

Commission must obtain the approval of the State Department and seek advice from other government agencies as appropriate. If the collection is not conducted or is conducted less frequently, applicants will not obtain the authorizations necessary to provide telecommunications services and facilities, and the Commission will be unable to carry out its mandate under the Cable Landing License Act and Executive Order 10530. In addition, without the collection, the United States would jeopardize its ability to fulfill the U.S. obligations as negotiated under the World Trade Organization (WTO) Basic Telecom Agreement because certain of these information collection requirements are imperative to detecting and deterring anticompetitive conduct. They are also necessary to preserve the Executive Branch agencies' and the Commission's ability to review foreign investments for national security, law enforcement, foreign policy, and trade concerns.

OMB Control Number: 3060–1163.

Title: Regulations Applicable to Broadcast, Common Carrier, and Aeronautical Radio Licensees Under Section 310(b) of the Communications Act of 1934, as amended.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 26 respondents; 26 responses.

Estimated Time per Response: 2 hours–46 hours.

Frequency of Response: On-occasion reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C. 151, 152, 154(i), 154(j), 160, 303(r), 309, 310 and 403.

Total Annual Burden: 712 hours.

Total Annual Cost: \$251,210.

Needs and Uses: The Federal Communications Commission (“Commission”) is requesting a three-year extension of OMB Control No. 3060–1163 titled, Regulations Applicable to Broadcast, Common Carrier and Aeronautical Radio Licensees Under Section 310(b)(4) of the Communications Act of 1934, as amended.

Section 310(b)(4) of the Act requires that the Commission pass upon the propriety of foreign ownership of U.S. parent companies that control common carrier and aeronautical radio licensees before such ownership exceeds 25 percent. The Commission's section 310(b)(3) forbearance approach

(applicable to common carrier licensees only) requires that the Commission pass upon the propriety of foreign ownership of common carrier radio licensees before such ownership exceeds 20 percent. The information collection will preserve the Commission's ability to disallow foreign investment that may pose a risk of harm to competition or national security, law enforcement, foreign policy, or trade policy.

If the information collection were not conducted or were conducted less frequently than proposed, the Commission would not be able to carry out its statutory mandate under section 310(b) of the Act, and its section 310(b)(3) forbearance policy, to disallow foreign investment that the Commission finds would be contrary to the U.S. public interest. In particular, the Commission would lack the information it needs to determine whether proposed foreign investment in U.S. broadcast, common carrier, and aeronautical radio licensees may pose a risk of harm to competition or national security, law enforcement, foreign policy, or trade policy.

Federal Communications Commission.

Sheryl Todd,

Deputy Secretary, Office of the Secretary.

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

Hearing Health and Safety

AGENCY: Federal Mine Safety and Health Review Commission.

ACTION: Notice.

SUMMARY: Beginning on January 3, 2022, the Federal Mine Safety and Health Review Commission (the "Commission" or "FMSHRC") resumed in-person hearings in the manner described in an Order dated December 3, 2021, appearing in the **Federal Register** on December 9, 2021, and posted on the Commission's website (www.fmshrc.gov). On July 11, 2022, Commission Chief Administrative Law Judge Glynn F. Voisin issued an order, which modified the December 3 Order. On August 26, 2022, the Chief Judge issued an order further modifying the July 11 order. The August 26 Order is posted on the Commission's website and contains hyperlinks not included within this notice.

DATES: *Applicable:* August 26, 2022.

FOR FURTHER INFORMATION CONTACT: Sarah Stewart, Deputy General Counsel, Office of the General Counsel, Federal Mine Safety and Health Review Commission, at (202) 434-9935.

SUPPLEMENTARY INFORMATION: Federal Mine Safety and Health Review Commission Administrative Law Judges

are committed to a high standard to protect the health and safety of all persons who may appear before them, during the Coronavirus 2019 (COVID-19) pandemic, while continuing the agency's mission. As of January 3, 2022, the Commission resumed in-person hearings as described in an order dated December 3, 2021. On July 11, 2022, the Chief Judge issued an order modifying the December 3 order. On August 26, 2022, the Chief Judge issued an order further modifying the July 11 order. The contents of the August 26 order are set forth in this notice, and for the duration of the August 26 order, all hearings are subject to its terms.

Commission Judges may, at their sole discretion, hold remote hearings (e.g., via Zoom) and in-person hearings. Judges also have the discretion to hold a hybrid hearing, that includes both in-person and video participation. Commission Judges shall exercise this discretion within uniform parameters as set forth herein. Each Judge shall determine (1) when to use remote hearings in lieu of in-person hearings and (2) specific safety procedures to be used at a hybrid or in-person hearing.

In determining the type of hearing, Judges will consider current guidance and safety factors on a case-by-case basis. Judges will ensure all parties appearing pro se who are required to participate in a remote hearing have access to equipment, an internet connection, and other appropriate technology. Prior to conducting an in-person hearing, Judges will schedule a conference call with the attorneys and representatives of each of the parties to discuss, among other things, safety considerations for the in-person hearing. Persons who are not comfortable with travel or appearing in person, may request to attend the hearing via remote access (e.g., via Zoom). Judges may discuss the agency's workplace safety plan that outlines travel guidelines, protocols, and safety measures in conjunction with the CDC Community Levels.

The Judge will set a hearing location after considering CDC Community Levels using the CDC COVID Data Tracker and the safety and health rules currently in place by the state and local public health entities. Where community levels are HIGH, Judges are discouraged from setting in-person hearings. If in-person participants are traveling to attend a hearing, the community levels of where they are traveling from need to be taken into account as well. In choosing a courtroom, the Judge will take into consideration the rules and requirements of the court or hearing

facility, as well as all applicable federal, state, and local regulations and guidelines. If the hearing is to be a hybrid hearing, the Judge will also consider the availability of internet and technology needs in the courtroom.

During the prehearing conference, the Judge will consider federal, state, local and courtroom requirements and inform the parties of such requirements. The requirements apply to all persons attending the in-person hearing. The discussion will also address who may enter the courtroom, when, and what safety measures, such as masks and physical distancing, must be implemented. No person may enter the courtroom, or the witness room without the permission of the Judge.

In addition to any federal, state, local and facility safety and health rules, all persons attending in-person hearings are also subject to the below requirements:

- *FMSHRC employees:*

- All FMSHRC employees must adhere to the agency's workplace safety plan, diagnostic testing policy, and CDC guidance on physical distancing, mask wearing, isolation in the event of symptoms or a positive test result, and official travel requirements.

- *Visitors, Contractors, Non-government Parties, Representatives and Witnesses:*

- Contractors, for purposes of this order, are defined as individuals who have been contracted by FMSHRC to attend an in-person hearing for a specific purpose (e.g., a court reporter creating a transcript).

- Visitors, Contractors, Non-government Parties, Representatives and Witnesses who attend an in-person hearing must adhere to the agency's workplace safety plan and CDC guidance on physical distancing, mask wearing, and isolation in the event of symptoms or a positive test result. When CDC Community Levels are MEDIUM or HIGH, the same individuals must complete the COVID-19 Symptom Screening Tool form before entering a facility where an in-person hearing will be held.

The Judge may consider all factors, in totality, in determining if a remote hearing will be held and who may be present for the hearing. No single factor is dispositive.

These procedures shall remain in place until the August 26 order is vacated or otherwise modified by subsequent order.

(Authority: 30 U.S.C. 823; 29 CFR part 2700)
