**SUPPLEMENTARY INFORMATION:**

**Agenda**

The Monkfish Advisory Panel will receive the revised draft Monkfish Fishery Performance Report and have any further discussion before finalizing the report. The panel will also receive a progress update on developing 2023–25 specifications and other management measures (regarding Days-At-Sea, possession limits, and gillnet mesh size) and make any further recommendations to the committee on alternatives. They will also develop monkfish Priority recommendations and bring to the committee for 2023 Council management priorities regarding monkfish. This could include an action to address the NOAA Fisheries Draft Action Plan to Reduce Atlantic Sturgeon Bycatch in Federal Large Mesh Gillnet Fisheries. Other business may be discussed, as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

**Special Accommodations**

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the date. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
