### Federal Aviation Administration

#### Notice of Intent To Rule on a Land Release Request at Malden Regional Airport & Industrial Park (MAW), Malden, MO

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of request to release of airport land.

**SUMMARY:** The FAA proposes to rule and invites public comment on the request to release and sell a 4.81 acre parcel and a .016 acre parcel of federally obligated airport property at the Malden Regional Airport & Industrial Park (MAW), Malden, Missouri, under the provisions agency regulations.

**DATES:** Comments must be received on or before September 2, 2022.

**ADDRESSES:** Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE–620G, 901 Locust, Room 364, Kansas City, MO 64106. In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: David Blalock, Airport Manager, City of Malden Regional Airport & Industrial Park, 3077 Mitchell Drive, P.O. Box 411, Malden, MO 63863–0411, (573) 276–2279.

**FOR FURTHER INFORMATION CONTACT:** Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE–620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329–2603, [amy.walter@faa.gov](mailto:amy.walter@faa.gov). The request to release property may be reviewed, by appointment, in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA invites public comment on the request to release a 4.81 acre parcel and a 0.16 acre parcel of airport property at the Malden Regional Airport & Industrial Park (MAW) under the provisions of 49 U.S.C. 47107(h)(2). This is a Surplus Property Airport. The City of Malden requested a release from the FAA to sell

a 4.81 acre parcel to Aycorp, LLC for residential development, and a 0.16 acre parcel to Jerry Smith for future development. The FAA determined this request to release and sell property at the Malden Regional Airport & Industrial Park (MAW) submitted by the Sponsor meets the procedural requirements of the FAA and the release and sale of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

The Malden Regional Airport & Industrial Park (MAW) is proposing the release and sale of a 4.81 acre parcel and a 0.16 acre parcel of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the Malden Regional Airport & Industrial Park (MAW) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances in order to sell the land. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation use.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may request an appointment to inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Malden City Hall.

Issued in Kansas City, MO, on July 28, 2022.

### Federal Railroad Administration

[Docket Number FRA–2010–0029]

#### National Railroad Passenger Corporation—Amtrak’s Request To Amend Its Positive Train Control Safety Plan and Positive Train Control System

**AGENCY:** Federal Railroad Administration (FRA), Department of Transportation (DOT).

**ACTION:** Notice of availability and request for comments.

**SUMMARY:** This document provides the public with notice that, on July 26, 2022, the National Railroad Passenger Corporation (Amtrak) submitted a request for amendment (RFA) to its FRA-approved Positive Train Control Safety Plan (PTCSP). As this RFA may involve a request for FRA’s approval of proposed material modifications to an FRA-certified positive train control (PTC) system, FRA is publishing this notice and inviting public comment on the railroad’s RFA to its PTCSP.

**DATES:** FRA will consider comments received by August 23, 2022. FRA may consider comments received after that date to the extent practicable and without delaying implementation of valuable or necessary modifications to a PTC system.

**ADDRESSES:**

*Comments:* Comments may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

*Instructions:* All submissions must include the agency name and the applicable docket number. The relevant PTC docket number for this host railroad is Docket No. FRA–2010–0029. For convenience, all active PTC dockets are hyperlinked on FRA’s website at <https://railroads.dot.gov/train-control/ptc/ptc-annual-and-quarterly-reports>. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information.

**FOR FURTHER INFORMATION CONTACT:** Gabe Neal, Staff Director, Signal, Train Control, and Crossings Division, telephone: 816–516–7168, email: [Gabe.Neal@dot.gov](mailto:Gabe.Neal@dot.gov).

**SUPPLEMENTARY INFORMATION:** In general, Title 49 United States Code (U.S.C.) Section 20157(h) requires FRA to certify that a host railroad’s PTC system complies with Title 49 Code of Federal Regulations (CFR) part 236, subpart I, before the technology may be operated

in revenue service. Before making certain changes to an FRA-certified PTC system or the associated FRA-approved PTCSP, a host railroad must submit, and obtain FRA's approval of, an RFA to its PTCSP under 49 CFR 236.1021.

Under 49 CFR 236.1021(e), FRA's regulations provide that FRA will publish a notice in the **Federal Register** and invite public comment in accordance with 49 CFR part 211, if an RFA includes a request for approval of a material modification of a signal and train control system. Accordingly, this notice informs the public that, on July 26, 2022, Amtrak submitted an RFA to its PTCSP for its Advanced Civil Speed Enforcement System II (ACES II) and that RFA is available in Docket No. FRA-2010-0029.

