

sustained Commerce's final redetermination.¹⁰

Timken Notice

In its decision in *Timken*,¹¹ as clarified by *Diamond Sawblades*,¹² the Court of Appeals for the Federal Circuit held that, pursuant to section 516A(c) and (e) of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of court decision that is not "in harmony" with a Commerce determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's August 24, 2022, judgment constitutes a final decision of the CIT that is not in harmony with Commerce's *Final Results*. Thus, this notice is published in fulfillment of the publication requirements of *Timken*.

Amended Final Results of Review

Because there is now a final court judgment, Commerce is amending its *Final Results* with respect to Hyundai Steel Company and SeAH Steel Corporation as follows:

Company	Margin (percent)
Hyundai Steel Company	12.92
SeAH Steel Corporation	9.77

Cash Deposit Requirements

Because Hyundai Steel Company and SeAH Steel Corporation have a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review, we will not issue revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rate.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries that: (1) were produced by Hyundai Steel Company (also known as Hyundai Steel Corporation and Hyundai Steel and the successor-in-interest to Hyundai HYSCO) and exported by Hyundai Steel Company or Hyundai Corporation, and imported by Hyundai Steel USA, Inc. or Hyundai Corporation

2022), dated August 2, 2022, available at <https://access.trade.gov/Resources/remands/22-67.pdf>. In the *Third Redetermination*, Commerce recalculated the weighted-average dumping margin of Hyundai Steel with no adjustment to account for the PMS. See *Third Redetermination* at 10.

¹⁰ See *Hyundai Steel Company v. United States*, Court No. 18–00154, Slip Op. 22–98 (CIT August 24, 2022).

¹¹ See *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*).

¹² See *Diamond Sawblades Manufacturers Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) (*Diamond Sawblades*).

USA; or (2) were produced and/or exported by SeAH Steel Corporation; and were entered, or withdrawn from warehouse, for consumption during the period November 1, 2015, through October 31, 2016. These entries will remain enjoined pursuant to the terms of the injunctions during the pendency of any appeals process.

In the event the CIT's ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess antidumping duties on unliquidated entries of subject merchandise that: (1) were produced by Hyundai Steel Company (also known as Hyundai Steel Corporation and Hyundai Steel and the successor-in-interest to Hyundai HYSCO) and exported by Hyundai Steel Company or Hyundai Corporation, and imported by Hyundai Steel USA, Inc. or Hyundai Corporation USA; or (2) were produced and/or exported by SeAH Steel Corporation in accordance with 19 CFR 351.212(b). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an import-specific *ad valorem* assessment rate is zero or *de minimis*,¹³ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c) and (e), and 777(i)(1) of the Act.

Dated: August 25, 2022.

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NIST DN–45 Invention Disclosure Form is used to collect information pertaining to inventions created by Federal employees or by non-Federally employed individuals who have created an invention using NIST laboratory facilities as NIST Associates. The collection of this information is required to protect the United States rights to inventions created using Federal resources. The information collected on the form allows the Government to determine: (1) if an invention has been created; (2) the status of any statutory bar that pertains to the potential invention or that may pertain to the invention in the future. The information collected may allow the Government to begin a patent application process.

The Inventor Information Sheet is used to collect from individuals who have been named as potential inventors on a NIST Invention Disclosure Form. The collection of this information is used for multiple purposes:

(1) Some of the information may be required to file a patent application, if NIST seeks to protect a federally owned invention, pursuant to 35 U.S.C. 207.

(2) The form, in part, is a statement made by the respondent declaring whether the respondent considers herself/himself to be an inventor.

(3) Some of the information is needed for NIST to determine potential assignees with which NIST would potentially negotiate consolidation of rights and other patent related matters.

(4) Some of the information helps NIST determine under which statutory authority NIST may consolidate rights in an invention with other potential assignees.

(5) Country citizenship information is required to determine whether a Scientific and Technology agreement or treaty with the respondent's country may impact the U.S. Government's rights to the invention.

The information is collected by the Technology Partnerships Office and shared with the Office of Chief Counsel at NIST. The information may also be shared with non-Governmental entities that may have ownership rights to the potential invention. The Government collects this information to execute the policy and objective of the Congress expressed at 35 U.S.C. 200. 35 U.S.C. 207 authorizes Federal agencies to apply for, obtain, and maintain patents or other forms of protection on inventions in which the Federal Government owns a right, title, or interest. 35 U.S.C. 207 also authorizes each Federal agency to undertake all other suitable and necessary steps to protect and administer rights to federally owned inventions on behalf of the Federal government. The information collected through the NIST DN-45 is necessary for NIST to execute the authority granted at 35 U.S.C. 207.

II. Method of Collection

Information is collected by completing the NIST DN-45 form. The form can be completed either by entering information into a Microsoft Word template, or by entering information via an online portal.
