

Estimated Time per Response: Walk-behind power lawn mowers are manufactured seasonally to meet demand. They are manufactured during an estimated 130 days out of the year. When they are manufactured, firms are required to test and maintain records of those tests. Staff estimates 8 hours daily for testing and recordkeeping per firm, totaling 1040 hours per firm (8 hours × 130 days). In addition, to produce labels and apply labels on the newly manufactured lawn mowers, staff estimates 1 hour daily for each firm during the production cycle for a total of 130 hours per firm (1 hour × 130 days).

Total Estimated Annual Burden: Staff estimates 30,160 hours on testing and recordkeeping (29 firms × 1,040 hours) and 3,770 hours for labeling (29 firms × 130 hours). Aggregate annual burden hours related to testing, recordkeeping, and labeling are estimated to be 1,170 hours (1040 + 130) per firm and 33,930 hours (30,160 + 3,770) for the industry. The annual testing, reporting and recordkeeping costs burden is estimated to be \$2,176,044, based on 30,160 hours × \$72.15 (total compensation for management, professional, and related workers in goods-producing industries); and the annual cost burden related to labeling is estimated to be \$132,892.50, based on 3,770 hours × \$35.25 (total compensation for all sales and office workers in goods-producing industries).¹ Aggregate annual burden costs related to testing, recordkeeping, and labeling are estimated to be \$2,308,936.50 (\$2,176,044 + \$132,892.50) for the industry.

General Description of Collection: In 1979, the Commission issued the Safety Standard for Walk-Behind Power Lawn Mowers (16 CFR part 1205) to address blade contact injuries. Subpart B of the standard sets forth regulations prescribing requirements for a reasonable testing program to support certificates of compliance with the standard for walk-behind power lawn mowers. 16 CFR part 1205, subpart B.

In addition, section 14(a) of the CPSA (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program. The

information collection is necessary because these regulations require manufacturers and importers to establish and maintain records to demonstrate compliance with the requirements for testing and labeling to support the certification of compliance.

Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

Submission for OMB Review; Comments Request

AGENCY: U.S. International Development Finance Corporation (DFC).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency modifying an existing information collection for OMB review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

DATES: Comments must be received by October 25, 2022.

ADDRESSES: Comments and requests for copies of the subject information collection may be sent by any of the following methods:

- *Mail:* Deborah Papadopoulos, Agency Submitting Officer, U.S. International Development Finance Corporation, 1100 New York Avenue NW, Washington, DC 20527.
- *Email:* fedreg@dfc.gov.

Instructions: All submissions received must include the agency name and agency form number or OMB form number for this information collection. Electronic submissions must include the agency form number in the subject line to ensure proper routing. Please note that all written comments received in response to this notice will be considered public records.

FOR FURTHER INFORMATION CONTACT:

Agency Submitting Officer: Deborah Papadopoulos, (202) 357–3979.

SUPPLEMENTARY INFORMATION: This notice informs the public that DFC will submit to OMB a request for approval of the following information collection.

Summary Form Under Review

Title of Collection: Impact Assessment Questionnaire.

Type of Review: Revision of a currently approved information collection.

Agency Form Number: DFC–007.

OMB Form Number: 3015–0009.

Frequency: Once per investor per project.

Affected Public: Business or other for-profit; not-for-profit institutions; individuals.

Total Estimated Number of Annual Number of Respondents: 250.

Estimated Time per Respondent: 1.5 hours.

Total Estimated Number of Annual Burden Hours: 375 hours.

Abstract: The DFC Impact Assessment Questionnaire is the principal document used by the agency to initiate the assessment of a potential project's predicted development impact, as well as the project's ability to comply with environmental and social policies, including labor and human rights, as consistent with the agency's authorizing legislation.

Dated: August 22, 2022.

Nichole Skoyles,

Administrative Counsel, Office of the General Counsel.
