Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a previously approved collection; *Title of Information Collection:* Annual Notice of Change and Evidence of Coverage for Applicable Integrated Plans in States that Require Integrated Materials; *Use:* CMS requires AIPs to use the approved standardized documents to ensure that correct information is disclosed to current and potential enrollees. Additionally, CMS requires AIPs to submit the completed ANOC and EOC

documents to CMS. CMS stores the completed templates. New and current enrollees can review the ANOC and EOC upon receipt to find plan benefits, premiums and cost sharing for the coming year to be in a better position to make informed and educated plan selections. CMS does not require new and current enrollees to review the documents or use them in any way.

MA organizations with AIPs in States that require these integrated documents upload ANOC and EOC documents into the Health Plan Management System (HPMS) to ensure accuracy and regulatory compliance. Section 422.111(h)(2)(ii) requires that, the ANOC/EOC be available on the website and 422.111(d)(2) requires that the plan send the ANOC to the enrollee in hard copy format, upon request. Section 423.128(d)(2) requires that Part D sponsors post the ANOC and EOC documents on their website and send the ANOC only to enrollees electronically or in hard copy. *Form Number:* CMS–10824 (OMB control number: 0938–New); *Frequency:* Annually; *Affected Public:* Private Sector; Businesses or other for-profits; *Number of Respondents:* 47; *Total Annual Responses:* 47; *Total Annual Hours:* 564. (For policy questions regarding this collection contact Julie Jones at 630–337–5863.)

2. *Type of Information Collection Request:* Extension of a previously approved collection; *Title of Information Collection:* Advance Beneficiary Notice of Noncoverage (ABN); *Use:* The use of the written Advance Beneficiary Notice of Noncoverage (ABN) is to inform Medicare beneficiaries of their liability under specific conditions. This has been available since the "limitation on liability" provisions in section 1879 of the Social Security Act (the Act) were enacted in 1972 (Pub. L. 92–603).

The ABNs are not given every time items and services are delivered. Rather, ABNs are given only when a physician, provider, practitioner, or supplier anticipates that Medicare will not provide payment in specific cases. An ABN may be given, and the beneficiary may subsequently choose not to receive the item or service. An ABN may also be issued because of other applicable statutory requirements other than § 1862(a)(1) such as when a beneficiary wants to obtain an item from a supplier who has not met Medicare supplier number requirements, as listed in section 1834(j)(1) of the Act or when statutory requirements for issuance specific to HHAs are applicable. *Form Number:* CMS–R–131 (OMB control number: 0938–0566); *Frequency:*

Occasionally; *Affected Public*: Private Sector; Businesses or other for-profits, Not-for-profits institutions; *Number of Respondents*: 1,701,558; *Total Annual Responses*: 323,947,630; *Total Annual Hours*: 37,794,970. (For policy questions regarding this collection contact Jennifer McCormick at 410-786-2852.)

3. *Type of Information Collection Request*: Extension of a currently approved collection; *Title of Information Collection*: Medical Necessity and Contract Amendments Under Mental Health Parity; *Use*: Upon request, regulated entities must provide a medical necessity disclosure. Receiving this information will enable potential and current enrollees to make more educated decisions given the choices available to them through their plans and may result in better treatment of their mental health or substance use disorder (MH/SUD) conditions. States use the information collected and reported as part of its contracting process with managed care entities, as well as its compliance oversight role. In states where a Medicaid Managed Care Organization (MCO) is responsible for providing the full scope of medical/surgical and MH/SUD services to beneficiaries, the state will review the parity analysis provided by the MCO to confirm that the MCO benefits are in compliance. CMS uses the information collected and reported in an oversight role of State Medicaid managed care programs. *Form Number*: CMS-10556 (OMB control number: 0938-1280); *Frequency*: Once and occasionally; *Affected Public*: Individuals and households, the Private sector, and State, Local, or Tribal Governments; *Number of Respondents*: 71,104,769; *Total Annual Responses*: 426,628; *Total Annual Hours*: 71,294. Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by October 7, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at website address at: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request*: Revision of a currently approved collection; *Title of Information Collection*: Medicare Self-Referral Disclosure Protocol; *Use*: Section 6409 of the ACA requires the Secretary to establish a voluntary self-disclosure process that allows providers of services and suppliers to self-disclose actual or potential violations of section 1877 of the Act.

The SRDP is a voluntary self-disclosure process that allows providers of services and suppliers to disclose actual or potential violations of section 1877 of the Act. For purposes of the SRDP, a person submitting a disclosure to the SRDP will be referred to as a "disclosing party." CMS analyzes the disclosed conduct to determine compliance with section 1877 of the Act and the application of the exceptions to the physician self-referral prohibition.

Specifically, under the proposal a physician practice disclosing group practice noncompliance will submit an SRDP form consisting of the following components: (1) the SRDP Disclosure Form, (2) a single Group Practice Information Form covering all the physicians in the practice who made prohibited referrals to the practice, and (3) a Financial Analysis Worksheet. All other entities will continue to submit disclosures using the SRDP Disclosure Form, separate Physician Information Forms for each physician covered in the self-disclosure, and a Financial Analysis Worksheet. *Form Number*: CMS-10328 (OMB control number: 0938-1106);
