SUPPLEMENTARY INFORMATION:

Titles: Proposed FERC–1001 (Hotline and Helpline Survey) and FERC–1002 (Customer Engagement Management Survey).¹

OMB Control Nos: 1902–TBD.²

Type of Request: Request for proposed new information collections.

Abstract:

Proposed FERC–1001

This proposed survey covers the Office of Public Participation (OPP) helpline, Customer Engagement helpline, Landowner helpline, Alternative Dispute Resolution helpline, Electric Quarterly Report (EQR) helpline, and the Enforcement hotline.³ The contact information voluntarily provided and collected is listed in Attachment A to this notice. FERC collects contact information voluntarily

¹ The proposed surveys will not be published in the **Federal Register** but will be available as part of this notice in the Commission's eLibrary system.

² We anticipate having one OMB Control No. that would include both proposed FERC–1001 and proposed FERC–1002.

³ Proposed FERC–1001 covers five helplines and one hotline: OPP Helpline: 202–502–6595; OPP@ferc.gov; Customer Engagement Helpline: 202–502–8004; 1–866–208–3372; customer@ferc.gov; Landowner Helpline: 1–877–337–2237; fax 202–219–2730; landownerHelp@ferc.gov; Alternative Dispute Resolution (ADR) Helpline: 1–844–238–1560; fax 202–219–2730; ferc.adr@ferc.gov; Electric Quarterly Report (EQR) Helpline: 202–502–8076; eqr@ferc.gov. Enforcement Hotline: 202–502–8390; 1–888–889–8030; fax 202–208–0057; <https://www.ferc.gov/enforcement-legal/enforcement-hotline/contract-hotline-staff-anonymously.hotline@ferc.gov>; <https://www.ferc.gov/enforcement-legal/enforcement-hotline/contract-hotline-staff-anonymously>.

provided by members of the public who contact FERC to obtain assistance with navigating FERC matters. Members of the public typically contact FERC helplines and its Enforcement hotline seeking assistance with understanding specific issues that impact their property and communities, businesses, or marketplace. Other times, members of the public contact FERC seeking to understand how to express their opinions, views, and concerns regarding energy policy developments, energy infrastructure projects, or a specific case pending before FERC.

Members of the public, including company representatives, contact FERC to indicate their interest in obtaining information to facilitate fulfilling their compliance obligations under the Commission’s Electric Quarterly Reports regulations or to seek support or guidance with filing their Electric Quarterly Reports. Further, FERC invites market participants and the general public to contact FERC to report market activities or transactions that may be market manipulation, fraud, an abuse of an affiliate relationship, a tariff violation, a violation of a Commission order, or other possible violation. FERC receives the contact information or specified data to provide customer

service. Data is used to respond to the customer’s question. Data is also used in an aggregated manner to identify areas that require additional explanations from FERC. Staff may use data from its helplines and its hotline to develop Frequently Asked Questions or other educational materials for posting on the FERC website.

Contact information is collected at several intake points including via email, telephone, fax, and/or webform. The FERC website provides a number of web-based forms for the public to request assistance related to specific subjects like landowner and energy company disputes, reporting possible violations of the Commission’s regulations, energy infrastructure compliance concerns, general participation in Commission proceeding inquiries, matters that may benefit from alternative dispute resolution, press and media issues, and Electric Quarterly Reports.

Proposed FERC–1002

This survey covers outreach under Office of Public Participation, Office of External Affairs and Electric Quarterly Report administrators.⁴ FERC proposes to voluntarily collect information on individual or stakeholder interests to

engage with them by providing to the extent possible targeted information consistent with their expressed interest. The list of proposed questions is included in Attachment B of this notice. FERC proposes to voluntarily collect contact information and information about a participant’s subject matter areas of interest, and to keep email distributions to be used to inform interested individuals of technical conferences, workshops, user group meetings, certain proceedings or of press releases or newsletters.

This information collection is needed to conduct customer engagement activities. Customer engagement is needed to further the Commission’s goal of facilitating the public’s understanding of FERC’s work and encouraging their participation in FERC matters. This data will allow FERC to understand which areas of its work are of greater interest to the public and where additional public outreach and educational materials or other resources are needed the most.

*Estimate of Annual Burden*⁵

The following tables set forth the estimated annual burden and cost⁶ for the information collections:

**ESTIMATED ANNUAL AVERAGES FOR PROPOSED FERC–1001 AND FERC–1002
ESTIMATED ANNUAL BURDEN HOURS FOR FERC–1001**

Line	Number of respondents (1)	Number of responses per respondent (2)	Total number of responses (1) × (2) = (3)	Average burden hours per response (4)	Total annual burden hours (3) × (4) = (5)

⁴ Proposed FERC–1002 covers 3 areas of outreach for customer engagement (a) from the Office of Public Participation: Subscribe for Updates From the Office of Public Participation | Federal Energy Regulatory Commission ([ferc.gov](https://www.ferc.gov)): FERC Insight Newsletter | Federal Energy Regulatory Commission (<https://www.ferc.gov/office-of-public-participation-subscribe>) and (b) for the Electric Quarterly Report

users: Join Our EQR Contact List | Federal Energy Regulatory Commission ([ferc.gov](https://www.ferc.gov)) (<https://www.ferc.gov/join-our-eqr-contact-list>).

⁵ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further

explanation of what is included in the information collection burden, see 5 CFR 1320.3.

⁶ Commission staff believes the FERC average wages plus benefits are a reasonable approximation of the cost for industry and public respondents. Therefore we are using the 2022 FERC average cost for wages plus benefits (\$91.00 (rounded) per hour or \$188,922 (rounded) per year).

ESTIMATED ANNUAL COST FOR FERC-1001—Continued

Line	Total number of responses (3)	Average burden hours per response (4)	Loaded cost per hour (6)	Average cost per response (4) × (6) = (7)	Total annual cost (3) × (7) = (8)

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2100-185]

California Department of Water Resources; Notice of Availability of Final Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for an amendment of the license for the Feather River Hydroelectric Project, located on the Feather River in Butte County, and has prepared a final Environmental Assessment (FEA) for the project. The project occupies federal lands administered by the U.S. Forest Service and U.S. Bureau of Land Management.

The FEA contains the staff's analysis of the environmental effects of the proposed amendment and concludes that approving the amendment would

not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, (202) 502-8659.
