The following is a brief overview of the request:

The Malden Regional Airport & Industrial Park (MAW) is proposing the release and sale of a 4.81 acre parcel and a 0.16 acre parcel of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the Malden Regional Airport & Industrial Park (MAW) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances in order to sell the land. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation use.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may request an appointment to inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Malden City Hall.

Issued in Kansas City, MO, on July 28, 2022.
