Poultry Growing Tournament Systems: Fairness and Related Concerns

AGENCY: Agricultural Marketing Service, U.S. Department of Agriculture.

ACTION: Advance notice of proposed rulemaking; reopening of comment period.

SUMMARY: The Agricultural Marketing Service (AMS) is providing additional time for the public to submit comments and information that will inform policy development and future rulemaking proposals regarding the use of poultry grower ranking systems commonly known as tournaments in contract poultry production. AMS seeks this input in response to numerous complaints from poultry growers about the use of tournament systems. Comments in response to this request would help AMS tailor further rulemaking in addition to that already planned and under way to address specific industry practices in relation to tournament systems.

DATES: The comment period for the notice originally published on June 8, 2022, at 87 FR 34814, is reopened. Comments must be submitted on or before September 26, 2022.

ADDRESSES: Comments can be submitted by either of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov>. Enter AMS-FTPP-22-0046 in the Search field. Select the Documents tab, then select the Comment button in the list of documents.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. AMS-FTPP-22-0046, S. Brett Offutt, Chief Legal Officer, Packers and Stockyards Division, USDA, AMS, FTTPP; Room 2097-S, Mail Stop 3601,

FOR FURTHER INFORMATION CONTACT: S. Brett Offutt, Chief Legal Officer/Policy Advisor, Packers and Stockyards Division, USDA AMS Fair Trade Practices Program, 1400 Independence Ave. SW, Washington, DC 20250; Phone: (202) 690-4355; or Email: s.brett.offutt@usda.gov.

SUPPLEMENTARY INFORMATION: A notice published in the *Federal Register* on June 8, 2022 (87 FR 34814), requested comments and information from the public to assist AMS in developing policy regarding the use of poultry grower ranking or “tournament” pay systems as a means to determine grower compensation by vertically integrated poultry companies, known as “integrators”. This advance notice of proposed rulemaking (ANPR) established a 90-day comment period, ending September 6, 2022. During the initial comment period, AMS received requests from industry organizations asking for additional time to submit comments, citing the breadth and complexity of the questions and concepts presented for comment.

AMS is now reopening the comment period to encourage additional input on the topics raised by the ANPR. The June 8, 2022, ANPR includes numerous specific questions for commenter consideration. We ask that commenters please fully explain all views and alternative solutions or suggestions, supplying examples and data or other information to support those views where possible.

Associate Administrator, Agricultural Marketing Service.

Airworthiness Directives; General Electric Company Turbofan Engines

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for certain General Electric Company (GE) GE90-90B, GE90-94B, GE90-110B1, and GE90-115B model turbofan engines. This proposed AD was prompted by a manufacturer investigation that revealed that certain high-pressure turbine (HPT) stage 1 disks, HPT stage 2 disks, and stages 7-9 compressor rotor spools were manufactured from powder metal material suspected to contain iron inclusion. This proposed AD would require the replacement of the affected HPT stage 1 disks, HPT stage 2 disks, and stages 7-9 compressor rotor spools. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by October 24, 2022.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to www.regulations.gov. Follow the instructions for submitting comments.

- *Fax:* (202) 493-2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.
