

(a) The equipment will be examined at least weekly by a qualified person according to 30 CFR 75.512–2. Examination results will be recorded weekly and may be expunged after 1 year.

(b) The petitioner will comply with 30 CFR 75.320.

(c) A qualified person under 30 CFR 75.151 will monitor for methane as is required by the standard in the affected area of the mine.

(d) When not in operation, batteries for the PAPR will be charged on the surface or underground in intake air and in return air outby the last open crosscut.

(e) The following battery charging products will be used: PAF–0066, PAF–1100.

(f) Qualified miners will receive training regarding how to safely use, care for, and inspect the PAPR, and on the Decision and Order before using equipment in the relevant part of the mine.

(g) A record of the training will be kept and available upon request.

The petitioner asserts that the alternative method proposed will at all times guarantee no less than the same measure of protection afforded the miners under the mandatory standard.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–95654; File No. SR–ICC–2022–012]

### Self-Regulatory Organizations; ICE Clear Credit LLC; Order Approving Proposed Rule Change Relating to the Clearing Rules

September 1, 2022.

#### I. Introduction

On July 19, 2022, ICE Clear Credit LLC (“ICE Clear Credit” or “ICC”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> a proposed rule change to amend its Rules to permit it to take advantage of certain settlement finality protections under applicable United Kingdom (“UK”) and European Union (“EU”) law. The proposed rule change was published for comment in the **Federal Register** on July 29, 2022.<sup>3</sup> The Commission did not receive comments regarding the proposed rule change. For the reasons discussed below, the Commission is approving the proposed rule change.

#### II. Description of the Proposed Rule Change

##### A. Background

The EU Settlement Finality Directive<sup>4</sup> introduced various insolvency-related protections in relation to “designated systems” used by EU participants to transfer financial instruments and payments, and participation in those systems. The Settlement Finality Directive aims to ensure that as a matter of EU member state laws, transfer orders which enter into such systems are finally settled, regardless of whether the sending participant has gone into an insolvency process. Transfer orders for this purpose include instructions to make cash payments (including margin payments) and instructions to transfer securities (including as margin or in physical settlement of a cleared transaction, if applicable). Under the Settlement Finality Directive, transfer orders and related netting arrangements are enforceable, even in the event of insolvency proceedings against a participant, provided that the transfer
