

**ADDRESSES:** Submit your comments, referencing Docket ID No. EPA–HQ–OEM–2022–0174, to EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method) or by mail to EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave., NW, Washington, DC 20460, or to OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:**

Wendy Hoffman, Office of Emergency Management, Mail Code 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave, NW, Washington, DC 20460; telephone number: (202) 564–8794; email address: [hoffman.wendy@epa.gov](mailto:hoffman.wendy@epa.gov).

**SUPPLEMENTARY INFORMATION:**

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for

review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

**Abstract:** The statutory authority for this action is provided by section 112(r) of the Clean Air Act (CAA) as amended (42 U.S.C. 7412(r)). Each modification of the RMP rule that EPA proposes in this document is based on EPA's rulemaking authority under CAA section 112(r)(7) (42 U.S.C. 7412(r)(7)). CAA section 307(d) sets out requirements for the content of proposed and final rules, the docket for each rulemaking, opportunities for oral testimony on proposed rulemakings, the length of time for comments, and judicial review. The agencies implementing the Risk Management Program rule use RMPs to evaluate compliance with the Chemical Accident Prevention Provisions in 40 CFR part 68 and to identify sources for inspection that may pose significant risks to the community. Citizens may use the information to assess and address chemical hazards in their communities and to respond appropriately in the event of a release of a regulated substance.

The purpose of this action is to propose changes to the current RMP rule to improve safety at facilities that use and distribute hazardous chemicals. EPA believes that the RMP regulations have been effective in preventing and mitigating chemical accidents in the United States and that the proposed revisions, by giving special consideration to concerns about climate change and environmental justice and building on lessons learned from the current regulatory program, could further protect human health and the environment from chemical hazards through advancement of process safety. These revisions are informed by EPA's review of the current RMP rule and information EPA gathered from public listening sessions held in June and July 2021.

The proposed revisions seek to improve chemical process safety, assist in planning, preparedness, and responding to RMP accidents, and improve public awareness of chemical hazards at regulated sources. To accomplish this, these proposed provisions include several changes to the accident prevention program requirements, enhancements to the emergency preparedness requirements, increased public availability of chemical hazard information, and several other changes to certain regulatory definitions or points of clarification.

**Form Numbers:** None.

**Respondents/affected entities:** The industries that are likely to be affected by the requirements in the proposed regulations fall into numerous North American Industry Classification System (NAICS) categories. The types of facilities affected by the proposed rule range from petroleum refineries and large chemical manufacturers to water and wastewater treatment systems; chemical and petroleum wholesalers and terminals; food manufacturers, packing plants, and other cold storage facilities with ammonia refrigeration systems; agricultural chemical distributors; midstream gas plants; and a limited number of other sources that use RMP-regulated substances.

**Respondent's obligation to respond:** Mandatory (CAA sections 112(r)(7)(B)(i) and (ii), CAA section 112(r)(7)(B)(iii), 114(c), CAA 114(a)(1)).

**Estimated number of respondents:** 14,226.

**Frequency of response:** On occasion.

**Total estimated burden:** 797,642 hours (per year). Burden is defined at 5 CFR 1320.03(b).

**Total estimated cost:** \$79,248,522 (per year); includes \$2,817,907 annual operations and maintenance costs and \$78,400 annual capital costs (per year).

**Changes in estimates:** This a new ICR so there is no change in total estimated burden.

**Request for Nominations of Candidates for the National Environmental Education Advisory Council (NEEAC)**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) or Agency Office of Public Engagement and Environmental Education is soliciting applications for environmental education professionals for consideration to serve on the National Environmental Education Advisory Council (NEEAC). There are multiple vacancies on the Advisory Council that must be filled. Additional avenues and resources may be utilized in the solicitation of applications. "In accordance with Executive Order 14035

(June 25, 2021), EPA values and welcomes opportunities to increase diversity, equity, inclusion and accessibility on its federal advisory committees. EPA's federal advisory committees have a workforce that reflects the diversity of the American people."

**DATES:** Nominations should be submitted by September 19, 2022 per the instructions below.

**FOR FURTHER INFORMATION CONTACT:** Any member of the public wishing further information regarding this Notice and Request for Nominations may contact Mr. Javier Araujo, Designated Federal Officer (DFO), Office of Environmental Education (OEE), by telephone at (202) 441-8981 or via email at [Araujo.javier@epa.gov](mailto:Araujo.javier@epa.gov). General information concerning the NEEAC can be found on the following website: <https://www.epa.gov/education/national-environmental-education-advisory-council-neeac>.

