A. Overview of Information Collection

Title of Information Collection: Statutorily-Mandated Collection of Information for Tenants in LIHTC Properties.

OMB Approval Number: 2528-0230.

Type of Request: Revision of a currently approved collection.

Form Number: HUD-52695 (HUD LIHTC Property Data Collection Form); HUD-52697 (HUD LIHTC Tenant Data Collection Form).

Description of the need for the information and proposed use: Section 2835(d) of the Housing and Economic Recovery Act, or HERA, (Pub. L. 110-289, approved July 30, 2008) amends Title I of the U.S. Housing Act of 1937 (42 U.S.C. 1437 *et seq.*) (1937 Act) to add a new section 36 (codified as 42 U.S.C. 1437z-8) that requires each state agency administering tax credits under section 42 of the Internal Revenue Code of 1986 (low-income housing tax credits or LIHTC) to furnish HUD, not less than annually, information concerning the race, ethnicity, family composition, age, income, use of rental assistance under section 8(o) of the U.S. Housing Act of

1937 or other similar assistance, disability status, and monthly rental payments of households residing in each property receiving such credits through such agency.

New section 36 requires HUD to establish standards and definitions for the information to be collected by state agencies and to provide states with technical assistance in establishing systems to compile and submit such information and, in coordination with other federal agencies administering housing programs, establish procedures to minimize duplicative reporting requirements for properties assisted under multiple housing programs. In 2010, OMB approved the first collection instrument used for the collection of LIHTC household information (expiration date 05/31/2013). The form was subsequently approved with expiration dates of June 30, 2016, May 31, 2019, and August 31, 2022. Renewal of this form is required for HUD to remain in compliance with the statute.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection:

Manufactured Home Construction and Safety Standards Program.

OMB Approval Number: 2502-0233.

OMB Expiration Date: November 30, 2022.

Type of Request: Revision of a currently approved collection.

Form Numbers: HUD-101, HUD-203, HUD-203B, HUD-301, HUD-302, HUD-303, HUD-304.

Description of the need for the information and proposed use: This information collection is used in conjunction with certification labels, which are 2-inch x 4-inch metal tags permanently attached to each section of manufactured homes to provide a unique identifying number to each section of home produced under 24 CFR chapter XX part 3280, the Manufactured Home Construction and Safety Standards (Standards). Manufacturers are required to affix labels to all

manufactured homes to be sold or leased in the United States, to certify compliance with the Standards in accordance with 24 CFR 3280.11, 24 CFR 3282.204, and 24 CFR 3282.205.

Respondents are both approved Production Inspection Primary Inspections Agencies (IPIAs) as described in 24 CFR 3282.362, and manufacturers, as defined in 24 CFR 3282.7. HUD issues certification labels to IPIAs and those certification labels are re-distributed to manufacturers in accordance with the rules. Manufacturers pay the fee designated in 24 CFR 3284.5. The information collection is necessary to ensure label control, production levels, and provide certification label association to allow the Department to identify a manufactured home after it leaves the plant and to ensure that the certification label fee has been paid. The information will also facilitate any recall or safety-related defect campaigns and provide the data that is needed to pay required fees or credits for program participants in the various states where such homes are manufactured and located.

HUD has updated the number of respondents based on current industry characteristics. The number of manufacturing plants has increased and the number of burden hours per response on the HUD-302 Monthly Production Report has been increased to one hour. Form HUD-203B has been revised to include a field for "Explanation of Damage/Repair." The forms have also been updated to include more precise burden statements.

Respondents: Business or other for-profit; State, Local or Tribal Government.

Estimated Number of Respondents: 151.

Estimated Number of Responses: 5,153.

Frequency of Response: Monthly.

Average Hours per Response: 1.0 burden hour for HUD-302; 0.5 burden hours for all other forms included with this information collection.

Total Estimated Burden: 3,410 hours.

B. Solicitation of Public Comment

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.
