BILLING CODE 9110-04-P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900-AR01

VA Pilot Program on Graduate Medical Education and Residency; Extension of Comment Period

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule; extension of comment period.

SUMMARY: The Department of Veterans Affairs (VA) is extending the comment period of the proposed rule “Pilot Program on Graduate Medical Education and Residency.” This action is being taken in response to requests from stakeholders to allow additional time for interested persons to submit comments on the proposed rule.

DATES: VA is extending the comment period on the proposed rule published on February 4, 2022 by 90 days. 87 FR 6456. Ninety days from April 5, 2022 is July 4, 2022, which is a federal holiday; therefore, the VA is extending the comment period to the following day, July 5, 2022. Comments must now be received on or before July 5, 2022.

ADDRESSES: Comments must be submitted through www.Regulations.gov. Comments received will be available at regulations.gov for public viewing, inspection or copies.

FOR FURTHER INFORMATION CONTACT: Andrea Bennett, Office of Academic Affiliations, Department of Veterans Affairs, at (202) 368-0324 or VAMission403Help@va.gov.

SUPPLEMENTARY INFORMATION: On February 4, 2022, VA issued a proposed rule to revise its medical regulations to establish a new pilot program related to graduate medical education and residency, as required by section 403 of

the John S. McCain III, Daniel K. Akaka, and Samuel R. Johnson VA Maintaining Internal Systems and Strengthening Integrated Outside Network Act of 2018 (Pub. L. 115-182, hereinafter referred to as the MISSION Act). See 87 FR 6456.

Consistent with section 403 of the MISSION Act, the proposed rule established parameters by which VA would determine those covered facilities in which residents would be placed under the pilot program, such as certain consideration factors to determine whether there is a clinical need for providers in areas where residents would be placed. VA further proposed to prioritize placement of residents under the pilot program in Indian Health Service facilities, Indian tribal or tribal organization facilities, certain underserved VA facilities, or other covered facilities, as required by section 403 of the MISSION Act. In addition, VA proposed parameters to pay resident stipends and benefits and certain startup costs of new residency programs if residents are placed in such programs under the pilot program.

The proposed rule provided an opportunity to submit comments by April 5, 2022. In response to requests from stakeholders to extend the comment period, VA extends the comment period by 90 days to allow additional time for interested persons to submit comments on the proposed rule. Comments must now be received on or before July 5, 2022.

Signing Authority

Denis McDonough, Secretary of Veterans Affairs, approved this document on March 21, 2022, and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs.

Consuela Benjamin,

Regulation Development Coordinator, Office of Regulation Policy & Management, Office of General Counsel, Department of Veterans Affairs.

BILLING CODE 8320-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R07-OAR-2022-0285; FRL-9645-01-R7]

Air Plan Approval; Missouri; Restriction of Emissions Credit for Reduced Pollutant Concentrations From the Use of Dispersion Techniques

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing approval of a State Implementation Plan (SIP) revision submitted by the State of Missouri on January 30, 2020. Missouri requests that the EPA approve revisions to a State regulation that limits the use of dispersion techniques to meet ambient air quality standards in the vicinity of major sources of air pollution. The use of certain dispersion techniques is prohibited by section 123 of the Clean Air Act (CAA). The revisions to the rule are a revised restructured version of the same rule. These revisions are administrative in nature and do not impact the stringency of the SIP or air quality. The EPA’s proposed approval of this rule revision is in accordance with the requirements of the CAA.

DATES: Comments must be received on or before April 25, 2022.

ADDRESSES: You may send comments, identified by Docket ID No. EPA-R07-OAR-2022-0285 to <https://www.regulations.gov>. Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received will be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the “Written Comments” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Steven Brown, Environmental Protection Agency, Region 7 Office, Air Quality Planning Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219; telephone number: (913) 551-7718; email address: brown.steven@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document “we,” “us,” and “our” refer to the EPA.

I. Written Comments

Submit your comments, identified by Docket ID No. EPA-R07-OAR-2022-0285, at <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. What is being addressed in this document?

