Coast Guard

[Docket No. USCG-2022-0345]

Certificate of Alternative Compliance for the GUNDERSON MARINE OIL SPILL RECOVERY BARGE (OSRB–5), HULL NO 129

AGENCY: Coast Guard, DHS. **ACTION:** Notification of issuance of a certificate of alternative compliance.

SUMMARY: The Coast Guard announces that the Chief, Prevention Division, Thirteenth Coast Guard District has issued a certificate of alternative compliance from the International **Regulations for Preventing Collisions at** Sea, 1972 (72 COLREGS), for the GUNDERSON MARINE OSRB-5, HULL NO 129. We are issuing this notification because its publication is required by statute. Due to the construction and placement of the sidelights GUNDERSON MARINE OSRB-5, HULL NO 129 cannot fully comply with the light, shape, or sound signal provisions of the 72 COLREGS without interfering with the vessel's design and construction. This notification of issuance of a certificate of alternative compliance promotes the Coast Guard's marine safety mission.

DATES: The certificate of alternative compliance was issued on August 10, 2022.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or email Ms. Jill L. Lazo, Thirteenth District, U.S. Coast Guard; telephone 206–220–7232, email *Jill.L.Lazo@uscg.mil.*

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, or sound signal provisions of the 72 COLREGS. Under statutory law, however, specified 72 COLREGS provisions are not applicable to a vessel of special construction or purpose if the Coast Guard determines that the vessel cannot comply fully with those requirements without interfering with the special function of the vessel.¹

The owner, builder, operator, or agent of a special construction or purpose vessel may apply to the Coast Guard District Office in which the vessel is being built or operated for a determination that compliance with alternative requirements is justified,² and the Chief of the Prevention Division would then issue the applicant a certificate of alternative compliance (COAC) if he or she determines that the vessel cannot comply fully with 72 COLREGS light, shape, and sound signal provisions without interference with the vessel's special function.³ If the Coast Guard issues a COAC, it must publish notice of this action in the Federal **Register**.⁴

The Chief, Prevention Division, Thirteenth Coast Guard District, certifies that GUNDERSON MARINE OSRB–5, HULL NO 129 is a barge of special

construction or purpose, and that, with respect to the position of the sidelights, it is not possible to comply fully with the requirements of the provisions enumerated in the 72 COLREGS, without interfering with the normal operation, construction, or design of the vessel. The unique design of the vessel did not lend itself to full compliance with Annex I Part 3 (b), of the 72 COLREGS, 33 CFR 83.21(b), and 84.03(b) of the International Navigational Rules. The Chief, Prevention Division, Thirteenth Coast Guard District further finds and certifies that the sidelights, are in the closest possible compliance with the applicable provisions of the 72 COLREGS.⁵

This document is issued under authority of 33 U.S.C. 1605(c) and 33 CFR 81.18.

Dated: September 13, 2022.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85–93, published in the **Federal Register** on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of customs duties must be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Section 6621 provides different interest rates applicable to overpayments: one for corporations and one for noncorporations.

The interest rates are based on the Federal short-term rate and determined by the Internal Revenue Service (IRS) on behalf of the Secretary of the Treasury on a quarterly basis. The rates effective for a quarter are determined during the first-month period of the previous quarter.

In Revenue Ruling 2022-15, the IRS determined the rates of interest for the calendar quarter beginning October 1, 2022, and ending on December 31, 2022. The interest rate paid to the Treasury for underpayments will be the Federal short-term rate (3%) plus three percentage points $(3\hat{\%})$ for a total of six percent (6%) for both corporations and non-corporations. For corporate overpayments, the rate is the Federal short-term rate (3%) plus two percentage points $(2\hat{\%})$ for a total of five percent (5%). For overpayments made by non-corporations, the rate is the Federal short-term rate (3%) plus three percentage points (3%) for a total of six percent (6%). These interest rates used to calculate interest on overdue accounts (underpayments) and refunds (overpayments) of customs duties are increased from the previous quarter. These interest rates are subject to change for the calendar quarter beginning January 1, 2023, and ending on March 31, 2023.

For the convenience of the importing public and U.S. Customs and Border Protection personnel, the following list of IRS interest rates used, covering the period from July of 1974 to date, to calculate interest on overdue accounts and refunds of customs duties, is published in summary format.