**SUPPLEMENTARY INFORMATION:**

**Background**

The National Environmental Education Act requires that the council be comprised of (11) members appointed by the Administrator of the EPA. Members represent a balance of perspectives, professional qualifications, and experience. The Act specifies that members must represent the following sectors: primary and secondary education (one of whom shall be a classroom teacher), two members; colleges and universities, two members; business and industry, two members; non-profit organizations, two members; state departments of education and natural resources, two members; and one member to represent senior Americans. Members are chosen to represent various geographic regions of the country, and the Council strives for a diverse representation. The professional backgrounds of Council members should include education, science, policy, or other appropriate disciplines. Each member of the Council shall hold office for a one (1) to three (3) year period.

Members are expected to participate in up to two (2) in person meetings per year and monthly or more virtual conference calls per year. *The anticipated time commitment may be between 15 and 40 hours per month.*

Positions on the National Environmental Education Advisory Council (NEEAC) are being offered without compensation. However, if selected, you will be provided with per diem as well as travel expense coverage for in person scheduled meetings.

**Request for Nominations**

The NEEAC staff office seeks candidates with demonstrated experience and or knowledge in any of the following environmental education issue areas: (a) Integrating environmental education into state and local education reform and improvement; (b) state, local and tribal level capacity building for environmental education; (c) cross-sector partnerships to foster environmental education; (d) leveraging resources for environmental education; (e) design and implementation of environmental education research; (f) evaluation methodology; professional development for teachers and other education professionals; and targeting under-represented audiences, including low-income, multi-cultural, senior citizens and other adults. Specific experience in environmental justice and climate change are essential.

**Process and Deadline for Submitting Nominations**

Any interested and qualified individuals may be considered for appointment on the National Environmental Education Advisory Council. In order to apply, the following four items should be submitted in electronic format to the Designated Federal Officer, Javier Araujo, [araujo.javier@epa.gov](mailto:araujo.javier@epa.gov) and contain the following: (1) Contact information including name, address, phone, and an email address (2) a curriculum vitae or resume (3) Please include the specific area of expertise in environmental education and the sector or slot the applicant is applying for in the subject line of your submission (4) A one page commentary on the applicant's philosophy regarding the need for, development, implementation and or management of environmental education.

Nominations should be submitted by September 19, 2022.

Submit nominations electronically to Javier Araujo, Designated Federal Officer, National Environmental Education Advisory Council, U.S. Environmental Protection Agency, email: [araujo.javier@epa.gov](mailto:araujo.javier@epa.gov).

**FOR FURTHER INFORMATION CONTACT:** For information regarding this Request for Nominations, please contact Mr. Javier Araujo, Designated Federal Officer, [araujo.javier@epa.gov](mailto:araujo.javier@epa.gov), 202-441-8981, U.S. EPA, Office of Environmental Education, William Jefferson Clinton North Room 1426, 1200 Pennsylvania Avenue NW, Washington, DC 20460.

General Information concerning NEEAC can be found on the EPA

website at: <https://www.epa.gov/education/national-environmental-education-advisory-council-neeac>.

The short list candidates will be required to fill out the Confidential Disclosure Form for Special Government Employees serving Federal Advisory Committees at the U.S. Environmental Protection Agency. (EPA form 3110-48). This confidential form allows government officials to determine whether there is a statutory conflict between that person's public responsibilities (which include membership on a Federal Advisory Committee) and private interests and activities and the appearance of a lack of impartiality as defined by Federal regulation. The form may be viewed and downloaded from the following URL address: <http://intranet.epa.gov/ogc/ethics/EPA3110-48ver3.pdf>. Please note this form is not an application form.

**Carbon Tetrachloride; Draft Revision to Toxic Substances Control Act (TSCA) Risk Determination; Notice of Availability and Request for Comment**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) is announcing the availability of and requesting public comment on a draft revision to the risk determination for the carbon tetrachloride risk evaluation issued under the Toxic Substances Control Act (TSCA). The draft revision to the carbon tetrachloride risk determination reflects the announced policy changes to ensure the public is protected from unreasonable risks from chemicals in a way that is supported by science and the law. In this draft revision to the risk determination EPA finds that carbon tetrachloride, as a whole chemical substance, presents an unreasonable risk of injury to health when evaluated under its conditions of use. In addition, this draft revised risk determination does not reflect an assumption that all workers always appropriately wear personal protective equipment (PPE). EPA understands that there could be