The EPA is proposing to approve a SIP revision submitted by the State of Missouri on January 30, 2020. Missouri requests the EPA to approve revisions to their SIP by replacing the existing rule, Title 10, Division 10 of the Code of State Regulations (CSR), (10 CSR 10–6.140) “Restriction of Emissions Credit for Reduced Pollutant Concentrations from the Use of Dispersion Techniques”, with a revised restructured version of the same rule. The State has revised this rule in order to incorporate the provisions of 40 CFR part 51, appendix W-Guideline on Air Quality Models, add definitions specific to this rule, organize the rule into standard rule organizational format, and removes unnecessary words. After review and analysis of the revisions, the EPA concludes that these changes do not have adverse effects on air quality. The full text of these changes can be found in the State’s submission, which is included in the docket for this action. The EPA’s analysis of the revisions can be found in the technical support

document (TSD), also included in the docket.

III. Have the requirements for approval of a SIP revision been met?

The State submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. The State provided public notice on this SIP revision from June 3, 2019, to August 1, 2019, and received no comments. In addition, as explained above and in more detail in the State submittal document and EPA’s TSD, which is in the docket, the revision meets the substantive SIP requirements of the CAA, including section 110 and implementing regulations.

IV. What action is the EPA taking?

The EPA is proposing to amend the Missouri SIP by approving the State’s request to revise 10 CSR 10–6.140 “Restriction of Emissions Credit for Reduced Pollutant Concentrations from the Use of Dispersion Techniques.” Approval of these revisions will ensure consistency between State and federally approved rules. Because this rule was previously approved into Missouri’s SIP, we are soliciting comments solely on the proposed revisions to the rule and not on the existing text that is approved into Missouri’s SIP. The EPA has determined that these changes meet the requirements of the Clean Air Act and will not have a negative impact to air quality. We are processing this as a proposed action because we are soliciting comments on this proposed action. Final rulemaking will occur after consideration of any comments.

V. Incorporation by Reference

In this document, the EPA is proposing to include regulatory text in an EPA final rule that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is proposing to incorporate by reference the Missouri Regulations described in Section II of this preamble as set forth in the proposed amendments to 40 CFR part 52 below. The EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 7 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

VI. Statutory and Executive Order Reviews

Under the Clean Air Act (CAA), the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
 - Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
 - Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
 - Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - Is not subject to requirements of the National Technology Transfer and Advancement Act (NTTA) because this rulemaking does not involve technical standards; and
 - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal

governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Lead, Nitrogen dioxide, Ozone, Particulate matter, Sulfur oxides, Volatile organic compounds.

Dated: March 16, 2022.
Meghan A. McCollister,
Regional Administrator, Region 7.

For the reasons stated in the preamble, the EPA proposes to amend 40 CFR part 52 as set forth below:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart AA—Missouri

■ 2. In § 52.1320, the table in paragraph (c) is amended by revising the entry “10–6.140” to read as follows:

§ 52.1320 Identification of plan.

Air Plan Approval; Connecticut; State Implementation Plan Revisions Required by the 2008 and 2015 Ozone Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing approval of State Implementation Plan (SIP) revisions submitted by the State of Connecticut for purposes of implementing the 2008 and 2015 ozone National Ambient Air Quality Standards (NAAQS). The SIP revisions consist of a demonstration that Connecticut meets the requirements of reasonably available control technology (RACT) for the two precursors for ground-level ozone, oxides of nitrogen (NO_x) and volatile

organic compounds (VOCs), set forth by the Clean Air Act (CAA, or the Act) with respect to the 2008 and 2015 ozone standards. We are also proposing approval of a Consent Order that establishes NO_x RACT requirements for facilities operated by NRG Connecticut. Additionally, we are proposing approval of Connecticut’s certification that it meets the nonattainment new source review (NNSR) requirements of the CAA for purposes of the 2008 and 2015 ozone standards. This action is being taken in accordance with the CAA.

DATES: Written comments must be received on or before April 25, 2022.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R01–OAR–2022–0113 at <https://www.regulations.gov>, or via email to mccconnell.robert@epa.gov. For comments submitted at *Regulations.gov*, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia

submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that, if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays and facility closures due to COVID–19.
