Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People’s Republic of China: Amended Final Results of Antidumping Duty Administrative Review, 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is amending the final results of the administrative review of the antidumping duty (AD) order on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People’s Republic of China (China) to correct a ministerial error. The period of review is December 1, 2019, through November 30, 2020.

DATES: Applicable August 10, 2022.

FOR FURTHER INFORMATION CONTACT: Jeffrey Pedersen, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration,

U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2769.

SUPPLEMENTARY INFORMATION:

Background

On June 28, 2022, Commerce published in the **Federal Register** the final results of the 2019–2020 administrative review of the AD order on crystalline silicon photovoltaic cells, whether or not assembled into modules, from China.¹ On July 5, 2022, the American Alliance for Solar Manufacturing (the petitioner) alleged that Commerce made a ministerial error in its calculations in the final results of review.² On July 11, 2022, Risen³ rebutted the petitioner’s ministerial error comments.⁴

Legal Framework

Pursuant to 19 CFR 351.224(e), Commerce will analyze any ministerial error comments received and, if appropriate, correct any ministerial error by amending the final results of review. According to section 751(h) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.224(f), a ministerial error is an error “in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which {Commerce} considers ministerial.”

Ministerial Error

After analyzing interested parties’ comments, we have determined that we made a ministerial error in the final results by inadvertently using the incorrect average unit value for the Malaysian Harmonized Tariff Schedule subheading that we selected to value the mandatory respondents’ aluminum frames, profiles, keys, and extrusions. For details regarding the ministerial error, see the Ministerial Error Memorandum.⁵

Accordingly, we are amending our calculations of the mandatory respondents’ dumping margins in the final results to reflect our correction of this error.⁶ Because the dumping margins of the non-individually examined respondents to which we granted a separate rate are based on the weighted-average dumping margins that we calculated for the mandatory respondents, we also have amended the dumping margin that we assigned to these non-individually examined respondents.⁷

Amended Final Results

After correcting the ministerial error referenced above, we have determined that the following weighted-average dumping margins exist for the period of review, December 1, 2019 through November 30, 2020:

Producers/exporters	Weighted-average dumping margin (percent)
Jinko Solar Import and Export Co., Ltd./Jinko Solar Co., Ltd./JinkoSolar Technology (Haining) Co., Ltd./Yuhuan Jinko Solar Co., Ltd./Zhejiang Jinko Solar Co., Ltd./Jiangsu Jinko Tiansheng Solar Co., Ltd./JinkoSolar (Chuzhou) Co., Ltd./JinkoSolar (Yiwu) Co., Ltd./JinkoSolar (Shangrao) Co., Ltd	20.99
