

This action increases the assessment obligation imposed on handlers. While assessments impose additional costs on handlers, the costs are minimal and uniform on all handlers, and some of the costs may be passed on to growers. However, these costs are expected to be offset by the benefits derived by the operation of the Order.

The Committee meetings are widely publicized throughout the Florida avocado industry and all interested persons are invited to attend meetings and participate in Committee deliberations on all issues. Like all Committee meetings, the January 12, 2022, meeting was a public meeting and all entities, both large and small, were able to express views on this issue.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Order's information collection requirements have been previously approved by OMB and assigned OMB No. 0581-0189 Fruit Crops. No changes in those requirements are necessary as a result of this rule. Should any changes become necessary, they would be submitted to OMB for approval.

This rule imposes no additional reporting or recordkeeping requirements on either small or large Florida avocado handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies. As noted in the initial regulatory flexibility analysis, AMS has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

AMS is committed to complying with the E-Government Act, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

A proposed rule concerning this action was published in the **Federal Register** on April 22, 2022 (87 FR 24070). Copies of the proposed rule were also mailed or sent via email to all south Florida avocado handlers. The proposal was made available through the internet by USDA and <https://www.regulations.gov>. A 30-day comment period ending May 23, 2022, was provided for interested persons to respond to the proposal. No comments were received. Accordingly, no changes will be made to the rule as proposed.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <https://www.ams.usda.gov/rules-regulations/>

moa/small-businesses. Any questions about the compliance guide should be sent to Richard Lower at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule will tend to effectuate the declared policy of the Act.

List of Subjects in 7 CFR Part 915

Avocados, Marketing agreements, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, the Agricultural Marketing Service amends 7 CFR part 915 as follows:

PART 915—AVOCADOS GROWN IN SOUTH FLORIDA

- 1. The authority citation for 7 CFR part 915 continues to read as follows:

Authority: 7 U.S.C. 601–674.

- 2. Section 915.235 is revised to read as follows:

§ 915.235 Assessment rate.

On and after April 1, 2022, an assessment rate of \$0.50 per 55-pound container or equivalent is established for avocados grown in South Florida.

Erin Morris,

Associate Administrator, Agricultural Marketing Service.

BILLING CODE P

DEPARTMENT OF ENERGY

10 CFR Part 430

[EERE-2013-BT-TP-0050]

RIN 1904-AD88

Energy Conservation Program: Test Procedure for Ceiling Fans; Correction

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; correction.

SUMMARY: The U.S. Department of Energy (“DOE”) is correcting a final rule that appeared in the **Federal Register** on August 16, 2022. The document amended test procedures for ceiling fans. This document corrects an amendatory error in that final rule.

DATES: Effective September 15, 2022.

FOR FURTHER INFORMATION CONTACT:

Mr. Jeremy Dommu, U.S. Department of Energy, Office of Energy Efficiency

and Renewable Energy, Building Technologies Office, EE-2J, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (202) 586-9870. Email:

ApplianceStandardsQuestions@ee.doe.gov.

Ms. Amelia Whiting, U.S. Department of Energy, Office of the General Counsel, GC-33, 1000 Independence Avenue SW, Washington, DC 20585-0121.

Telephone: (202) 586-2588. Email: amelia.whiting@hq.doe.gov.

SUPPLEMENTARY INFORMATION:

I. Background

DOE published a final rule in the **Federal Register** on August 16, 2022, amending the test procedure for ceiling fans. 87 FR 50396. This correction addresses a numbering error in that final rule. The instruction amending 10 CFR 430.3(p) states that DOE is “Adding note 1 to paragraph (p).” However, in the amended regulatory text, the added note is written as “Note 2 to paragraph (p).” *Id.* at 50424. This document corrects the regulatory language to read “Note 1 to paragraph (p).”

In final rule FR Doc. 2022-16951, published in the issue of Tuesday, August 16, 2022 (87 FR 50396), the following correction is made:

§ 430.3 [Corrected]

- 1. On page 50424, in the first column, in § 430.3, “Note 2 to paragraph (p)” is corrected to read “Note 1 to paragraph (p)”.

Signing Authority

This document of the Department of Energy was signed on August 19, 2022, by Dr. Geraldine Richmond, Undersecretary for Science and Innovation, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register** Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on August 23, 2022.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.
