than 7 business days prior to the date of the hearing.

Written submissions.—Each party to the review may submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.65 of the Commission's rules; the deadline for filing is June 24, 2022. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.67 of the Commission's rules. The deadline for filing posthearing briefs is July 14, 2022. In addition, any person who has not entered an appearance as a party to the review may submit a written statement of information pertinent to the subject of the review on or before July 14, 2022. On August 3, 2022, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before August 5, 2022, but such final comments must not contain new factual information and must otherwise comply with section 207.68 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's Handbook on Filing Procedures, available on the Commission's website at https:// www.usitc.gov/documents/handbook_ on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

The Commission has determined that this review is extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission. Issued: March 22, 2022.

Lisa Barton,

Secretary to the Commission. [FR Doc. 2022–06323 Filed 3–24–22; 8:45 am] BILLING CODE 7020–02–P

JOINT BOARD FOR THE ENROLLMENT OF ACTUARIES

Meeting of the Advisory Committee; Meeting

AGENCY: Joint Board for the Enrollment of Actuaries.

ACTION: Notice of federal advisory committee meeting.

SUMMARY: The Joint Board for the Enrollment of Actuaries gives notice of a closed teleconference meeting of the Advisory Committee on Actuarial Examinations.

DATES: The meeting will be held on April 22, 2022, from 9:00 a.m. to 5:00 p.m. (EDT).

FOR FURTHER INFORMATION CONTACT: Elizabeth Van Osten, Designated Federal Officer, Advisory Committee on Actuarial Examinations, at (202) 317– 3648 or *elizabeth.j.vanosten@irs.gov*.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the Advisory Committee on Actuarial Examinations will hold a teleconference meeting on April 22, 2022, from 9:00 a.m. to 5:00 p.m. (EDT). The meeting will be closed to the public.

The purpose of the meeting is to discuss topics and questions that may be recommended for inclusion on future Joint Board examinations in actuarial mathematics, pension law and methodology referred to in 29 U.S.C. 1242(a)(1)(B).

A determination has been made as required by section 10(d) of the Federal Advisory Committee Act, 5 U.S.C. app., that the subject of the meeting falls within the exception to the open meeting requirement set forth in Title 5 U.S.C. 552b(c)(9)(B), and that the public interest requires that such meeting be closed to public participation.

The Executive Director of the Joint Board for the Enrollment of Actuaries, having reviewed and approved this document, is delegating the authority to electronically sign this document to Susan L. Erdos, who is the **Federal** **Register** Liaison for the Joint Board for the Enrollment of Actuaries, for purposes of publication in the **Federal Register**.

Dated: March 22, 2022.

Susan L. Erdos,

Federal Register Liaison, Joint Board for the Enrollment of Actuaries. [FR Doc. 2022–06355 Filed 3–24–22; 8:45 am] BILLING CODE 4830–01–P

LEGAL SERVICES CORPORATION

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Account Management Profile

AGENCY: National Science Foundation. **ACTION:** Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to establish this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting Office of Management and Budget (OMB) clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by May 24, 2022 to be assured consideration. Comments received after that date will be considered to the extent practicable. Send comments to address below.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314; telephone (703) 292– 7556; or send email to *splimpto® nsf.gov.* Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877– 8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: Account Management Profile.

OMB Control No.: 3145–New. *Expiration Date of Approval:* Not applicable.

Abstract: The purpose of the National Science Foundation's (NSF) Account Profile is to collect information (contact. demographics, professional and academic references) on *Research.gov*. This profile will assist the NSF in maintaining a centralized registration and profile management process for individuals. NSF may track information provided over time to review and evaluate NSF programs, facilitate proposal submission, simplify reviewer activities, and provide data for the selection and management of reviewers and related merit review functions. Collecting this information supports the program officers across each directorate by improving efficiencies for internal staff, leveraging consolidated profile data, and creating a seamless user experience for the scientific community. This process will also provide researchers with a consolidated profile and access to their information in the *Research.gov* system, with the ability to easily access and update their information as necessary. In addition, the Biden Administration has made it a priority to deliver services more equitably and effectively via Executive Order 14058, Transforming Federal Customer Experience and Service Delivery to Rebuild Trust in Government. The President directed heads of agencies to integrate activities to improve customer experience and identify means by which their respective agencies can improve transparency and accessibility for their customers. This expansion effort will allow users to self-report demographic and professional information over time that will enable program officials to select diverse panels and expand opportunities to increase participation from underrepresented groups and diverse institutions throughout the United States in all NSF activities and programs.

Respondents: Researchers and administrative support professionals.

Estimated Number of Annual Respondents: 565,146. Burden on the Public: Estimated 5 minutes to fill out the contact, demographics, professional and academic information, including the collection of data to fill in the fields. This assumption includes users who have filled out information in the past and do not wish to update their information. The demographic information should be readily available as the selection fields are available on *Research.gov* today and the professional information can be gathered from external data sources. The estimated burden time is 47,095 hours.

Dated: March 22, 2022.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Request for Information on the Energy and Climate Implications of Digital Assets

AGENCY: Office of Science and Technology Policy (OSTP). **ACTION:** Notice of Request for Information on the Energy and Climate Implications of Digital Assets.

SUMMARY: The United States is committed to combatting the climate crisis and reaching net-zero greenhouse gas emissions no later than 2050. On March 9, 2022, President Biden signed an Executive Order on Ensuring Responsible Development of Digital Assets, which outlines a whole-ofgovernment strategy to harness the benefits and mitigate the risks of digital assets, including the implications for energy use and the climate. The Executive Order tasked the White House Office of Science and Technology Policy (OSTP) to submit a report to the President that examines the potential for digital assets to impede or advance efforts to tackle climate change and the transition to a clean and reliable electricity grid. As OSTP conducts this examination, it invites comments from interested stakeholders, including the public. In particular, this RFI seeks comments on the protocols, hardware, resources, economics, and other factors that shape the energy use and climate impacts of all types of digital assets. It also seeks comment on attempts to mitigate climate harms and reduce energy use associated with digital assets, potential energy or climate benefits from digital assets and opportunities for natural asset or