Interested parties are invited to comment on Amtrak's RFA to its PTCSP by submitting written comments or data. During FRA's review of this railroad's RFA, FRA will consider any comments or data submitted within the timeline specified in this notice and to the extent practicable, without delaying implementation of valuable or necessary modifications to a PTC system. *See* 49 CFR 236.1021; *see also* 49 CFR 236.1011(e). Under 49 CFR 236.1021, FRA maintains the authority to approve, approve with conditions, or deny a railroad's RFA to its PTCSP at FRA's sole discretion.

#### Privacy Act Notice

In accordance with 49 CFR 211.3, FRA solicits comments from the public to better inform its decisions. DOT posts these comments, without edit, including any personal information the commenter provides, to <https://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. *See* <https://www.regulations.gov/privacy-notice> for the privacy notice of [regulations.gov](https://www.regulations.gov). To facilitate comment tracking, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. If you wish to provide comments containing proprietary or confidential information, please contact FRA for alternate submission instructions.

Issued in Washington, DC.

### Maritime Administration

[Docket Number MARAD-2019-0109]

#### Port of Long Beach (POLB or Port) Pier B On-Dock Rail Support Facility Project; Combined Final Environmental Impact Statement/Record of Decision and Final Section 4(f) Evaluation Notice of Availability

**AGENCY:** Maritime Administration, Department of Transportation (DOT).

**ACTION:** Notice.

**SUMMARY:** The U.S. Department of Transportation (DOT), Maritime Administration (MARAD) announces the availability of the Combined Final Environmental Impact Statement/Record of Decision and Final Section 4(f) Evaluation, (FEIS/ROD) for the Port of Long Beach (POLB or Port) Pier B On-Dock Rail Support Facility Project (Project) to support an application to DOT for Railroad Rehabilitation & Improvement Financing (RRIF) and potentially other federal funding programs. MARAD has issued a single document that consists of a FEIS/ROD. Therefore, the 30-day wait/review period under NEPA does not apply to this action.

**ADDRESSES:** The FEIS/ROD, supporting information, and comments are available for viewing and download at <https://www.regulations.gov> under docket number MARAD-2019-0109.

**FOR FURTHER INFORMATION CONTACT:** Alan Finio, Office of Environmental Compliance, at telephone number: 202-503-6643 or by email at [Alan.Finio@dot.gov](mailto:Alan.Finio@dot.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during business hours. The FIRS is available twenty-four hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours. Additionally, if you go to the online docket and sign up for email alerts, you will be notified if other Project documents are posted.

**SUPPLEMENTARY INFORMATION:** The Project is designed to address current traffic and cargo distribution bottlenecks into, out of, and within the POLB. The Project also includes consideration for: anticipated future demand for cargo movement via on-dock rail; maximization of on-dock intermodal operations to reach the long-term goal of 30 to 35 percent of cargo containers to be handled by on-dock rail; provision of

a facility that can accept and handle longer container trains; and provision of a rail yard that is cost effective and fiscally prudent. The Port is applying to the RRIF Program, and potentially other federal funding programs, to support the Project.

#### Summary of the Project

The City of Long Beach (COLB), acting by and through its Board of Harbor Commissioners (BHC), is proposing to construct the 12th Street Alternative in the POLB. The purposes of the proposed reconfiguration and expansion Project are to: (a) provide a sufficient facility to accommodate the expected demand of cargo to be moved via on-dock rail into the foreseeable future; (b) maximize on-dock intermodal operations to reach the long-term goal of 30 to 35 percent of cargo containers to be handled by on-dock rail (c) provide a facility that can accept and handle longer container trains; and (d) provide a rail yard that is cost effective and fiscally prudent.

The proposed Project would be constructed in three phases over an estimated seven years and has an estimated opening year of 2025. Components of the proposed Project would include:

- Adding 31 yard tracks and five arrival/departure tracks, thereby expanding the yard from an existing 12 tracks (2 main line tracks, 10-yard tracks, and no arrival/departure tracks) to a total of 48 tracks (2 main tracks, 41 yard tracks, and five arrival/departure tracks);
- Providing for up to 10,000-foot long receiving/departure tracks;
- Widening the existing rail bridge over Dominguez Channel to accommodate one additional track; and
- Constructing an area for locomotive refueling within the yard.

Realignments and closures of some roadways would be required. Pier B Street would be realigned to the south, its geometrics would be improved, and two lanes of traffic in each direction would be provided.

- The realignment of Pier B Street would require the reconstruction of two intersections, at Anaheim Way and Edison Avenue.
- The existing at-grade 9th Street railroad grade crossing would be closed, and the Shoemaker ramps removed.
- Pico Avenue would be realigned to the west beginning at the I-710 ramps south to approximately Pier D Street, allowing space for four additional tracks between Pico Avenue and the I-710 freeway.
- Areas needed for new rail tracks would require the closure of portions of
