DEPARTMENT OF EDUCATION

[Docket No.: ED-2022-SCC-0115]

Agency Information Collection Activities; Comment Request; Ronald E. McNair Postbaccalaureate Achievement Program Annual Performance Report

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension without change of a currently approved collection.

DATES: Interested persons are invited to submit comments on or before November 21, 2022.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <https://www.regulations.gov> by searching the Docket ID number ED-2022-SCC-0115. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <https://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](https://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave SW, LBJ, Room 6W208D, Washington, DC 20202-8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection

activities, please contact Carmen Gordon, 202-453-7311.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Ronald E. McNair Postbaccalaureate Achievement Program Annual Performance Report.

OMB Control Number: 1840-0640.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 187.

Total Estimated Number of Annual Burden Hours: 2,057.

Abstract: Ronald E. McNair Postbaccalaureate Achievement (McNair) Program grantees must submit the Annual Performance Report each year. The reports are used to evaluate grantees' performance for substantial progress, respond to the Government Performance and Results Act (GPRA), and award prior experience points at the end of each project (budget) period. The Department also aggregates the data to provide descriptive information on the projects and to analyze the impact of the McNair Program on the academic progress of participating students.

Dated: September 15, 2022.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10185-01-R9]

Revision of Approved State Primacy Program for the State of Arizona

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of approval.

SUMMARY: Notice is hereby given that the State of Arizona revised its approved State primacy program under the federal Safe Drinking Water Act (SDWA) by adopting regulations that effectuate the federal Filter Backwash Recycling Rule (FBRR), Ground Water Rule (GWR), and Radionuclides Rule. The Environmental Protection Agency (EPA) has determined that Arizona's revision request meets the applicable SDWA program revision requirements and the regulations adopted by Arizona are no less stringent than the corresponding federal regulations. Therefore, EPA approves this revision to Arizona's approved State primacy program. However, this determination on Arizona's request for approval of a program revision shall take effect in accordance with the procedures described below in the **SUPPLEMENTARY INFORMATION** section of this notice after the opportunity to request a public hearing.

DATES: A request for a public hearing must be received or postmarked before October 20, 2022.

ADDRESSES: Documents relating to this determination that were submitted by Arizona as part of its program revision request are available for public inspection online <https://azdeq.gov/notices>. In addition, these documents are available by appointment between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday at the following address: Records Center, 1110 W Washington Street, Phoenix, Arizona 85007.

FOR FURTHER INFORMATION CONTACT: Daria Evans-Walker, EPA Region 9, Drinking Water Section; via telephone at (415) 972-3451 or via email address at Evans-Walker.Daria@epa.gov.

SUPPLEMENTARY INFORMATION:

Background. EPA approved Arizona's initial application for primary enforcement authority ("primacy") of drinking water systems on August 25, 1978 (43 FR 38083). Since initial primacy approval, EPA has approved various revisions to Arizona's primacy program. For the revision covered by this action, EPA promulgated the FBRR at 40 CFR 141.76 on June 8, 2001. The FBRR reduces the opportunity for recycle practices to adversely affect the performance of drinking water treatment plants and to help prevent microbial contaminants from passing through treatment systems and into finished drinking water. EPA promulgated the GWR on November 8, 2006 (71 FR 65574). The GWR provides protection against microbial pathogens in public water systems using ground water sources. EPA promulgated National Interim Primary Drinking Water Regulations (NIPDWRs) for radioactivity in drinking water on July 9, 1976. The 1986 amendments to the Safe Drinking Water Act finalized NIPDWRs and required EPA to promulgate maximum contaminant limit goals and National Primary Drinking Water Regulations for the radionuclides, radon and uranium. On December 7, 2000, EPA revised the Radionuclides Rule which modified the monitoring provisions for community water systems and established a new drinking water standard for uranium and new analytical methods (65 FR 76708). The FBRR reduces the opportunity for recycle practices to adversely affect the performance of drinking water treatment plants and to help prevent microbial contaminants from passing through treatment systems and into finished drinking water. EPA promulgated the GWR on November 8, 2006 (71 FR 65574). The GWR provides protection against microbial pathogens in public water systems using ground water sources. EPA promulgated National Interim Primary Drinking Water Regulations (NIPDWRs) for radioactivity in drinking water on July 9, 1976. The 1986 amendments to the Safe Drinking Water Act finalized NIPDWRs and required EPA to promulgate maximum contaminant limit goals and National Primary Drinking Water Regulations for the radionuclides, radon and uranium. On December 7, 2000, EPA revised the Radionuclides Rule which modified the monitoring provisions for community water systems and established a new drinking water standard for uranium and new analytical methods (65 FR 76708). EPA has determined that Arizona has adopted into state law FBRR, GWR and Radionuclides Rule
