

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by May 13, 2022.

(b) Affected ADs

None.

(c) Applicability

This AD applies to all Airbus Helicopters Model AS355E, AS355F, AS355F1, AS355F2, AS-365N2, AS 365 N3, SA-365N, SA-365N1, EC 155B, and EC155B1 helicopters, certificated in any category.

(d) Subject

Joint Aircraft Service Component (JASC) Code: 7110, Engine Cowling System.

(e) Unsafe Condition

This AD was prompted by investigation results from an engine compartment fire, which determined some of the internal parts of the engine upper fixed cowling (engine cowling) were painted with finish paint on top of the primer layer. The FAA is issuing this AD to detect finish paint inside the duct of the engine cowling. The unsafe condition, if not addressed, could result in fire propagation in case of exposure to high temperature, damage to the helicopter, and injury to the occupants.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Requirements

Except as specified in paragraph (h) of this AD: Comply with all required actions and compliance times specified in, and in accordance with, European Union Aviation Safety Agency (EASA) AD 2021-0265, dated November 23, 2021 (EASA AD 2021-0265).

(h) Exceptions to EASA AD 2021-0265

(1) Where EASA AD 2021-0265 requires compliance in terms of flight hours (FH), this AD requires using hours time-in-service.

(2) Where EASA AD 2021-0265 refers to its effective date, this AD requires using the effective date of this AD.

(3) Where paragraph (1) of EASA AD 2021-0265 specifies “in accordance with the instructions of paragraph 3.B of the applicable ASB,” for this AD replace “in accordance with the instructions of paragraph 3.B of the applicable ASB” with “in accordance with the Accomplishment Instructions, paragraphs 3.B.2.a. through 3.B.2.b. of the applicable ASB.”

(4) Where paragraph (2) of EASA AD 2021-0265 specifies to repaint or replace the affected part, replace the text “repaint (with primer layer only) that affected part or replace it with a serviceable part in accordance with the instructions of paragraph 3.B. of the applicable ASB,” with “repaint (with primer layer only) that affected part in accordance with the instructions of paragraph 3.B.2.b. of the applicable ASB, or replace the affected part with a ‘serviceable part’ as defined in EASA AD 2021-0265.”

(5) Where the service information referenced in EASA AD 2021-0265 specifies

“identify again the engine upper fixed cowling (a), refer to paragraph 3.C.,” this AD does require modifying your helicopter by marking “ASB No. 53.00.38,” “ASB No. 53A40,” or “ASB No. 53.00.65,” as applicable to your helicopter, after the old P/N on the engine cowling with indelible ink, but does not require compliance with paragraph 3.C. of the “applicable ASB” as defined in EASA AD 2021-0265.

(6) Where the service information referenced in EASA AD 2021-0265 specifies during the interpretation of results from the visual check of the inside of the duct of the engine cowling, if there is any finish paint inside the duct, obey with paragraph 3.B.2.b. (*i.e.*, perform corrective actions) not more than 6 months after you complied with paragraph 3.B.2.a., for this AD, if there is any finish paint inside the duct of the engine cowling, perform the corrective actions not more than 6 months after you complied with paragraph 3.B.2.a. Work Card 20-04-05-402 (MTC), referenced in the Accomplishment Instructions, paragraph 3.B.2.b. of the “applicable ASB” as defined in EASA AD 2021-0265 is for reference only and is not required for the actions in this AD.

(7) Where the Accomplishment Instructions, paragraph 3.B.2.b of Airbus Helicopters Alert Service Bulletin (ASB) No. AS365-53.00.65, and ASB EC155-53A040, both Revision 0, and both dated October 27, 2021, specify to refer to Work Card 53-50-00-402 (MET), or Task 53-54-00-061 (AMM), to remove and install the engine cowling, for this AD those instructions are for reference only and are not required for the actions in this AD.

(9) This AD does not mandate compliance with the “Remarks” section of EASA AD 2021-0265.

(i) No Reporting Requirement

Although the service information referenced in EASA AD 2021-0265 specifies to submit certain information to the manufacturer, this AD does not include that requirement.

(j) Special Flight Permit

Special flight permits may be issued in accordance with 14 CFR 21.197 and 21.199, provided no passengers are onboard.

(k) Alternative Methods of Compliance (AMOCs)

(1) The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the International Validation Branch, send it to the attention of the person identified in paragraph (l)(2) of this AD. Information may be emailed to: 9-AVS-AIR-730-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

[Docket Number USCG-2022-0086]

RIN 1625-AA08

Special Local Regulations; Recurring Marine Events, Sector St. Petersburg

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to revise existing regulations by removing an event that no longer takes place, and by updating the location of an existing event in the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) St. Petersburg Zone. The Coast Guard invites your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 28, 2022.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0086 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Marine Science Technician Second Class Regina L. Cuevas, Sector St. Petersburg Prevention Department, Coast Guard; telephone (813) 228-2191, email Regina.L.Cuevas@uscg.mil.

