

National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Southwest Research Institute: Cooperative Research Group on Consortium for NASGRO Development and Support (“NASGRO”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Lockheed Martin Corporation, Bethesda, MD; Airbus Canada Limited Partnership, Quebec, CANADA; and The Aerospace Corporation, El Segundo, CA have been added as parties to this venture.

Also, Triumph Aerostructures, LLC, Arlington, TX has withdrawn as a party to this venture.

Additionally, Hamilton Sundstrand Corporation and Goodrich Corporation, both subsidiaries of UTC Aerospace Systems Company, have changed their names to Raytheon Technologies Corporation, Waltham, MA.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and NASGRO intends to file additional written notifications disclosing all changes in membership.

On October 3, 2001, NASGRO filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on January 22, 2002 (67 FR 2910).

## **NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**

[Notice: 22–071]

### **Name of Information Collection: Financial Assistance Awards/Grants and Cooperative Agreements**

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of information collection renewal.

**SUMMARY:** The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

**DATES:** Comments are due by October 12, 2022.

**ADDRESSES:** Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this information collection by selecting “Currently under 30-day Review-Open for Public Comments” or by using the search function.

**FOR FURTHER INFORMATION CONTACT:**

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Bill Edwards-Bodmer, NASA Clearance Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546, 757–864–3292 or [b.edwards-bodmer@nasa.gov](mailto:b.edwards-bodmer@nasa.gov).

**SUPPLEMENTARY INFORMATION:**

#### **I. Abstract**

This is a request to renew OMB control number 2700–0092. This collection is required to ensure proper accounting of Federal funds and property provided under financial assistance awards (grants and cooperative agreements) per 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. 2 CFR 200, subparts A through F, applies to all NASA award recipients except for for-profit organizations. Only subparts A through D of 2 CFR 200 apply to for-profit organizations. Reporting and recordkeeping are prescribed at 2 CFR part 1800—Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards. The requirements in 2 CFR part 1800 are applicable to awards that NASA issues to non-Federal entities, government, for-profit organization, and foreign organizations as allowed by 2 CFR 200.101, Applicability.

#### **II. Methods of Collection**

Grant and cooperative agreement proposals are submitted electronically through the NASA Solicitation and Proposal Integrated Review and Evaluation System (NSPIRES) or *Grants.gov*. The use of these systems reduces the need for proposers to submit multiple copies to the agency. Proposers may submit multiple

proposals and notices of intent to different funding announcements without registering in NSPIRES each time.

#### *Basis of Estimate*

Approximately 7000 NASA financial assistance awards are open at any one time. It is estimated that out of the 9,900 proposals received each year, NASA awards approximately 1,977 new awards. The period of performance for each financial assistance award is usually three to five years. Performance reports are filed annually, and historical records indicate that, on average, 1,625 changes to these reports are submitted annually. The total number of respondents is based on the average number of proposals that are received each year and the average number of active grants and cooperative agreements that are managed each year. The total number of hours spent on each task was estimated through historical records and experience of former recipients. Using past calculations, the total cost was estimated using the average salary (wages and benefits) for a GS–12 step 5.
