Certain Softwood Lumber Products From Canada: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that producers and/or exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), January 1, 2020, through December 31, 2020.

DATES: Applicable August 9, 2022.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen (Canfor) or Maisha Cryor (West Fraser), AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2769 or (202) 482–5831, respectively.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Results* on February 4, 2022.¹ This review covers 275 producers/exporters of subject merchandise, including two mandatory respondents, Canfor ² and West Fraser.³ For events subsequent to the *Preliminary Results, see* the Issues and Decision Memorandum.⁴ The final weighted-average dumping margins are listed below in the "Final Results of Review" section of this notice.

Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The product covered by this review is softwood lumber from Canada. For a full description of the scope, *see* the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case briefs filed in this administrative review are addressed in the Issues and Decision Memorandum. A list of the topics discussed in the Issues and Decision Memorandum is included in Appendix I of this notice. The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at http:// access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum is also accessible on the internet at https://access.trade.gov/ public/FRNoticesListLayout.aspx.

Final Determination of No Shipments

Based on the comments received, we find that Careau Bois, Inc. had no

² As described in the *Preliminary Results* PDM, we have treated Canfor Corporation, Canadian Forest Products Ltd., and Canfor Wood Products Marketing Ltd. (collectively, Canfor) as a single entity. *See Preliminary Results* PDM.

³ As described in the *Preliminary Results* PDM, we have treated West Fraser Mills Ltd., Blue Ridge Lumber Inc., Manning Forest Products Ltd., and Sundre Forest Products Inc. (collectively, West Fraser) as a single entity. *See Preliminary Results* PDM at 6–7.

⁴ See Memorandum, "Issues and Decision Memorandum for the Final Results of the 2020 Administrative Review of the Antidumping Duty Order on Certain Softwood Lumber Products from Canada," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

shipments.⁵ We will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on these final results.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we made the following changes to the *Preliminary Results*:

- Identified Comox Valley Shakes (2019) Ltd. as a non-selected company under review; ⁶
- For West Fraser, corrected an error with how we calculated the byproduct offset; and
- Made a determination that Careau Bois, Inc. had no shipments.

Final Results of Review

As a result of this administrative review, we are assigning the following weighted-average dumping margins to the manufacturers/exporters listed below for the POR, January 1, 2020, through December 31, 2020:

Exporter/producer	Weighted- average dumping margin (percent)
Canfor Corporation/Canadian Forest Products Ltd./Canfor Wood Products Marketing Ltd	4.92
Inc	4.63 4.76

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

We intend to calculate importer- (or customer-) specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer (or customer's) examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific rate is zero or *de minimis* within the meaning of 19 CFR

351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Generally, when calculating margins for non-selected respondents, Commerce looks to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the allothers rate in an investigation. Section 735(c)(5)(A) of the Act provides that when calculating the all-others rate, Commerce will exclude any zero and de minimis weighted-average dumping margins, as well as any weightedaverage dumping margins based on total facts available. Accordingly, Commerce's usual practice has been to average the margins for selected respondents, excluding margins that are zero, de minimis, or based entirely on facts available.

In this review, we calculated a weighted-average dumping margin of 4.92 percent for Canfor and 4.63 percent for West Fraser. In accordance with section 735(c)(5)(A) of the Act, Commerce assigned the weighted-average of these two calculated weighted-average dumping margins to the non-selected companies in these final results, based on their publicly ranged sales data.⁸ Accordingly, we have applied a rate of 4.76 percent to the non-selected companies.⁹ A list of all non-selected companies is included in Appendix II.

Commerce's "reseller policy" will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the allothers rate if there is no rate for the intermediate company(ies) involved in the transaction. ¹⁰

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future cash deposits of estimated duties, where applicable. Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of the final results of

this review in the **Federal Register**, in accordance with 19 CFR 356.8(a).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies under review will be equal to the weighted-average dumping margin listed above in the "Final Results of Review" section; (2) for merchandise exported by producers or exporters not covered in this review but covered in a previously completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the final results for the most recent period in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the producer is, then the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the final results for the most recent period in which that producer participated; and (4) if neither the exporter nor the producer is a firm covered in this review or in any previously completed segment of this proceeding, then the cash deposit rate will be 6.58 percent ad valorem, the all-others rate established in the less than fair value investigation.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice is the only reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or

 $^{^5}$ See Issues and Decision Memorandum at Comment 15.

⁶ Despite parties requesting a review of Comox Valley Shakes (2019) Ltd., we failed to list Comox Valley Shakes (2019) Ltd. in the *Initiation Notice*. See *Initiation* of Antidumping and Countervailing Duty Administrative Reviews; Amendment of Notice, 87 FR 43242 (July 20, 2022).

Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h).

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) requests comments on an extension of a currently approved information collection for the West Coast Region Groundfish Electronic Fish Ticket Program.

As part of its fishery management responsibilities, the National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) collects information to determine the amount and type of groundfish caught by fishing vessels. Electronic fish tickets are submissions of landings data from the first receiver to the Pacific States Marine Fisheries Commission (PSMFC) and NMFS. This collection supports requirements for participants of the Pacific Coast shorebased commercial groundfish fisheries (including the shorebased Individual Fishing Quota (IFQ) program, the limited entry fixed gear fishery, and the open access fixed gear fishery) to account for all landed catch and to send electronic catch data used to manage the catch allocations and limits. The respondents are principally shorebased first receivers.

II. Method of Collection

Shoreside first receivers, defined as persons who receive, purchase, or take custody, control, or possession of catch onshore directly from a vessel, are required to use a web-based, NMFS-approved electronic fish ticket program to send catch reports within 24 hours from the date of the landing.

III. Data

OMB Control Number: 0648–0738. Form Number(s): None.

Type of Review: Regular submission (extension of a currently approved information collection).
