AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty (CVD) order on sulfanilic acid from India, covering the period January 1, 2021 through December 31, 2021.

DATES: Applicable August 19, 2022.

FOR FURTHER INFORMATION CONTACT: Brendan Quinn, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5848.

SUPPLEMENTARY INFORMATION:**Background**

On March 3, 2022, Commerce published in the *Federal Register* a notice of opportunity to request an administrative review of the CVD order on sulfanilic acid from India.¹ On March 30, 2022, the Government of India (GOI) timely requested that Commerce conduct an administrative review of the CVD order on sulfanilic acid from India covering the period of review (POR) January 1, 2021, through December 31, 2021, without naming specific producers or exporters.² We received no other requests for review. On May 13, 2022, Commerce published in the *Federal Register* a notice of initiation of an administrative review with respect to all producers and exporters of sulfanilic acid from India, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).³ On May 18, 2022, Commerce notified all interested parties that we requested U.S. Customs and Border Protection (CBP) entry data for all producer/exporters of sulfanilic acid from India during the POR, and that the results of the query indicated that there were no reviewable entries from

producers/exporters from India during the POR.⁴ In the CBP Entry Memorandum, we also stated that, because there were no reviewable entries, we were notifying interested parties of our intent to rescind the review in full, and we provided all parties an opportunity to comment on the CBP data and our intent to rescind.⁵ No party submitted comments.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of a CVD order where it concludes that there were no reviewable entries of subject merchandise during the POR.⁶ Normally, upon completion of an administrative review, the suspended entries are liquidated at the CVD assessment rate for the review period.⁷ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated CVD assessment rate for the review period.⁸ As noted above, there were no entries of subject merchandise during the POR from producers/exporters from India during the POR. Accordingly, in the absence of reviewable, suspended entries of subject merchandise during the POR, we are rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

Assessment

Commerce will instruct CBP to assess countervailing duties on all appropriate entries. Because Commerce is rescinding this review in its entirety, the entries to which this administrative review pertained shall be assessed at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the *Federal Register*.

Polyester Staple Fiber From the Republic of Korea and Taiwan: Continuation of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on polyester staple fiber (PSF) from the Republic of Korea (Korea) and Taiwan would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD orders.

DATES: Applicable August 19, 2022.

FOR FURTHER INFORMATION CONTACT: Theodore Pearson, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2631.

SUPPLEMENTARY INFORMATION:**Background**

On May 25, 2000, Commerce published the *Orders* on PSF from Korea

and Taiwan.¹ On January 3, 2022, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), Commerce published the initiation of the fourth sunset reviews of the *Orders* and the ITC instituted its review of the *Orders*.²

As a result of its reviews, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of dumping. Commerce, therefore, notified the ITC of the magnitude of the margins of dumping rates likely to prevail should these *Orders* be revoked.³

On August 12, 2022, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to the continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Orders

The product covered by the *Orders* is certain polyester staple fiber (PSF). PSF is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The merchandise subject to these *Orders* may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.25 is specifically excluded from these *Orders*. specifically excluded from these *Orders* are polyester staple fibers of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from these *Orders*. Low-melt PSF is defined as a bi-component polyester fiber having a polyester fiber component that melts at a lower temperature than the other polyester fiber component.

The merchandise subject to these *Orders* is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. The U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year (sunset) reviews of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return, destruction, or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

Notification to Interested Parties

These five-year sunset reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).
