

a copy to the comments.⁶⁶ Commenters should indicate how each document cited or attached to their comments is relevant to the NEPA analysis and indicate the specific pages and passages in the attachment that are most informative.

The more specific the comments are, and the more support they provide in identifying peer-reviewed scientific studies and reports, the more useful the comments will be to the NEPA process. For example, if a comment identifies an additional area of impact or environmental concern that NHTSA should analyze, or an analytical tool or model that NHTSA should use to evaluate these environmental impacts, the comment should clearly describe it and provide a reference to a specific peer-reviewed scientific study, report, tool, or model, if possible. Specific, well-supported comments will help the agency prepare an EIS that is focused and relevant and will serve NEPA's overarching aims of making high quality information available to decisionmakers and the public by "avoid[ing] useless bulk in statements and . . . concentrate[ing] effort and attention on important issues."⁶⁷ By contrast, mere assertions that the agency should evaluate broad lists or categories of concerns, without support, will not assist the scoping process for the proposed standards.

Please be sure to reference the docket number identified in the heading of this notice in any submitted comments. All comments and materials received, including the names and addresses of the commenters who submit them, will become part of the administrative record and will be posted on the web at <http://www.regulations.gov>.

c. Schedule for Decision-Making

Separate **Federal Register** notices published by EPA will announce the availability of the Draft EIS, which will be available for public comment, and the Final EIS. NHTSA will issue the Draft EIS concurrently with its NPRM. In addition, NHTSA will simultaneously issue a Final EIS and Record of Decision (Final Rule), pursuant to 49 U.S.C. 304a, unless it is determined that statutory criteria or practicability considerations preclude concurrent issuance. NHTSA also plans to continue to post information about the NEPA process and this CAFE rulemaking on its website (<http://www.nhtsa.gov>).

Issued in Washington, DC, under authority delegated in 49 CFR parts 1.95, 501.5 and 501.8.

Milton E. Cooper,

Director, Rulemaking Operations.

SUPPLEMENTARY INFORMATION:

Authority: Example: 44 U.S.C. 3501–21.

Title: Request for Determination of Loan Guaranty Eligibility—Unmarried Surviving Spouses.

OMB Control Number: 2900–0055.

Type of Review: Revision of a currently approved collection.

Abstract: VA Form 26–1817 is used by VA to determine an unmarried surviving spouse’s eligibility for Loan Guaranty benefits, and the amount of entitlement available. Each completed form is normally accompanied by proof of the deceased Veteran’s military service and is submitted by the applicant to the appropriate VA office. If eligible, VA will issue the applicant a Certificate of Eligibility (COE) to be used in applying for Loan Guaranty benefits.

This form is also used in restoration of entitlement cases. Generally, if an

applicant has used all or part of their entitlement, it may be restored if (1) the property has been sold and the loan has been paid in full or (2) a qualified Veteran-transferee agrees to assume the balance on the loan and agrees to substitute their entitlement for the same amount of entitlement originally used by the applicant to get the loan. The buyer must also meet the occupancy and income and credit requirements of the law. Restoration is not automatic; an applicant must apply for it by completing VA Form 26–1817.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 87 FR 34761 on June 7, 2022, pages 34761.

Affected Public: Individuals or Households.

Estimated Annual Burden: 4,250.

Estimated Average Burden per Respondent: 15 minutes.

Frequency of Response: One time.

Estimated Number of Respondents: 8,500.

By direction of the Secretary.
