

Final Results of Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated a countervailable subsidy rate for mandatory respondents Jiangsu Alcha and Alcha International. We determined the countervailable subsidy rate for Yinbang Clad based entirely on AFA, in accordance with section 776 of the Act. Because there are no other producers or exporters subject to this review and not selected for individual examination (*i.e.*, non-selected companies), Commerce does not need to establish the rate for non-selected companies in this review.

Commerce determines that, for the period January 1, 2020, through December 31, 2020, the following net countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
Jiangsu Alcha Aluminium Co., Ltd. ⁹ /Alcha International Holdings Limited ¹⁰	17.80
Yinbang Clad Material Co., Ltd	* 252.22

* Rate based on AFA.

Disclosure

Commerce will disclose to the parties in this proceeding the calculations performed for these final results within five days of the date of publication of this notice in the **Federal Register**.¹¹

Assessment Rates

Pursuant to sections 751(a)(1) and (a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise covered by this review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a

statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Instructions

Pursuant to section 751(a)(1) and (a)(2)(C) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for the companies listed above on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. These cash deposit instructions, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

DEPARTMENT OF COMMERCE

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with July anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable September 6, 2022.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with July anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Notice of No Sales

With respect to antidumping administrative reviews, if a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (POR), it must notify Commerce within 30 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at <https://access.trade.gov>, in accordance with 19

CFR 351.303.¹ Such submissions are subject to verification, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy must be served on every party on Commerce's service list.

Respondent Selection

In the event Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POR. We intend to place the CBP data on the record within five days of publication of the initiation notice and to make our decision regarding respondent selection within 35 days of publication of the initiation **Federal Register** notice. Comments regarding the CBP data and respondent selection should be submitted within seven days after the placement of the CBP data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act, the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (e.g., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to this review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such

companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Quantity and Value (Q&V) Questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of this proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of a particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.² Section 773(e) of the Act states that "if a particular market situation exists such that the cost of materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the administering authority may use another calculation methodology under this subtitle or any other calculation methodology." When an interested party submits a PMS allegation pursuant to section 773(e) of the Act, Commerce will respond to such a submission consistent with 19 CFR 351.301(c)(2)(v). If Commerce finds that a PMS exists under section 773(e) of the Act, then it

will modify its dumping calculations appropriately.

Neither section 773(e) of the Act nor 19 CFR 351.301(c)(2)(v) set a deadline for the submission of PMS allegations and supporting factual information. However, in order to administer section 773(e) of the Act, Commerce must receive PMS allegations and supporting factual information with enough time to consider the submission. Thus, should an interested party wish to submit a PMS allegation and supporting new factual information pursuant to section 773(e) of the Act, it must do so no later than 20 days after submission of initial responses to section D of the questionnaire.

Separate Rates

In proceedings involving non-market economy (NME) countries, Commerce begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is Commerce's policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, Commerce analyzes each entity exporting the subject merchandise. In accordance with the separate rates criteria, Commerce assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a Separate Rate Application or Certification, as described below. For these administrative reviews, in order to demonstrate separate rate eligibility, Commerce requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on Commerce's website at <https://enforcement.trade.gov/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the certification, please

² See Trade Preferences Extension Act of 2015, Public Law 114-27, 129 Stat. 362 (2015).

follow the “Instructions for Filing the Certification” in the Separate Rate Certification. Separate Rate Certifications are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding³ should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not

limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,⁴ should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Application will be available on Commerce’s website at <https://enforcement.trade.gov/nme-separate.html> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Application, refer to the instructions contained in the application. Separate Rate Applications are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase

and export subject merchandise to the United States.

Exporters and producers must file a timely Separate Rate Application or Certification if they want to be considered for respondent selection. Furthermore, exporters and producers who submit a Separate Rate Application or Certification and subsequently are selected as mandatory respondents will no longer be eligible for separate rate status unless they respond to all parts of the questionnaire as mandatory respondents.

Initiation of Reviews

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following AD and CVD orders and findings. We intend to issue the final results of these reviews not later than July 31, 2023.

⁵ In the notice of initiation for June anniversary orders, published in the **Federal Register** on August 9, 2022 (87 FR 48459) (*June Initiation Notice*), Commerce inadvertently misspelled the name of this order as “Pressed Concrete Steel Wire Strand.” Commerce hereby corrects the name of the order.

