[Project No. 14513–003]

Idaho Irrigation District; New Sweden Irrigation District; Notice of Availability of Draft Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for original license for the County Line Road Hydroelectric Project, located on the Snake River in Bonneville and Jefferson Counties, Idaho, and has prepared a Draft Environmental Assessment (DEA) for the project. No federal land would be occupied by project works or located within the proposed project boundary.

The DEA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The number of pages in the DEA exceeds the page limits set forth in the Council on Environmental Quality's July 16, 2020 final rule, *Update to the Regulations Implementing the Procedural Provisions of the National Environmental Policy Act* (85 FR 43304). Noting the scope and complexity of the proposed action and action alternatives, the Director of the Office of Energy Projects, as our senior agency official, has authorized this page limit exceedance for the DEA.

The Commission provides all interested persons with an opportunity to view and/or print the DEA via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. Transcontinental Gas Pipe Line Company, LLC; Notice Granting Interventions

On April 9, 2021, the Commission issued notice of Transcontinental Gas Pipe Line Company, LLC's (Transco) application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity to construct and operate the Regional Energy Access Expansion Project. The notice established April 30, 2021, as the deadline for filing motions to intervene.

On March 2, 2022, the Commission issued the *Notice of Availability of the Draft Environmental Impact Statement* for the project and opened a new intervention and comment period ending on April 25, 2022. Pursuant to the Commission's regulations, any person may file to intervene on environmental grounds based on the draft EIS and such intervention will be deemed timely if filed within the draft EIS comment period.¹

On April 25, 2022, the New Jersey League of Conservation Voters filed timely, doc-less motions to intervene noting multiple environmental concerns regarding the project. On April 25, 2022, the New Jersey Conservation Foundation filed a timely motion to intervene environmental concerns regarding the project's GHG emissions and proximity to environmental justice communities. Transco opposes these motions for failing to show "good cause" by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent.²

Pursuant to Rule 214(c)(2) of the Commission's Rules of Practice and

¹ 18 CFR 157.10(a)(2) (2021) (providing that "any person may file to intervene on environmental grounds based on the draft environmental impact"); *id.* at § 380.10(a)(1)(i) (allowing any person to file a motion to intervene on the basis of a draft environmental impact statement).

² Transco May 10, 2022 Answer Opposing Motions to Intervene in Docket No. CP21-94.

Procedure,³ if an answer in opposition to a timely motion to intervene is filed within 15 days after the motion to intervene is filed, the movant becomes a party only when the motion is expressly granted. Because both New Jersey League of Conservation Voters and the New Jersey Conservation Foundation demonstrated that they represent interests that may be affected by the outcome of this proceeding and identified environmental grounds for their interventions, their motions to intervene are granted.
