Introduction

The Agenda is a compilation of all rulemaking activities on which an agency has recently completed action or has proposed or is considering action. The Agenda reports rulemaking activities in three major categories: completed, active, and long-term. Completed rulemaking activities are those that were completed since publication of an agency’s last Agenda; active rulemaking activities are those for which an agency currently plans to have an Advance Notice of Proposed Rulemaking, a Proposed Rule, or a Final Rule issued within the next 12 months; and long-term rulemaking activities are rulemaking activities under development but for which an agency does not expect to have a regulatory action within the 12 months after publication of the current edition of the Unified Agenda.

The NRC assigns a “Regulation Identifier Number” (RIN) to a rulemaking activity when the Commission initiates a rulemaking and approves a rulemaking plan, or when the NRC staff begins work on a Commission-delegated rulemaking that does not require a rulemaking plan. The Office of Management and Budget uses this number to track all relevant documents throughout the entire “lifecycle” of a particular rulemaking activity. The NRC reports all rulemaking activities in the Agenda that have been assigned a RIN and meet the definition

for a completed, an active, or a long-term rulemaking activity.

The information contained in this Agenda is updated to reflect any action that has occurred on a rulemaking activity since publication of our last Agenda on January 31, 2022. Specifically, the information in this Agenda has been updated through June 1, 2022. The NRC provides additional information on planned rulemaking and petition for rulemaking activities, including priority and schedule, in NRC’s Rulemaking Tracking System on our website at <https://www.nrc.gov/reading-rm/doc-collections/rulemaking-ruleforum/active/ruleindex.html>.

The date for the next scheduled action under the heading “Timetable” is the date the next regulatory action for the rulemaking activity is scheduled to be published in the **Federal Register**. The date is considered tentative and is not binding on the Commission or its staff.

The Agenda is intended to provide the public early notice and opportunity to participate in our rulemaking process. However, we may consider or act on any rulemaking activity even though it is not included in the Agenda.

Section 610 Periodic Reviews Under the Regulatory Flexibility Act

Section 610 of the Regulatory Flexibility Act (RFA) requires agencies to conduct a review within 10 years of issuance of those regulations that have or will have a *significant* economic impact on a *substantial* number of small entities. We undertake these reviews to decide whether the rules should be unchanged, amended, or withdrawn. At this time, we do not have any rules that have a *significant* economic impact on a *substantial* number of small entities; therefore, we have not included any RFA Section 610 periodic reviews in this edition of the Agenda. A complete listing of our regulations that impact

small entities and related Small Entity Compliance Guides are available from the NRC’s website at <https://www.nrc.gov/about-nrc/regulatory/rulemaking/flexibility-act/small-entities.html>.

Public Comments Received on the NRC Unified Agenda

The comment period on the NRC’s last Agenda (published on January 31, 2022 (<https://www.govinfo.gov/content/pkg/FR-2022-01-31/pdf/2021-27962.pdf>)) closed on March 2, 2022. The NRC received one public comment on its Fall 2021 Agenda.

361. Revision to the NRC’S Acquisition Regulation (NRCAR) [NRC–2014–0033] [3150–AJ36]

Legal Authority: 42 U.S.C. 2201; 42 U.S.C. 5841
