A. Overview of Information Collection

Title of Information Collection: Multifamily Accelerated Processing (MAP) Guide.

OMB Approval Number: 2502–0541.

OMB Expiration Date: December 31, 2020.

Type of Request: Revision.

Form Number: Guidebook 4430.G.

Description of the need for the information and proposed use: Multifamily Accelerated Processing (MAP) is designed to establish uniform national standards for Federal Housing Administration (FHA) approved lenders to prepare, process and submit loan applications for FHA multifamily mortgage insurance. The MAP Guide provides—in one volume with appendices—guidance for HUD staff, lenders, third party consultants, borrowers, and other industry participants. Topics include mortgage insurance program descriptions, borrower and lender eligibility requirements, application requirements, underwriting standards for all technical disciplines and construction loan administration requirements. The MAP Guide applies only to FHA multifamily mortgage insurance programs. Except to the extent lender monitoring or enforcement activities overlap, Section 232 and other programs administered by the Office of Healthcare Programs are not addressed by the MAP Guide.

The Guide has been updated to reflect various organizational, policy and processing changes implemented since the last edition was published in 2016. Examples include electronic submission

of data in a standardized format, the consolidation of HUD Field Offices to Regional Centers and Satellite Offices, workload sharing, and a “risk-based” underwriting approach. The goal of MAP is to provide a consistent, expedited mortgage insurance application process at each HUD Multifamily Regional Center or Satellite Office. All MAP eligible projects must be submitted using MAP processing unless a waiver is granted to process under Traditional Application Processing (TAP). Such waiver approval authority is retained by HUD Headquarters’ Director of Multifamily Production. Additionally, two new chapters were added to this edition of the Guide: The “*Water and Energy Conservation*” chapter and the “*Closing Guide*”.

Respondents: FHA Approved MAP Lenders.

Estimated Number of Respondents: 86.

Estimated Number of Responses: 344.

Frequency of Response: 1.

Average Hours per Response: 30 hours [121 hrs/4 = 30.25 hrs].