⁶ Stainless steel sheet and strip in coils produced and exported by Inchon Iron & Steel Co., Ltd., were excluded from the order effective June 8, 1999. See *Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Sheet and Strip in Coils from the Republic of Korea*, 64 FR 30664, 30688 (June 8, 1999). On June 28, 2002, Commerce determined that INI Steel Company is the successor-in-interest to Inchon Iron & Steel Co., Ltd. See *Stainless Steel Sheet and Strip in Coils from the Republic of Korea: Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 67 FR 43583 (June 28, 2002). On July 3, 2006, Commerce determined that Hyundai Steel Company is the successor-in-interest to INI Steel Company, formerly Inchon Iron and Steel Co., Ltd. See *Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from the Republic of Korea*, 71 FR 37906 (July 3, 2006). Accordingly, we are initiating this administrative review for Inchon Iron & Steel Co., Ltd. and Hyundai Steel Co. where they are either the producer or exporter of subject merchandise but not both.

⁷ *Id.*

⁸ On December 1, 2011, Commerce revoked the order with respect to Pohang Iron & Steel Co., Ltd. (POSCO). See *Notice of Implementation of Determination Under Section 129 of the Uruguay Round Agreements Act and Revocation of the Antidumping Duty Order on Stainless Steel Plate in Coils from the Republic of Korea; and Partial Revocation of the Antidumping Duty Order on Stainless Steel Sheet and Strip in Coils from the Republic of Korea*, 76 FR 74771, 74772 (December 1, 2011). Accordingly, we are initiating this administrative review for POSCO where it is the exporter or producer of subject merchandise but not both.

⁹ Stainless steel sheet and strip in coils produced and exported by Tung Mung Development Co., Ltd. were excluded from the antidumping duty order on stainless steel sheet and strip in coils from Taiwan, effective October 16, 2002. See *Notice of Amended Final Determination in Accordance with Court Decision of the Antidumping Duty Investigation of Stainless Steel Sheet and Strip in Coils from Taiwan*, 69 FR 67311, 67312 (November 17, 2004). Accordingly, we are initiating this administrative review for Tung Mung Development Co., Ltd. where it was the producer or exporter of subject merchandise but not both.

¹⁰ In the *June Initiation Notice*, Commerce listed Changshan Peer Bearing Co., Ltd. as a company for which we are initiating an administrative review. However, because this company withdrew its request for review before the date of the *June Initiation Notice*, Commerce hereby corrects the inadvertent inclusion of Changshan Peer Bearing Co., Ltd. in that notice.

¹¹ In the notice of initiation for April anniversary orders, published in the **Federal Register** on June 9, 2022 (87 FR 35165) (*April Initiation Notice*), Commerce spelled the name of this company as “ASA Alüminyum Sanayi ve Ticaret A.S.” as a result of the name having been misspelled by the petitioner in its review request. After consulting with the petitioner, Commerce hereby corrects the name of this company. See Memorandum, “Clarification of Certain Companies Requested for Review,” dated August 29, 2022. In addition, the *April Initiation Notice* incorrectly indicated the following companies are a single entity: Assan Alüminyum Sanayi ve Ticaret A.S., Kibar Americas, Inc., and Kibar Dis Ticaret A.S. Commerce has not found these three companies to be a single entity. Finally, Kibar Americas, Inc. is not a foreign producer or exporter and thus the *April Initiation Notice* incorrectly indicated that this company is subject to review.

¹² This company is part of a collapsed entity with Kaptan Metal Dis Ticaret Ve Nakliyat A.S. Commerce is initiating a review of the collapsed entity

¹³ In the *April Initiation Notice*, Commerce inadvertently omitted this company from the list of

Suspension Agreements

None.

Duty Absorption Reviews

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an AD order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether AD duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant

companies for which this administrative review was initiated. Commerce hereby adds this company to the list of initiated companies. In addition, Kibar Americas, Inc. is not a foreign producer or exporter and thus the *April Initiation Notice* incorrectly indicated that this company is subject to review.

“gap” period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce’s regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (*e.g.*, the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Factual Information Requirements

Commerce’s regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,¹⁴ available at www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf, prior to submitting factual information in this segment. Note that Commerce has temporarily modified certain of its requirements for serving documents

¹⁴ See *Certification of Factual Information To Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*); see also the frequently asked questions regarding the *Final Rule*, available at https://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf.

containing business proprietary information, until further notice.¹⁵

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.¹⁶ Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.¹⁷ In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time limits.
