

- up to 147 WTG monopile foundations which would not exceed 11-meters (m) in diameter would be installed using impact hammers with energy level not to exceed 5,225 kiloJoules (kJ). Impact driving would not occur from January 1 through April 30 over the course of 2 years. In addition, impact pile driving would not occur from December 1 through December 31, unless unanticipated delays due to weather or technical problems arise that necessitate extending pile driving into December;

- two OSS jacket foundations with up to 12 2.5 m (8.2 ft)-diameter pin piles would be installed over 2 years using impact hammers with energy levels not to exceed 3,200 kJ. Impact driving of pin piles would be subject to the same work window restrictions as the WTG monopile foundations;

- installation and removal of up to 5 temporary cofferdams or 6–10 goal posts would occur over 2 years via vibratory driving at the exit points of the long-distance horizontal directional drilling (HDD) at each export cable landfall. Up to 60 sheet piles would be required per cofferdam and installation and removal of each cofferdam would require 6 days;

- using HRG equipment to survey approximately 103,475 (km) over 5 years (177.792 km/day × 582 vessel days between 2024–2028).

Empire has indicated that these are the most accurate estimates for the durations of each planned activity, but that the schedule may shift over the course of the Project due to weather, mechanical, or other related delays.

Information Solicited

Interested persons may submit information, suggestions, and comments concerning Empire's request (see **ADDRESSES**). NMFS will consider all information, suggestions, and comments related to the request during the development of proposed regulations governing the incidental taking of marine mammals by Empire, if appropriate.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to the Procurement List.

SUMMARY: This action adds service(s) to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

DATES: *Date added to and deleted from the Procurement List:* October 9, 2022.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 355 E Street SW, Washington, DC 20024.

FOR FURTHER INFORMATION CONTACT: Michael R. Jurkowski, Telephone: (703) 785–6404, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Additions

On 617/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51–2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product(s) and service(s) and impact of the additions on the current or most recent contractors, the Committee has determined that the product(s) and service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a

substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.

2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service(s) are added to the Procurement List:

Service(s)

Service Type: Facility Support Services
Mandatory for: DHS, Transportation Security Administration Headquarters, Springfield, VA (for TSA Headquarters Customer Service Team Requirements)
Mandatory Source of Supply: Didlake, Inc., Manassas, VA

Contracting Activity: TRANSPORTATION SECURITY ADMINISTRATION, WEO

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the Facility Support Services, DHS, TSA HQ, Springfield, VA (for TSA Headquarters Customer Service Team Requirements) contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the Transportation Security Administration will refer its business elsewhere, this addition must be effective on September 30, 2022, ensuring timely execution for an October 1, 2022 start date while still allowing 22 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been in contact with one of the affected parties, the incumbent of the expiring contract, since March 2022 and determined that no severe adverse impact exists. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on June 17, 2022 and did not receive any comments from any interested persons, including from the

incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Michael R. Jurkowski,

Acting Director, Business Operations.

SUPPLEMENTARY INFORMATION:

Title of Collection: Disclosure Requirements for Depository Institutions Lacking Federal Deposit Insurance (Regulation I).

OMB Control Number: 3170–0062.

Type of Review: Extension without change of a currently approved collection.

Affected Public: Private sector: businesses or other for-profits; not-for-profits institutions.

Estimated Number of Respondents: 167.

Estimated Total Annual Burden Hours: 4,609.

Abstract: Regulation I, 12 CFR part 1009, applies to all depository institutions lacking Federal deposit insurance. It requires the disclosure of certain insurance-related information in periodic statements, account records, locations where deposits are normally received, and advertising. This part also requires such depository institutions to obtain a written acknowledgment from depositors regarding the institution's lack of Federal deposit insurance. This is a routine request for OMB to renew its approval of the collections of information currently approved under this OMB control number. The Bureau is not proposing any new or revised collections of information pursuant to this request.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques
