The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P-2955-011.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. The City of Watervliet filed the Settlement Agreement on behalf of itself, the U.S. Fish and Wildlife Service, the New York State Department of Environmental Conservation, and the Town of Guilderland. The purpose of the Settlement Agreement is to resolve, among the signatories, issues related to

operational, fisheries, wildlife, water quality, and recreation resources associated with issuance of a subsequent license and water quality certification for the project. Specifically, the Settlement Agreement includes proposed protection, mitigation, and enhancements measures to address eel passage, streamflow and water level monitoring, water quality management, bat and eagle protection, invasive species management, and recreation. The City of Watervliet states that the terms of the Settlement Agreement are an integrated and individual set of measures intended to address and balance non-power and power values relating to the project and requests that the Commission approve the Settlement Agreement and incorporate the proposed measures set forth in section 3 into any subsequent license issued.

1. A copy of the settlement agreement may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, excluding the last three digits, in the docket number field to access the document (*i.e.*, P-2955). At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. [Project No. 14797–001]

#### California Department of Water Resources; Notice of Intent To Prepare an Environmental Assessment

On November 20, 2019, the California Department of Water Resources (California DWR) filed an application for a new major license for the existing 279.7-megawatt Devil Canyon Project (FERC No. 14797).<sup>1</sup> The Devil Canyon Project is part of a larger water storage and delivery system, the State Water Project (SWP). The Devil Canyon Project is located along the East Branch of the SWP Aqueduct, in San Bernardino County, California. The project occupies 220.98 acres of federal lands administered by the U.S. Forest Service, as part of the San Bernardino National Forest.

In accordance with the Commission's regulations, on June 15, 2021, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore,

<sup>1</sup> The proposed Devil Canyon Project is currently licensed as part of the South SWP Hydropower Project (FERC No. 2426). California DWR proposes to relicense the Devil Canyon Project separately.

staff intends to prepare a draft and final Environmental Assessment (EA) on the application to license the Devil Canyon Project.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target Date
Commission issues draft EA ....	April 2023.
Comments on draft EA .....	May 2023.
Commission issues final EA .....	July 2023. <sup>2</sup>

Any questions regarding this notice may be directed to Quinn Emmering, the Commission's project coordinator for licensing the Devil Canyon Project, at (202) 502–6382 or at [quinn.emmering@ferc.gov](mailto:quinn.emmering@ferc.gov).
