

DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission**

[Docket No. CP22–25–000]

**Notice of Availability of the
Environmental Assessment for the
Proposed Venture Global Calcasieu
Pass, LLC Calcasieu Pass Uprate
Amendment Project**

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Calcasieu Pass Uprate Amendment Project, proposed by Venture Global Calcasieu Pass, LLC (Calcasieu Pass) in the above-referenced docket. Calcasieu Pass requests authorization to increase the authorized peak liquefaction capacity of the existing Calcasieu Pass Export Terminal in Cameron Parish, Louisiana.

The EA assesses the potential environmental effects of the Calcasieu Pass Uprate Amendment Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Department of Energy, U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration, and U.S. Coast Guard participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

Calcasieu Pass proposes to increase the Calcasieu Pass Export Terminal's authorized peak liquefaction capacity achievable under optimal conditions from 12.0 million metric tons per annum to 12.4 million metric tons per annum of liquefied natural gas (LNG)—or from approximately 620 billion cubic feet to approximately 640.7 billion cubic feet per year (gas equivalence). According to Calcasieu Pass, this proposed increase in the peak liquefaction capacity is based on updated engineering and vendor data, reflecting actual equipment performance. The requested increase does not involve the construction of any new facilities nor any modification of the previously authorized facilities. There would be no land disturbance required for this Project.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field (*i.e.*, CP22–25–000). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5 p.m. Eastern Time on September 4, 2022.

For your convenience, there are three methods you can use to file your comments to the Commission.