I. Table of Abbreviations

CFR Code of Federal Regulations
 COTP Captain of the Port
 DHS Department of Homeland Security
 FR Federal Register
 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background, Purpose, and Legal Basis

This rulemaking pertains to the recurring marine events in the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) St. Petersburg Zone that are listed in 33 CFR 100.703, Table 1 to § 100.703. Three of these events in Table 1 to § 100.703 need corrections. The first change is in Line No. 4, “The St. Pete Beach Grand Prix of the Gulf/Powerboat P-1 USA, LLC.” The event sponsor has changed the time of year that it plans to host the event from June to September. The sponsor has also requested to move the event from St. Petersburg Beach, on the Gulf of Mexico, to the waters of Tampa Bay, adjacent to the St. Petersburg Pier. In addition, this event will appear in Line No. 5 instead of Line No. 4 in the Table. The second change is for “The Battle of the Bridges/ Sarasota Sculler Youth Rowing Program, hosted in Venice, FL,” in September. This event appears in Line No. 6 in the Table. This event sponsor has halted all events for the foreseeable future. Therefore, we will be removing this event from the Table.

The Coast Guard proposes this rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

This rule proposes to make the following changes in 33 CFR 100.703:

1. Move the event listed in Table 1 to § 100.703, Line No. 5, “Sarasota Powerboat Grand Prix/Powerboat P-1 USA, LLC to Line No. 4. We are not making any other changes to this event.
2. Move Table 1 to § 100.703, Line No. 4 to Line No. 5, and revise the event to reflect a name change, course location, and date and time for the event.
3. Delete the event listed in Table 1 to § 100.703, Line No. 6, “Battle of the Bridges/ Sarasota Scullers Youth Rowing Program.”

Marine events listed in Table 1 to § 100.703 are listed as recurring over a

particular time, during each month and each year. Exact dates are intentionally omitted since calendar dates for specific events change from year to year. Once dates for a marine event are known, the Coast Guard notifies the public it intends to enforce the special local regulation through various means including a notice of enforcement published in the **Federal Register**, Local Notice to Mariners, and Broadcast Notice to Mariners.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the special local regulations. These areas are limited in size and duration, and usually do not affect high vessel traffic areas. Moreover, the Coast Guard would provide advance notice of the regulated areas to the local maritime community by Local Notice to Mariners, Broadcast Notice to Mariners via VHF-FM marine channel 16, and the rule would allow vessels to seek permission to enter the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not

have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has

implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves removing one event from the list of recurring marine events in the COTP St. Petersburg Zone, and revising an existing recurring event to reflect a name change, course location, and date and time for the event. Normally such actions are categorically excluded from

further review under paragraphs L61 in Table 3–1 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1, because it involves a revised special local regulation related to a marine event permit for marine parades, regattas, and other marine events. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person

in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website’s instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

[Docket Number USCG-2022-0175]

RIN 1625-AA00

Safety Zone; Recurring Safety Zone in Captain of the Port Sault Sainte Marie Zone

AGENCY: Coast Guard, Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to amend its recurring safety zone regulations in the Captain of the Port Sault Sainte Marie Zone. This proposed rule would update two safety zone locations and dates. This proposed amendment action is necessary to provide for the safety of life associated with annual marine events and firework displays on these navigable waters near Mackinaw City, MI, and Mackinac Island, MI. This proposed rulemaking would prohibit persons and vessels from being in the safety zones unless authorized by the Captain of the Port Sault Sainte Marie or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 28, 2022.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0175 using the Federal eRulemaking Portal at <https://www.regulations.gov>.

II. Background, Purpose, and Legal Basis

On March 21, 2018, the Coast Guard published an NPRM in the **Federal Register** (83 FR 12307) entitled "Safety Zones; Recurring Safety Zones in Captain of the Port Sault Sainte Marie Zone." The NPRM proposed to amend 20 permanent safety zones for annually recurring events in the Captain of the Port Sault Sainte Marie Zone under § 165.918. The NPRM was open for comment for 30 days.

On April 20, 2018, the Coast Guard published the final rule in the **Federal Register** (83 FR 12307), after receiving no comments on the NPRM. Since that time there have been changes to the event that were listed in the final rule. Through this proposed rule the Coast Guard seeks to update § 165.918 to reflect the current status of a recurring marine event in the Captain of the Port Sault Sainte Marie Zone.

The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters within a 1000-foot radius of the fireworks barge before,

during, and after the scheduled event. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231).

III. Discussion of Proposed Rule

The Captain of the Port Sault Sainte Marie (COTP) determines that an amendment to the recurring safety zones list as published in 33 CFR 165.918 is necessary to: Update two existing safety zone locations and duration of the events (Mackinaw Area Visitors Bureau Friday Night Fireworks and Mackinac Island Fourth of July Celebration Fireworks). The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event and to improve the overall clarity and readability of the rule. The regulatory text we are proposing appears at the end of this document.

The amendment to this proposed rule is necessary to ensure the safety of vessels and people during annual events taking place on or near federally maintained waterways in the Captain of the Port Sault Sainte Marie Zone. Although this proposed rule will be in effect year-round, the specific safety zones listed in Table 165.918 will only be enforced during a specified period of time.

When a Notice of Enforcement for a particular safety zone is published, entry into, transiting through, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Sault Sainte Marie, or his or her designated representative. The Captain of the Port Sault Sainte Marie or his or her designated representative may be contacted via VHF Channel 16 or telephone at 906-635-3319. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.
