

Water Act (CWA) (87 FR 32021). On June 16 and 17, 2022, the EPA Region 10 held three public hearings. Of the 186 individuals that attended the public hearings 111 provided testimony. On June 30, 2022, the EPA published in the **Federal Register** a Notice of extension of public comment period and public hearing comment period through September 6, 2022 (87 FR 39091). As of August 24, 2022, the EPA Region 10 had received 35,011 comments and expects to receive additional comments through the end of the public comment period.

EPA's regulations require that, within 30 days after the conclusion of public hearings (but not before the end of the comment period), the Regional Administrator either withdraw the 2022 Proposed Determination or prepare a Recommended Determination (40 CFR 231.5(a)). The Regional Administrator may, upon a showing of good cause, extend this time requirement (40 CFR 231.8). At the time the public comment period closes, more than 30 days will have passed since the date of the last public hearing. Accordingly, the EPA finds there is good cause to extend the time period provided in 40 CFR 231.5(a) to either withdraw the 2022 Proposed Determination or to prepare a Recommended Determination until no later than December 2, 2022, to help ensure full consideration of the extensive administrative record including all public comments.

## FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 103359]

### Privacy Act of 1974; Matching Program

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice of a new matching program.

**SUMMARY:** In accordance with the Privacy Act of 1974, as amended ("Privacy Act"), this document announces a new computer matching program the Federal Communications Commission ("FCC" or "Commission" or "Agency") and the Universal Service Administrative Company (USAC) will conduct with the Missouri Department of Social Services. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of Lifeline, and the Affordable Connectivity Program (ACP), both of which are administered by USAC under the direction of the FCC. More information about these programs is provided in the **SUPPLEMENTARY INFORMATION** section below.

**DATES:** Written comments are due on or before October 6, 2022. This computer matching program will commence on October 6, 2022, and will conclude 18 months after the effective date.

**ADDRESSES:** Send comments to Elliot S. Tarloff, FCC, 45 L Street NE, Washington, DC 20554, or to [Privacy@fcc.gov](mailto:Privacy@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** Elliot S. Tarloff at 202-418-0886 or [Privacy@fcc.gov](mailto:Privacy@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs.

In the Consolidated Appropriations Act, 2021, Public Law 116-260, 134 Stat. 1182, 2129-36 (2020), Congress created the Emergency Broadband Benefit Program (EBBP), and directed use of the National Verifier to determine eligibility based on various criteria, including the qualifications for Lifeline (Medicaid, SNAP, etc.). EBBP provided \$3.2 billion in monthly consumer discounts for broadband service and one-time provider reimbursement for a connected device (laptop, desktop computer, or tablet). In the Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52), Congress modified and extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016 (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by determining whether they receive SNAP and Medicaid benefits administered by

the Missouri Department of Social Services.

### Participating Agencies

Missouri Department of Social Services.

### Authority for Conducting the Matching Program

The authority for the FCC's ACP is Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52); 47 CFR part 54. The authority for the FCC's Lifeline program is 47 U.S.C. 254; 47 CFR 54.400 through 54.423; Lifeline and Link Up Reform and Modernization, *et al.*, Third Report and Order, Further Report and Order, and Order on Reconsideration, 31 FCC Rcd 3962, 4006-21, paras. 126-66 (2016) (2016 Lifeline Modernization Order).

### Purpose(s)

The purpose of this modified matching agreement is to verify the eligibility of applicants and subscribers to Lifeline, as well as to ACP and other Federal programs that use qualification for Lifeline as an eligibility criterion. This new agreement will permit eligibility verification for the Lifeline program and ACP by checking an applicant's/subscriber's participation in SNAP and Medicaid in Missouri. Under FCC rules, consumers receiving these benefits qualify for Lifeline discounts and also for ACP benefits.

### Categories of Individuals

The categories of individuals whose information is involved in the matching program include, but are not limited to, those individuals who have applied for Lifeline and/or ACP benefits; are currently receiving Lifeline and/or ACP benefits; are individuals who enable another individual in their household to qualify for Lifeline and/or ACP benefits; are minors whose status qualifies a parent or guardian for Lifeline and/or ACP benefits; or are individuals who have received Lifeline and/or ACP benefits.

### Categories of Records

The categories of records involved in the matching program include, but are not limited to, the last four digits of the applicant's Social Security Number, date of birth, and first and last name. The National Verifier will transfer these data elements to the Missouri Department of Social Services, which will respond either "yes" or "no" that the individual is enrolled in a qualifying assistance program: SNAP and Medicaid administered by the Missouri Department of Social Services.

### System(s) of Records

The records shared as part of this matching program reside in the Lifeline system of records, FCC/WCB-1, Lifeline, which was published in the **Federal Register** at 86 FR 11526 (Feb. 25, 2021).

The records shared as part of this matching program reside in the ACP system of records, FCC/WCB-3, Affordable Connectivity Program, which was published in the **Federal Register** at 86 FR 71494 (Dec. 16, 2021).
