

Commission must obtain the approval of the State Department and seek advice from other government agencies as appropriate. If the collection is not conducted or is conducted less frequently, applicants will not obtain the authorizations necessary to provide telecommunications services and facilities, and the Commission will be unable to carry out its mandate under the Cable Landing License Act and Executive Order 10530. In addition, without the collection, the United States would jeopardize its ability to fulfill the U.S. obligations as negotiated under the World Trade Organization (WTO) Basic Telecom Agreement because certain of these information collection requirements are imperative to detecting and deterring anticompetitive conduct. They are also necessary to preserve the Executive Branch agencies' and the Commission's ability to review foreign investments for national security, law enforcement, foreign policy, and trade concerns.

OMB Control Number: 3060–1163.

Title: Regulations Applicable to Broadcast, Common Carrier, and Aeronautical Radio Licensees Under Section 310(b) of the Communications Act of 1934, as amended.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 26 respondents; 26 responses.

Estimated Time per Response: 2 hours–46 hours.

Frequency of Response: On-occasion reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C. 151, 152, 154(i), 154(j), 160, 303(r), 309, 310 and 403.

Total Annual Burden: 712 hours.

Total Annual Cost: \$251,210.

Needs and Uses: The Federal Communications Commission (“Commission”) is requesting a three-year extension of OMB Control No. 3060–1163 titled, Regulations Applicable to Broadcast, Common Carrier and Aeronautical Radio Licensees Under Section 310(b)(4) of the Communications Act of 1934, as amended.

Section 310(b)(4) of the Act requires that the Commission pass upon the propriety of foreign ownership of U.S. parent companies that control common carrier and aeronautical radio licensees before such ownership exceeds 25 percent. The Commission's section 310(b)(3) forbearance approach

(applicable to common carrier licensees only) requires that the Commission pass upon the propriety of foreign ownership of common carrier radio licensees before such ownership exceeds 20 percent. The information collection will preserve the Commission's ability to disallow foreign investment that may pose a risk of harm to competition or national security, law enforcement, foreign policy, or trade policy.

If the information collection were not conducted or were conducted less frequently than proposed, the Commission would not be able to carry out its statutory mandate under section 310(b) of the Act, and its section 310(b)(3) forbearance policy, to disallow foreign investment that the Commission finds would be contrary to the U.S. public interest. In particular, the Commission would lack the information it needs to determine whether proposed foreign investment in U.S. broadcast, common carrier, and aeronautical radio licensees may pose a risk of harm to competition or national security, law enforcement, foreign policy, or trade policy.
