SUPPLEMENTARY INFORMATION:

Background

On June 6, 2022, Commerce published the *Preliminary Results*.¹ We invited interested parties to comment on the *Preliminary Results*.² This review covers only one respondent, Toyo Kohan. No interested party submitted comments on the *Preliminary Results*. Accordingly, the final results remain unchanged from the *Preliminary Results*. Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

¹ See *Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products From Japan: Preliminary Results of Antidumping Duty Administrative Review; 2020-2021*, 87 FR 34253 (June 6, 2022) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² *Id.*

Scope of the Order³

The diffusion-annealed, nickel-plated flat-rolled steel products included in this order are flat-rolled, cold-reduced steel products, regardless of chemistry; whether or not in coils; either plated or coated with nickel or nickel-based alloys and subsequently annealed (*i.e.*, "diffusion-annealed"); whether or not painted, varnished or coated with plastics or other metallic or nonmetallic substances; and less than or equal to 2.0 mm in nominal thickness. For purposes of this order, "nickel-based alloys" include all nickel alloys with other metals in which nickel accounts for at least 80 percent of the alloy by volume.

Imports of merchandise included in the scope of this order are classified primarily under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7212.50.0000 and 7210.90.6000, but may also be classified under HTSUS subheadings 7210.70.6090, 7212.40.1000, 7212.40.5000, 7219.90.0020, 7219.90.0025, 7219.90.0060, 7219.90.0080, 7220.90.0010, 7220.90.0015, 7225.99.0090, or 7226.99.0180. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Final Results of the Review

We determine that the following weighted-average dumping margin exists for the respondent for the POR, May 1, 2020, through April 30, 2021:

Exporter or producer	Weighted-average dumping margin (percent)
Toyo Kohan Co., Ltd	1.92

Disclosure and Public Comment

As noted above, Commerce received no comments on its *Preliminary Results*. As a result, we have not modified our analysis, and will not issue a decision memorandum to accompany this **Federal Register** notice. Further, because we have not changed our calculations since the *Preliminary Results*, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results. We are adopting the *Preliminary Results* as the final results.

³ See *Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products From Japan: Antidumping Duty Order*, 79 FR 30816 (May 29, 2014) (*Order*).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. We will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of the importer's sales in accordance with 19 CFR 351.212(b)(1).

Where the respondent's weighted-average dumping margin is either zero or *de minimis* within the meaning of 19 CFR 351.106(c), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "reseller policy" will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁴

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to each company's weighted-average dumping margin established in the final results of

this administrative review (except if that rate is *de minimis*, in which situation the cash deposit rate will be zero); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior complete segment of this proceeding, the cash deposit rate will be the company-specific rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 45.42 percent,⁵ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 14, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.
