitation to improve carriers' incentives to be prudent and efficient in their expenditures, a capital investment allowance to better target support to those areas with less broadband deployment, and broadband deployment obligations to promote "accountability from companies receiving support to ensure that public investment are used wisely to deliver intended results." In the *December 2018 Rate-of-Return Order*, the Commission further modified or, in the case of the capital investment allowance, eliminated these requirements. Other

requirements adopted in the *Rate-of-Return Reform Order* have been addressed under other Office of Management and Budget control numbers.

*Needs and Uses:* The following information collection requirements are covered under this collection: Section 73.3700(e)(2) requires all broadcast television station licensees and MVPDs

that are eligible to receive payment of relocation costs to file an estimated cost form providing an estimate of their reasonably incurred relocation costs no later than three months following the release of the Channel Reassignment Public Notice. If a broadcast television station licensee or MVPD seeks reimbursement for new equipment, it must provide a justification as to why it is reasonable under the circumstances to purchase new equipment rather than modify its corresponding current equipment in order to change channels or to continue to carry the signal of a broadcast television station that changes channels. Entities that submit their own cost estimates, as opposed to the predetermined cost estimates provided in the estimated cost form, must submit supporting evidence and certify that the estimate is made in good faith. Entities must also update the form if circumstances change significantly.

Section 73.3700(e)(3) requires all broadcast television station licensees and MVPDs that received an initial allocation from the TV Broadcaster Relocation Fund, upon completing construction or other reimbursable changes, or by a specific deadline prior to the end of the Reimbursement Period to be established by the Media Bureau, whichever is earlier, to provide the Commission with information and documentation, including invoices and receipts, regarding their actual expenses incurred as of a date to be determined by the Media Bureau. If a broadcast television station licensee or MVPD has not yet completed construction or other reimbursable changes by the Final Allocation Deadline, it must provide the Commission with information and documentation regarding any remaining eligible expenses that it expects to reasonably incur.

Section 73.3700(e)(4) requires broadcast television station licensees and MVPDs that have received money from the TV Broadcaster Relocation Fund, after completing all construction or reimbursable changes, to submit final expense documentation containing a list of estimated expenses and actual expenses as of a date to be determined by the Media Bureau. Entities that have finished construction and have submitted all actual expense documentation by the Final Allocation Deadline will not be required to file at the final accounting stage.

Section 73.3700(e)(6) requires broadcast television station licensees and MVPDs that receive payment from the TV Broadcaster Relocation Fund to retain all relevant documents pertaining to construction or other reimbursable changes for a period ending not less
