

for technical and scientific testing issues. Thus, while DOT has discretion concerning many aspects of the regulations governing testing in the transportation industries' regulated programs, DOT and FMCSA must follow the HHS Mandatory Guidelines for the laboratory standards and procedures used for regulated testing. Therefore, allowing the use of a non-DOT drug test to serve as the basis for an actual knowledge report under 49 CFR part 382 is contrary to OTETA.

FMCSA notes that in section 5402(b) of the Fixing America's Surface Transportation Act (FAST Act) (Pub. L. 114-94, 129 Stat. 1548, codified at 49 U.S.C. 31306 note) (Dec. 4, 2015)), Congress required that the U.S. Department of Health and Human Services (HHS) "not later than one year after . . . this Act, . . . issue scientific and technical guidelines for hair testing as a method of detecting the use of a controlled substance for purposes of section 31306 of title 49, United States Code." The FAST Act also amended OTETA by adding a requirement that FMCSA's drug and alcohol testing regulations permit the use of hair testing as an acceptable alternative to urine testing for pre-employment drug testing, and for random drug testing when the driver was subject to pre-employment hair testing (49 U.S.C. 31306(b)(1)(B)). The Conference Report accompanying the FAST Act noted that "[t]he FMCSA has informed the conferees, and the conferees agree that *nothing in section 5402 authorizes the use of hair testing as an alternative to urine tests until the U.S. Department of Health and Human Services establishes federal standards for hair testing*" (emphasis added). [H.R. Rep. 114-357, at 506 (Dec. 1, 2015)]

HHS issued proposed Mandatory Guidelines for Federal Workplace Drug Testing Using Hair (HMG) in 2020 (85 FR 56108 (September 10, 2020)). However, HHS has not yet issued a final version of the HMG.

V. Request for Comments

As described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy, the comments are searchable by the name of the submitter.

II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not

have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (Apr. 22, 1970) and 36 FR 12857 (July 3, 1971).

The seven individuals listed in this notice have requested renewal of their exemptions from the hearing standard in § 391.41(b)(11), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable 2-year period.

III. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b), FMCSA will take immediate steps to revoke the exemption of a driver.

IV. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the seven applicants has satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The seven drivers in this notice remain in good standing with the Agency. In addition, for commercial driver’s license (CDL) holders, the Commercial Driver’s License Information System and the Motor Carrier Management Information System are searched for crash and violation data. For non-CDL holders, the Agency reviews the driving records from the State Driver’s Licensing Agency. These factors provide an adequate basis for predicting each driver’s ability to continue to safely operate a CMV in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each of these drivers for a period of 2 years is likely to achieve a level of safety equal to that existing without the exemption.

In accordance with 49 U.S.C. 31136(e) and 31315(b), the following groups of drivers received renewed exemptions in the month of September and are discussed below.

As of September 6, 2022, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following four individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Weston Arthurs (CA)
Charles DePriest (TX)
Richard Hoots (AR)
D’Nielle Smith (OH)

The drivers were included in docket number FMCSA–2014–0106, FMCSA–2015–0326, or FMCSA–2016–0002. Their exemptions are applicable as of September 6, 2022 and will expire on September 6, 2024.

As of September 14, 2022, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following three individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Jonathan Kelly (TX); Eddie Martinez (TX); and Willie Miller (IA)

The drivers were included in docket number FMCSA–2020–0026. Their exemptions are applicable as of September 14, 2022 and will expire on September 14, 2024.

V. Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) each driver must report any crashes or accidents as defined in § 390.5; and (2) report all citations and convictions for disqualifying offenses under 49 CFR 383 and 49 CFR 391 to FMCSA; and (3) each driver prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. In addition, the exemption does not exempt the individual from meeting the applicable CDL testing requirements. Each exemption will be valid for 2 years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

VI. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VII. Conclusion

Based upon its evaluation of the seven exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the hearing requirement in § 391.41(b)(11). In accordance with 49 U.S.C. 31136(e) and 31315(b), each exemption will be valid for two years unless revoked earlier by FMCSA.

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. 104–13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501–3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On April 22, 2022, FTA published a 60-day notice (87 FR 24222) in the **Federal Register** soliciting comments on the ICR that the agency was seeking OMB approval. The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The requirements are being submitted for clearance by OMB as required by the PRA.

Title: Rail Fixed Guideway Systems; State Safety Oversight.

OMB Control Number: 2132–0558.

Background: FTA administers a national program for public transportation safety under 49 U.S.C. Section 5329. One element of this program, at 49 U.S.C. 5329(e), requires

States to oversee the safety of the rail transit agencies (RTAs) in their jurisdictions, including heavy and light rail systems, streetcars, inclined planes, cable cars, monorail/automated guideways and hybrid rail. Through this program, State Safety Oversight Agencies (SSOAs) ensure that RTAs identify and address safety risks, follow their safety rules and procedures, and take corrective action to address safety deficiencies.

The information collection activities request is for a renewal without change of a currently approved collection. The information collection focus is on the activities of SSOAs and RTAs to report information to FTA. This request for renewal of an existing information collection does not reflect any changes as a result of the Bipartisan Infrastructure Law. In the event that FTA updates State Safety Oversight requirements, FTA will seek comment from stakeholders through the publication of a separate **Federal Register** notice outside of the Paperwork Reduction Act process.

The information collection request includes the annual report FTA requires from SSOAs, FTA’s grant management reporting requirement and the triennial audit program, which requires information from both SSOAs and RTAs. Further, the information collection continues to reflect requirements for SSOAs and RTAs to respond to FTA directives and advisories, and SSOAs participation in monthly teleconference calls with FTA. Finally, the information collection request includes RTA event notifications to FTA.

Estimated Annual Number of Respondents: 96 respondents.

Estimated Annual Number of Responses: 1,454.

Estimated Total Annual Burden Hours: 16,366 hours.

Frequency: Annually.

Deputy Associate Administrator, Office of Administration.
