SUPPLEMENTARY INFORMATION:

I. Background

Russia became a Member of the WTO on August 22, 2012, and on December 21, 2012, following the termination of the application of the Jackson-Vanik amendment to Russia and the extension of permanent normal trade relations to the products of Russia, the United States and Russia both filed letters with the WTO withdrawing their notices of non-application and consenting to have the WTO Agreement apply between them. In accordance with Section 201(a) of the Russia and Moldova Jackson-Vanik Repeal and Sergei Magnitsky Rule of Law Accountability Act of 2012 (Pub. L. 112–208), USTR is required to submit annually a report to Congress on the extent to which Russia is implementing the WTO Agreement, including the Agreement on the Application of Sanitary and Phytosanitary Measures and the Agreement on Trade Related Aspects of Intellectual Property Rights. The report also must assess Russia's progress on acceding to and implementing the Information Technology Agreement (ITA) and the Government Procurement Agreement (GPA). In addition, to the extent that USTR finds that Russia is not implementing fully any WTO agreement or is not making adequate progress in acceding to the ITA or the GPA, USTR must describe in the report the actions it plans to take to encourage Russia to improve its implementation and/or increase its accession efforts. In accordance with Section 201(a), and to assist it in preparing this year's report, the TPSC is hereby soliciting public comments.

The terms of Russia's accession to the WTO are contained in the Marrakesh Agreement Establishing the World Trade Organization and the Protocol on the Accession of the Russian Federation to the WTO (including its annexes) (Protocol). The Report of the Working Party on the Accession of the Russian Federation (Working Party Report)

provides detail and context to the commitments listed in the Protocol. You can find the Protocol and Working Party Report on USTR's website at <https://ustr.gov/node/5887> or on the WTO website at <http://docsonline.wto.org> (document symbols: WT/ACC/RUS/70, WT/MIN(11)/2, WT/MIN(11)/24, WT/L/839, WT/ACC/RUS/70/Add.1, WT/MIN(11)/2/Add.1, WT/ACC/RUS/70/Add.2, and WT/MIN(11)/2/Add.1.)

II. Public Participation

USTR invites public comments and/or oral testimony on Russia's implementation of its WTO commitments according to the schedule set out in the **DATES** section above. Written comments and/or oral testimony of interested persons should address Russia's implementation of the commitments made in connection with its accession to the WTO, including, but not limited to, commitments in the following areas:

- a. Import regulation (e.g., tariffs, tariff-rate quotas, quotas, import licenses).
- b. Export regulation.
- c. Subsidies.
- d. Standards and technical regulations.
- e. Sanitary and phytosanitary measures.
- f. Trade-related investment measures (including local content requirements).
- g. Taxes and charges levied on imports and exports.
- h. Other internal policies affecting trade.
- i. Intellectual property rights (including intellectual property rights enforcement).
- j. Services.
- k. Government procurement.
- l. Rule of law issues (e.g., transparency, judicial review, uniform administration of laws and regulations).
- m. Other WTO commitments.

USTR requests small businesses (generally defined by the Small Business Administration as firms with fewer than 500 employees) or organizations representing small business members that submit comments to self-identify as such, so that we may be aware of issues of particular interest to small businesses.

The TPSC will convene a virtual public hearing via Zoom on Tuesday, October 4, 2022, beginning at 9:00 a.m. EDT. Persons wishing to observe the public hearing will find a link on USTR's web page for Russia on the day of the hearing at <https://ustr.gov/countries-regions/europe-middle-east/russia-and-eurasia/russia>.

Persons wishing to testify at the hearing must provide written notification of their intention to testify no later than September 21, 2022 at 11:59 p.m. EDT, as noted above in **DATES** section. Remarks at the hearing will be limited to no more than 5 minutes to allow for possible questions from the

TPSC. Because the hearing will be public, testimony should not include any business confidential information (BCI). USTR will provide a link in advance of the virtual hearing to persons wishing to testify.

III. Requirements for Submissions

Persons submitting written comments must do so in English and must identify on the first page of the submission 'Comments Regarding Russia's Implementation of its WTO Commitments.' The submission deadline is September 21, 2022 at 11:59 p.m. EDT. USTR strongly encourages commenters to make online submissions, using regulations.gov. [Regulations.gov](https://regulations.gov) allows users to submit comments by filling in a 'type comment' field, or by attaching a document using the 'upload file' field. USTR prefers that you provide submissions in an attached document and, in such cases, that you write 'see attached' in the 'type comment' field, on the online submission form.

USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the 'type comment' field. At the beginning of the submission, include the following text: (1) 2022 Russia WTO Implementation Report; (2) your organization's name; and (3) whether the document is a comment or an answer to a TPSC question. Written comments should not exceed 30 single-spaced, standard letter-size pages in 12-point type, including attachments. Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

IV. Business Confidential Submissions

An interested party requesting that USTR treat information contained in a submission as BCI must certify that the information is business confidential. For

any comments submitted electronically containing BCI, the file name of the business confidential version should begin with the characters 'BCI.' You must clearly mark any page containing BCI with 'BUSINESS CONFIDENTIAL' at the top of that page. Filers of submissions containing BCI also must submit a public version of their comments that USTR will place in the docket for public inspection. The file name of the public version should begin with the character 'P.' Follow the 'BCI' and 'P' with the name of the person or entity submitting the comments.

As noted, USTR strongly urges that you file submissions through *Regulations.gov*. You must make any alternative arrangements with Spencer Smith at *Spencer.L.Smith2@ustr.eop.gov* or (202) 395-2974 in advance of the deadline.

USTR will post comments in the docket for public inspection, except properly designated BCI. You can view comments at *Regulations.gov* by entering docket number USTR-2022-0011 in the search field on the home page. General information concerning USTR is available at <https://www.ustr.gov>.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on January 27, 2022 (87 FR 4325). Public Law 103-272 states that all aircraft must be registered before they may be flown. It sets forth registration eligibility requirements and provides for application for registration as well as suspension and/or revocation of registration. The information collected is used by the FAA to register an aircraft and record a security interest in a registered aircraft.

The FAA Reauthorization Act of 2018 (Pub. L. 115-254 or The Act), Section 546, "FAA Civil Aviation Registry Upgrade", requires:

1. The digitization of non-digital Registry information, including paper documents, microfilm images, and photographs, from an analog or non-digital format to a digital format;

2. The digitalization of Registry manual and paper-based processes, business operations, and functions by leveraging digital technologies and a broader use of digitized data;

3. The implementation of systems allowing a member of the public to submit any information or form to the Registry and conduct any transaction with the Registry by electronic or other remote means; and

4. Allowing more efficient, broader, and remote access to the Registry.

In response to The Act, the FAA has initiated the creation of Civil Aviation Registry Electronic Services (CARES). CARES is intended to modernize and streamline the way these forms are submitted by providing online access to users wishing to submit information electronically. Public users will continue to have the paper-based submission option by providing the same information that is accepted today, along with the addition of an email address.

To accommodate the public user with these web-based services, a dedicated
